# 1.0 Description of the Procedure, Product, or Service

Obstetrics is a branch of medical science that deals with maternity care, including antepartum care, labor and delivery, and postpartum care. Standards of care are published by the American College of Obstetricians and Gynecologists (ACOG), Centers for Disease Control (CDC), and the American College of Nurse Midwifery (ACNM) for the perinatal care of the mother.

Information on services provided in clinical coverage policy 1E-6, *Pregnancy Medical Home (PMH)* can be found at <u>https://medicaid.ncdhhs.gov/</u>.

# 1.1 Definitions

None Apply.

# 2.0 Eligible Beneficiaries

# 2.1 General Provisions

Medicaid beneficiaries may have service restrictions due to their eligibility category that would make them ineligible for this service.

# 2.1.1 Regular Medicaid

Female beneficiaries in this eligibility category are eligible for antepartum, labor and delivery, and postpartum care.

# 2.1.2 Medicaid for Pregnant Women

Female beneficiaries of all ages with Medicaid for Pregnant Women (MPW) coverage are eligible for pregnancy-related antepartum, labor and delivery, and postpartum care as well as services for conditions that—in the judgment of their physician—may complicate pregnancy. Conditions that may complicate the pregnancy can be further defined as any condition that may be problematic or

detrimental to the well-being or health of the mother or the unborn fetus such as undiagnosed syncope, excessive nausea and vomiting, anemia, and dental abscesses (This list is not all-inclusive.). The eligibility period for MPW coverage ends on the last day of the month in which the 60th postpartum day occurs [42 CFR 447.53(b)(2)].

Refer to **Subsection 5.1** for information on referring MPW beneficiaries for nonobstetrical pregnancy-related treatment services.

#### 2.1.3 Undocumented Aliens

Undocumented aliens are eligible only for emergency medical services [42 CFR 440.255(c)], which includes labor and vaginal or cesarean section (C-section) delivery as defined in 10A NCAC 21B .0302. Services are authorized only for actual dates that the emergency services were provided.

**Note:** The local department of social services in the county where the alien resides determines eligibility coverage dates when the emergency service is for labor and delivery (vaginal or C-section delivery). NC Medicaid determines eligibility coverage for all other emergency services, including miscarriages and other pregnancy terminations.

# 2.1.4 Presumptive Eligibility

Section 1920(b) of the Social Security Act allows for a pregnant woman who is determined by a qualified provider to be presumptively eligible for Medicaid to receive ambulatory antepartum care, including pharmacy, laboratory, and diagnostic tests, while her eligibility status is being determined. Ambulatory Antepartum Care can be defined as the level of prenatal care typically provided in primary-level facilities that covers assessment of the normal progress of pregnancy. This includes physical examinations; routine laboratory assessments; appropriate screening tests including basic fetal ultrasound (s), AFP tests, glucola tests, and etc.; and prenatal information and education.

The pregnant woman shall apply for Medicaid no later than the last day of the month following the month she is determined presumptively eligible. If the pregnant woman fails to apply for Medicaid within this time period, she is eligible only through the last calendar day of the month following the month she is determined presumptively eligible. If the pregnant woman applies for Medicaid within this time frame, she remains presumptively eligible for Medicaid until the local department of social services makes a determination on her application.

In the case of a woman who does not file an application by the last day of the month following the month during which the provider makes the determination, the presumptive eligibility period ends.

**Note:** Presumptive eligibility is limited to one presumptive eligibility period per pregnancy.

# 2.1.5 Retroactive Eligibility

Retroactive eligibility applies to this policy.

# 2.2 Special Provisions

# 2.2.1 EPSDT Special Provision: Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age

#### a. 42 U.S.C. § 1396d(r) [1905(r) of the Social Security Act]

Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) is a federal Medicaid requirement that requires the state Medicaid agency to cover services, products, or procedures for Medicaid beneficiary under 21 years of age **if** the service is **medically necessary health care** to correct or ameliorate a defect, physical or mental illness, or a condition [health problem] identified through a screening examination (includes any evaluation by a physician or other licensed practitioner).

This means EPSDT covers most of the medical or remedial care a child needs to improve or maintain his or her health in the best condition possible, compensate for a health problem, prevent it from worsening, or prevent the development of additional health problems.

Medically necessary services will be provided in the most economic mode, as long as the treatment made available is similarly efficacious to the service requested by the beneficiary's physician, therapist, or other licensed practitioner; the determination process does not delay the delivery of the needed service; and the determination does not limit the beneficiary's right to a free choice of providers.

EPSDT does not require the state Medicaid agency to provide any service, product or procedure:

- 1. that is unsafe, ineffective, or experimental or investigational.
- 2. that is not medical in nature or not generally recognized as an accepted method of medical practice or treatment.

Service limitations on scope, amount, duration, frequency, location of service, and other specific criteria described in clinical coverage policies may be exceeded or may not apply as long as the provider's documentation shows that the requested service is medically necessary "to correct or ameliorate a defect, physical or mental illness, or a condition" [health problem]; that is, provider documentation shows how the service, product, or procedure meets all EPSDT criteria, including to correct or improve or maintain the beneficiary's health in the best condition possible, compensate for a health problem, prevent it from worsening, or prevent the development of additional health problems.

# b. EPSDT and Prior Approval Requirements

1. If the service, product, or procedure requires prior approval, the fact that the beneficiary is under 21 years of age does **NOT** eliminate the requirement for prior approval.

2. **IMPORTANT ADDITIONAL INFORMATION** about EPSDT and prior approval is found in the *NCTracks Provider Claims and Billing Assistance Guide*, and on the EPSDT provider page. The Web addresses are specified below.

NCTracks Provider Claims and Billing Assistance Guide: https://www.nctracks.nc.gov/content/public/providers/providermanuals.html

EPSDT provider page: https://medicaid.ncdhhs.gov/

#### 2.2.2 EPSDT does not apply to NCHC beneficiaries

2.2.3 Health Choice Special Provision for a Health Choice Beneficiary age 6 through 18 years of age

NC Medicaid shall deny the claim for coverage for an NCHC beneficiary who does not meet the criteria within **Section 3.0** of this policy. Only services included under the NCHC State Plan and the NC Medicaid clinical coverage policies, service definitions, or billing codes are covered for an NCHC beneficiary.

# 3.0 When the Procedure, Product, or Service Is Covered

*Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age.* 

#### 3.1 General Criteria Covered

Medicaid shall cover the procedure, product, or service related to this policy when medically necessary, and:

- a. the procedure, product, or service is individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and not in excess of the beneficiary's needs;
- b. the procedure, product, or service can be safely furnished, and no equally effective and more conservative or less costly treatment is available statewide; and
- c. the procedure, product, or service is furnished in a manner not primarily intended for the convenience of the beneficiary, the beneficiary's caretaker, or the provider.

# 3.2 Antepartum Care

The initial and subsequent antepartum visits include the history, physical examination; and recording of weight, blood pressure, fetal heart tones, and laboratory tests including urinalysis and urine hemoglobin analysis performed at the time of the visit.

#### 3.2.1 Antepartum Visits

The frequency and number of antepartum visits are determined by the needs of the beneficiary. A beneficiary with an uncomplicated pregnancy is generally seen on the following schedule:

- a. Every 4 weeks for the first 28 weeks of gestation
- b. Every 2 to 3 weeks until the 36th week of gestation
- c. Weekly from the 36th week of gestation until delivery

Note: the beneficiary may be seen more frequently if her condition warrants.

# 3.2.2 Individual Antepartum Services

Individual antepartum services (use of Evaluation and Management codes) are covered if

- a. a pregnancy is high risk and requires more than the normal amount of services for a routine pregnancy; or
- b. antepartum care is initiated less than three months prior to delivery; or
- c. the beneficiary is seen by a provider between one (1) and three (3) office visits as specified in Attachment B: Billing for Obstetrical Services.

Clinical coverage policy 1E-6, *Pregnancy Medical Home*, at <u>https://medicaid.ncdhhs.gov/</u>, provides information on the definition of high-risk pregnancy and risk factors.

Note: Hospital-Based Entities as defined by 42 CFR 413.65 shall bill individual antepartum services without the restrictions of **Subsection 3.2.2**.

Note: Local Health Departments (LHDs) who provide high-risk antepartum care will bill appropriate Evaluation and Management (E/M) codes for individual antepartum services as specified in **Subsection 3.2.2**.

# 3.2.3 Counseling

Refer to Clinical Coverage Policy 1M-3, *Health and Behavioral Intervention* at <u>https://medicaid.ncdhhs.gov/</u>, for information on counseling services for behavioral intervention.

Refer to clinical coverage policy 8A, Enhanced Mental Health and Substance Abuse Services, 8B, Inpatient Behavioral Health Services, 8C, Outpatient Behavioral Health Services Provided by Direct-Enrolled Providers, and 8L, Mental Health/Substance Abuse Targeted Case Management, at https://medicaid.ncdhhs.gov/ for information on behavioral health treatment.

Refer to clinical coverage policy 1-I, *Dietary Evaluation and Counseling* at <u>https://medicaid.ncdhhs.gov/</u>, for information on dietary counseling services.

# 3.2.4 Fetal Surveillance Testing

Medicaid covers medically necessary fetal surveillance testing. Refer to clinical coverage policies 1E-4, *Fetal Surveillance* and 1K-7, *Prior Approval for Imaging Procedures*, e at <u>https://medicaid.ncdhhs.gov/</u>, for additional information.

# 3.2.5 Case Management

Case management services for pregnant women is covered through clinical coverage policy 1E-6, *Pregnancy Medical Home* for beneficiaries assessed as high-risk and clinical coverage policy 12B, *Human Immunodeficiency Virus (HIV) Case Management* policy. Refer to <u>https://medicaid.ncdhhs.gov/</u> for additional information on case management services for PMH and HIV case management services.

# **3.3** Package Services

# 3.3.1 Antepartum Package Services

Antepartum package services are covered when the attending provider rendering the antepartum care does not perform the delivery. The attending provider or group provider shall have seen the beneficiary for at least three consecutive months during her pregnancy.

**Note:** Individual antepartum visits are not covered in conjunction with antepartum package services. Refer to **Attachment A, Claims-Related Information**, for billing instructions.

# 3.3.2 Global Obstetrics Services

Antepartum care, labor and delivery, and postpartum care are covered as an allinclusive service (CPT codes 59400 or 59510) when

- a. antepartum care was initiated at least three months prior to the delivery and
- b. the same provider who renders the antepartum care performs the delivery and postpartum care.

# 3.3.3 Postpartum Package Services

Postpartum package services are covered when the attending provider

- a. has not provided any antepartum care, but performs the delivery and provides postpartum care (CPT codes 59410 or 59515); or
- b. has not provided any antepartum care and did not perform the delivery, but performs all postpartum care (CPT code 59430); or
- c. bills individual visits for antepartum care due to a high-risk condition (CPT codes 59410, 59430, or 59515).

# 3.4 Consultations

Inpatient and outpatient consultations are covered when medical records substantiate that the services are medically necessary.

Refer to clinical coverage policies 1M-6, *Maternal Care Skilled Nurse Home Visit* and 1M-5, *Home Visit for Postnatal Assessment and Follow-up Care*, at <u>https://medicaid.ncdhhs.gov/</u>, for additional information on these services. These services require a physician's referral.

# 3.5 Labor and Delivery

Vaginal delivery includes episiotomy, the delivery of the placenta, external cephalic version, and special services associated with delivery.

**Note:** When there are extenuating circumstances and a certified or licensed provider other than the attending provider or provider group performs the episiotomy, it may be covered as a separate procedure. When a provider other than the attending physician or physician group performs the delivery of the placenta, it may be covered as a separate procedure. Refer to **Section 5.0, Requirements for and Limitations on Coverage,** for additional information.

# 3.5.1 Anesthesia

Anesthesia services are covered separately. Refer to clinical coverage policy 1L-1, *Anesthesia Services*, at <u>https://medicaid.ncdhhs.gov/</u>, for information on anesthesia and obstetrics.

# 3.5.2 Complications Related to Delivery

Medicaid covers complications related to delivery when the diagnosis substantiates medical necessity.

# 3.5.3 Multiple Births

If the beneficiary delivers multiple babies, vaginally or by C-section, the appropriate modifiers and diagnosis codes shall be used for reimbursement. Refer to **Attachment A, Claims-Related Information.** 

# 3.5.4 Stand-by Services

Anesthesia stand-by is defined as the anesthesiologist's or certified registered nurse anesthetist's (CRNA's) standing by until it is determined whether services are required to administer and/or monitor anesthesia.

Physician stand-by service is covered for anesthesia services. This service is available only for physician stand-by services at high-risk deliveries. Only standby services related to the mother can be billed. The service shall be requested by a physician, and a diagnosis substantiating the high risk shall be documented on the claim (A list of these diagnosis codes can be found in **Attachment A**, letter B "Diagnosis Codes"). Medical records documenting the high-risk delivery and the need for stand-by services are not required with the claim submission, but shall be available for NC Medicaid or its agents upon request.

Medicaid covers physician stand-by services for

- a. Care provided to the mother during a high-risk delivery [refer to Attachment A, letter B (Diagnosis Codes)]; and
- b. Attendance at delivery and initial stabilization of the newborn during a high-risk delivery [refer to **Attachment A**, letter C (Procedure Codes)].

# 3.6 Postpartum Care

Postpartum services encompass management of the mother after delivery and during the postnatal period. Components of this service may include postpartum examination and contraceptive counseling. Medicaid covers medically approved family planning methods such as Nuva Ring, Birth Control Pills, Depo-Provera, IUD's (Paraguard and Mirena), Ortho Evra, sterilizations including the Essure procedure, Implanon, emergency contraceptive counseling, contraceptive management procedures, and pharmaceuticals to prevent conception. This includes services for beneficiaries with MPW coverage during their postpartum eligibility period.

Postpartum care services are covered through the end of the month in which the 60th postpartum day occurs.

**Note:** For continued services after the 60th day, refer MPW beneficiaries to the Department of Social Services for continuing eligibility determination.

# 3.6.1 Vaccinations

Medicaid covers vaccinations for measles, mumps, rubella (MMR)/rubella component for women who do not have evidence of immunity and other vaccinations as recommended by the Advisory Committee on Immunization Practices (ACIP) and the Center for Disease Control (CDC). The vaccine is provided upon completion or termination of pregnancy and before discharge from the health-care facility.

The ACIP recommendations for varicella vaccination indicate that women who do not have evidence of immunity should receive the first dose of varicella vaccine upon completion or termination of pregnancy, according to ACIP protocol, and before discharge from the health care facility. The second dose should be administered between 4 and 8 weeks after the first dose. Medicaid covers the varicella vaccine series when provided according to this schedule and if the beneficiary is eligible for Medicaid on the day the service is provided.

Rhogam is a medication that is given to prevent Rhesus (Rh) hemolytic disease of the newborn (HDN). HDN is a serious, often fatal disease caused by incompatibility between an Rh-negative mother and her Rh-positive fetus. Medicaid covers rebatable NDCs for Rho D immune globulin in the postpartum period. This includes beneficiaries with MPW coverage.

Medicaid covers inpatient and outpatient immunizations for Tetanus toxoid, Diptheria toxoid, and Acellular Pertussis (Tdap) for beneficiaries during the postpartum period. ACIP recommends that adults who have or who anticipate having close contact with an infant less than 12 months of age and who previously have not received Tdap should receive a single dose of Tdap to protect against pertussis and reduce the likelihood of transmission. Tdap can be administered regardless of interval since the last tetanus- or diphtheria-toxoid containing vaccine. After receipt of Tdap, persons should continue to receive Td for routine booster immunization against tetanus and diphtheria, according to immunization guidelines.

Refer to Attachment A, Claims-Related Information, for a list of covered procedures.

# 4.0 When the Procedure, Product, or Service Is Not Covered

*Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age.* 

# 4.1 General Criteria Not Covered

Medicaid shall not cover the procedure, product, or service related to this policy when:

- a. the beneficiary does not meet the eligibility requirements listed in Section 2.0;
- b. the beneficiary does not meet the criteria listed in Section 3.0;
- c. the procedure, product, or service duplicates another provider's procedure, product, or service; or
- d. the procedure, product, or service is experimental, investigational, or part of a clinical trial.

# 4.2 Emergency Services for Undocumented Aliens

The following antepartum and postpartum services are not covered for undocumented aliens for emergency services.

|         | ICD-10-CM Code(s) |         |
|---------|-------------------|---------|
| 0U570ZZ | 0UL70DZ           | 0UL74DZ |

|          | without transection)  |  |  |  |
| 58671    | Laparoscopy, surgical; with occlusion of oviducts by device   |  |  |  |
|          | (e.g., band, clip, or Falope ring)                            |  |  |  |
| 59400    | Routine obstetric care including antepartum care, vaginal     |  |  |  |
|          | delivery (with or without episiotomy, and/or forceps) and     |  |  |  |
|          | postpartum care   |  |  |  |
| 59410    | Vaginal delivery only (with or without episiotomy and/or      |  |  |  |
|          | forceps); including postpartum care                           |  |  |  |
| 59425    | Antepartum care only; 4–6 visits                              |  |  |  |
| 59426    | Antepartum care only; 7 or more visits                        |  |  |  |
| 59430    | Postpartum care only (separate procedure)                     |  |  |  |
| 59510    | Routine obstetric care including antepartum care, cesarean    |  |  |  |
|          | delivery, and postpartum care                                 |  |  |  |
| 59515    | Cesarean delivery only; including postpartum care             |  |  |  |

The following CPT procedure codes will be considered for coverage only in an emergency situation such as an ectopic pregnancy:

| CPT Code | Description   |
|----------|---|
| 58661    | Laparoscopy, surgical; with removal of adnexal structures   |
|          | (partial or total oophorectomy and/or salpingectomy)        |
| 58700    | Salpingectomy, complete or partial, unilateral or bilateral |
|          | (separate procedure)  |

| <b>CPT Code</b> | Description   |
|-----------------|---|
| 58720           | Salpingo-oophorectomy, complete or partial, unilateral or |
|                 | bilateral (separate procedure)                            |

Sterilization procedures are not included in the definition of emergency services and therefore are not covered for undocumented aliens. Refer to **Subsection 2.1.3**, **Undocumented Aliens**.

#### 4.3 Stand-by Services

- a. Medicaid does not cover stand-by services for pre-anesthesia evaluations.
- b. Medicaid does not cover stand-by services for the mother and for the newborn when provided by the same provider.

# 5.0 Requirements for and Limitations on Coverage

*Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age.* 

# 5.1 **Prior Approval for MPW Beneficiaries**

Prior approval is required for MPW beneficiaries when the physician determines that any of the services listed below are needed for the treatment of a medical illness, injury, or trauma that may complicate the pregnancy.

- a. Podiatry;
- b. Chiropractic;
- c. Optometric and optical services;
- d. Home health;
- e. Personal care services;
- f. Hospice;
- g. Private duty nursing;
- h. Home infusion therapy; or
- i. Durable medical equipment.

Refer to the specific clinical coverage policies at <u>https://medicaid.ncdhhs.gov/</u> for specific requirements for prior approval for MPW beneficiaries.

Clinical coverage policy 4A, *Dental Services*, at <u>https://medicaid.ncdhhs.gov/</u>, describes dental services available to beneficiaries with MPW. These services require the same prior approval as dental services to any other beneficiary with full Medicaid coverage and are covered through the day of delivery.

# 5.2 Limitations

The following limitations apply to obstetric care services.

a. Individual delivery procedures (vaginal delivery and delivery of placenta) are not covered more than once in a 225-day period.

**Note:** When there is more than one pregnancy within 225 days and both pregnancies result in separate deliveries on different dates of service within 225 days, the service is covered.

- b. Antepartum care package services are covered once during the beneficiary's pregnancy. In special circumstances (for example when the beneficiary moves), up to 3 different providers can bill for 59425 (Antepartum care; 4–6 visits). This does not apply to different providers in the same group.
- c. Postpartum care services are covered through the end of the month in which the 60th postpartum day occurs. Refer to **Subsection 3.6, Postpartum Care.**
- d. Stand-by services related to the mother for a high-risk delivery are limited to two hours per day.
- e. Performance of an episiotomy or delivery of a placenta by a provider other than the attending physician is covered only through the adjustment process.

# 6.0 Provider(s) Eligible to Bill for the Procedure, Product, or Service

To be eligible to bill for the procedure, product, or service related to this policy, the provider(s) shall:

- a. meet Medicaid qualifications for participation;
- b. have a current and signed Department of Health and Human Services (DHHS) Provider Administrative Participation Agreement; and
- c. bill only for procedures, products, and services that are within the scope of their clinical practice, as defined by the appropriate licensing entity.

# 6.1 Provider Qualifications and Occupational Licensing Entity Regulations

None Apply.

# 6.2 **Provider Certifications**

None Apply.

# 7.0 Additional Requirements

# *Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age.*

# 7.1 Compliance

Provider(s) shall comply with the following in effect at the time the service is rendered:

- a. All applicable agreements, federal, state and local laws and regulations including the Health Insurance Portability and Accountability Act (HIPAA) and record retention requirements; and
- b. All NC Medicaid's clinical (medical) coverage policies, guidelines, policies, provider manuals, implementation updates, and bulletins published by the Centers for Medicare and Medicaid Services (CMS), DHHS, DHHS division(s) or fiscal contractor(s).

# 8.0 Policy Implementation/Update Information

Original Effective Date: October 1, 1985

# **Revision Information:**

| Date   | Section Revised           | Change   |  |
|--------|---------------------------|--|--|
| 8/1/09 | Throughout                | Updated language to DMA's current standard.                |  |
| 8/1/09 | Section 7.0               | Deleted previous paragraphs on Federal & State             |  |
|        |                           | Requirements and Records Retention and substituted         |  |
|        |                           | Compliance.  |  |
| 8/1/09 | Subsection 3.5.4, Att.    | Added diagnosis codes allowable for billing anesthesia     |  |
|        | Α                         | stand-by for high-risk deliveries related to the mother.   |  |
| 8/1/09 | Attachment A              | Clarified billing practices for multiple births.           |  |
| 8/1/09 | Attachment B              | Added E/M codes 99217 through 99239 to the "Evaluation     |  |
|        |                           | and Management Services" section; they cannot be           |  |
|        |                           | reimbursed separately if billed with CPT codes 59400,      |  |
|        |                           | 59410, 59425, 59426, 59430, 59510, or 59515.               |  |
| 9/1/11 | 1.0, added 2.1.5, 3.2,    | Added PMH reference in Section 1.0. Added Subsection       |  |
| 1      | 3.2.3, 3.2.4, 3.2.5,      | 2.1.5. Revised wording in Subsections 3.2, 3.2.3, 3.2.4,   |  |
|        | 3.3.1, 3.3.2, 3.3.3, 3.4, | 3.2.5, 3.3.1, 3.3.2, and 3.3.3. Added information about    |  |
|        | 3.6, 3.6.1, Attachment    | policy 1M-6. Added family planning information in          |  |
|        | A-Sections C and E.       | Subsection 3.6 and added rhogam and Tdap information in    |  |
|        |                           | Subsection 3.6.1. Revised the information for FQHC and     |  |
|        |                           | RHC billing for codes T1015, 59409, 59410, 59430,          |  |
|        |                           | 59514, and 59515 in Attachment A, Section C. Clarified     |  |
|        |                           | billing for multiple births in Attachment A, Section E.    |  |
| 9/1/11 | Section 1.0               | Added reference to PMH.                                    |  |
| 9/1/11 | Subsection 2.1.2 and      | Clarified conditions that complicate the pregnancy. Added  |  |
|        | 2.1.4                     | definition of Ambulatory Antepartum Care and clarified     |  |
|        |                           | Presumptive Eligibility coverage.                          |  |
| 9/1/11 | Subsection 2.1.5          | Added this section to the policy.                          |  |
| 9/1/11 | Subsections 3.2, 3.2.2,   | Referenced PMH and added information about Hospital-       |  |
|        | 3.2.3, 3.2.4, 3.2.5,      | Based Entities in Subsection 3.2.2. Referenced LHDs in     |  |
|        | 3.3.1, 3.3.2, and 3.3.3   | Subsection 3.2.2. and added letter "c". Revised wording to |  |
|        |                           | remove Maternity Care Coordination section and to add      |  |
|        |                           | information about Health and Behavioral Intervention,      |  |
|        |                           | Enhanced Mental Health and Substance Abuse, Inpatient      |  |
|        |                           | Behavioral Health Services, and Mental Health/Substance    |  |
|        |                           | Abuse Targeted Case Management to Subsection 3.2.3.        |  |
|        |                           | Added reference to the Prior Approval for Imaging          |  |
|        |                           | Procedures policy to Subsection 3.2.4. Revised information |  |
|        |                           | for case management and removed information about the      |  |
|        |                           | Baby Love Program. Removed statement " with the            |  |
|        |                           | intention of performing the delivery." from Subsection     |  |
|        |                           | 3.3.1. Added CPT codes to match the service in             |  |
|        |                           | Subsections 3.3.2 and 3.3.3. Added letter "c" in 3.3.3.    |  |

| Date       | Section Revised                 | Change  |  |
|------------|---------------------------------|---|--|
| 9/1/11     | Subsection 3.4                  | Added reference to the Maternal Care Skilled Nurse Home<br>Visit and Postnatal Assessment and Follow-up Care<br>policies. Deleted Prior Approval note.  |  |
| 9/1/11     | Subsection 3.5.4                | Removed statement regarding anesthesia stand-by services related to the mother.   |  |
| 9/1/11     | Subsection 3.6                  | Added family planning information.  |  |
| 9/1/11     | Subsection 3.6.1                | Added rhogam information and Tdap information.  |  |
| 9/1/11     | Attachment A-Section<br>B       | Added numbers and changed title of the table.   |  |
| 9/1/11     | Attachment A-Section<br>C       | Added information about PMH, Indian Health Services and<br>PMH procedure codes. Added information regarding LHD<br>billing. Moved information regarding Birthing Center<br>billing from CPT code 59410 to CPT code 59409. |  |
| 9/1/11     | Attachment A-Section<br>E       | Added new table to depict billing for multiple gestations.  |  |
| 9/1/11     | Attachment A-Section<br>E       | Clarified billing for multiple births. Removed the word<br>"Consecutive" and added the word "Additional" in the<br>table title.   |  |
| 9/1/11     | Attachment B                    | Added Billing information for 1-3 visits using E/M codes.   |  |
| 9/1/11     | Throughout                      | Updated language to DMA's current standard  |  |
| 10/01/2015 | All Sections and<br>Attachments | Updated policy template language and added ICD-10 codes<br>to comply with federally mandated 10/1/2015<br>implementation where applicable.  |  |
| 03/15/2019 | Table of Contents               | Added, "To all beneficiaries enrolled in a Prepaid Health<br>Plan (PHP): for questions about benefits and services<br>available on or after November 1, 2019, please contact<br>your PHP."                                |  |
| 03/15/2019 | All Sections and<br>Attachments | Updated policy template language.   |  |

# **Attachment A: Claims-Related Information**

Provider(s) shall comply with the, *NCTracks Provider Claims and Billing Assistance Guide*, Medicaid bulletins, fee schedules, NC Medicaid's clinical coverage policies and any other relevant documents for specific coverage and reimbursement for Medicaid and NCHC:

# A. Claim Type

Professional (CMS-1500/837P transaction)

Institutional (UB-04/837I transaction)

# **B.** International Classification of Diseases and Related Health Problems, Tenth Revisions, Clinical Modification (ICD-10-CM) and Procedural Coding System (PCS)

Provider(s) shall report the ICD-10-CM and Procedural Coding System (PCS) to the highest level of specificity that supports medical necessity. Provider(s) shall use the current ICD-10 edition and any subsequent editions in effect at the time of service. Provider(s) shall refer to the applicable edition for code description, as it is no longer documented in the policy.

# C. Code(s)

Provider(s) shall report the most specific billing code that accurately and completely describes the procedure, product or service provided. Provider(s) shall use the Current Procedural Terminology (CPT), Health Care Procedure Coding System (HCPCS), and UB-04 Data Specifications Manual (for a complete listing of valid revenue codes) and any subsequent editions in effect at the time of service. Provider(s) shall refer to the applicable edition for the code description, as it is no longer documented in the policy.

If no such specific CPT or HCPCS code exists, then the provider(s) shall report the procedure, product or service using the appropriate unlisted procedure or service code.

The following table combines obstetrical codes and instructions for **physicians** and **FQHC/RHC providers.** Information for **anesthesia providers** follows in a separate table.

Information for reimbursement of PMH procedure codes (S0280 *Medical home program, comprehensive care coordination and planning, initial plan* and S0281 *Medical home program, comprehensive care coordination and planning, maintenance of plan*) will be found in NC Medicaid's Clinical Coverage Policy 1E-6, *Pregnancy Medical Home* at <a href="https://medicaid.ncdhhs.gov/">https://medicaid.ncdhhs.gov/</a>. PMH providers shall bill according to the specifications in the table below. Indian Health Service PMH providers will bill RC 510, S0280, and S0281 for reimbursement for PMH services.

- Local Health Departments (LHDs) who provide only antepartum and postpartum care for pregnancy services shall bill CPT codes 59425, 59426, and 59430 for antepartum and postpartum care.
- LHDs who provide high-risk antepartum care shall bill appropriate Evaluation and Management (E/M) codes for individual antepartum services as specified in **Subsection 3.2.2**.
- LHDs who provide complete antepartum, labor and delivery, and postpartum care by employing or contracting with obstetric providers shall bill 59400, 59409, 59410, 59425, 59426, 59430, 59510, 59514, or 59515.

| 90707 | Measles, mumps and rubella virus vaccine (MMR), live, for subcutaneous use |  |  |  |  |
| 90716 | Varicella virus vaccine, live, for subcutaneous use                        |  |  |  |  |

#### **Unlisted Procedure or Service**

**CPT:** The provider(s) shall refer to and comply with the Instructions for Use of the CPT Codebook, Unlisted Procedure or Service, and Special Report as documented in the current CPT in effect at the time of service.

**HCPCS:** The provider(s) shall refer to and comply with the Instructions For Use of HCPCS National Level II codes, Unlisted Procedure or Service and Special Report as documented in the current HCPCS edition in effect at the time of service.

#### **D.** Modifiers

Provider(s) shall follow applicable modifier guidelines.

#### E. Billing for Multiple Births

The appropriate multiple gestation diagnosis code shall be on the claim for reimbursement.

| Gestation  | ICD-10-CM | Code(s) | Additional Units<br>to Be Billed |
|------------|-----------|---------|----------------------------------|
| Twin       | O30.001   | O30.033 | 1                                |
|            | O30.002   | O30.041 |                                  |
|            | O30.003   | O30.042 |                                  |
|            | O30.011   | O30.043 |                                  |
|            | O30.012   | O30.091 |                                  |
|            | O30.013   | O30.092 |                                  |
|            | O30.031   | O30.093 |                                  |
|            | O30.032   |         |                                  |

| _          | O30.202   | O30.222 |                                  |
|            | O30.203   | O30.223 |                                  |
|            | O30.211   | O30.291 |                                  |
|            | O30.212   | O30.292 |                                  |
|            | O30.213   | O30.293 |                                  |

In addition to the multiple gestation diagnosis code, the correct delivery codes are also required.

| Type of delivery    | CPT Code for First<br>Birth<br>No Modifier | Effective with DOS on<br>and after 8/01/2009<br>CPT code and<br>modifier for<br>Consecutive Births  | Effective with DOS<br>3/31/11<br>CPT code and<br>modifier for<br>Consecutive Births  |
|---------------------|--|---|--|
| All vaginal         | 59400<br>or<br>59409<br>or<br>59410        | 59409- <b>51</b><br>(one line for each<br>additional birth)   | 59409-51, <b>59</b><br>(one line with one unit<br>for each additional<br>birth)  |
| All cesarean        | 59510<br>or<br>59514<br>or<br>59515        | 59514- <b>51</b><br>(one line for each<br>additional birth)   | 59514-51, <b>59</b><br>(one line with one unit<br>for each additional<br>birth)  |
| Mixed—vaginal first | 59400<br>or<br>59409<br>or<br>59410        | 59409- <b>51</b><br>(one line for each<br>vaginal additional<br>birth)<br>or<br>59514- <b>51</b> ,59<br>(one line for each<br>additional cesarean<br>birth) | 59409-51, <b>59</b><br>(one line with one unit<br>for each additional<br>birth)<br>or<br>59514-51, <b>59</b><br>(one line with one unit<br>for each additional<br>birth) |

**Note:** For multiple births of more than four infants, submit the first claim electronically. It will deny with a request for operative notes. Submit the second claim as an adjustment with operative notes attached.

# F. Place of Service

Inpatient hospital Outpatient hospital Office

# G. Co-payments

For Medicaid refer to Medicaid State Plan: <u>https://medicaid.ncdhhs.gov/get-involved/nc-health-choice-state-plan</u>

For NCHC refer to NCHC State Plan: https://medicaid.ncdhhs.gov/get-involved/nc-health-choice-state-plan

# H. Reimbursement

Provider(s) shall bill their usual and customary charges. For a schedule of rates, refer to: <u>https://medicaid.ncdhhs.gov/</u>

# **Attachment B: Billing for Obstetrical Services**

The CPT procedure codes listed below may not be reimbursed separately if billed with CPT codes 59400, 59410, 59425, 59426, 59430, 59510, or 59515 by the same billing provider.

| CPT Code | Description   |
|----------|---|
| 36415    | Collection of venous blood by venipuncture  |
| 80048    | Basic metabolic panel (Calcium, total)  |
| 80050    | General health panel  |
| 80051    | Electrolyte panel   |
| 80055    | Obstetric panel   |
| 81000    | Urinalysis, by dip stick or tablet reagent for bilirubin, glucose, hemoglobin,        |
|          | ketones, leukocytes, nitrite, pH, protein, specific gravity, urobilinogen, any        |
|          | number of these constitutents; non-automated, with microscopy                         |
| 81001    | Urinalysis, by dip stick or tablet reagent for bilirubin, glucose, hemoglobin,        |
|          | ketones, leukocytes, nitrite, pH, protein, specific gravity, urobilinogen, any        |
|          | number of these constitutents; automated, with microscopy                             |
| 81002    | Urinalysis, by dip stick or tablet reagent for bilirubin, glucose, hemoglobin,        |
|          | ketones, leukocytes, nitrite, pH, protein, specific gravity, urobilinogen, any        |
|          | number of these constitutents; non-automated, without microscopy                      |
| 81003    | Urinalysis, by dip stick or tablet reagent for bilirubin, glucose, hemoglobin,        |
|          | ketones, leukocytes, nitrite, pH, protein, specific gravity, urobilinogen, any        |
| 00501    | number of these constitutents; automated, without microscopy                          |
| 82731    | Fetal fibronectin, cervicovaginal secretions, semiquantitative                        |
| 83020    | Hemoglobin fractionation and quantitation; electrophoresis (e.g., A2, S, C, and/or F) |
| 83021    | Hemoglobin fractionation and quantitation; chromatography (e.g., A2, S, C,            |
|          | and/or F)   |
| 83026    | Hemoglobin; by copper sulfate method, non-automated                                   |
| 83030    | Hemoglobin; F (fetal), chemical   |
| 83036    | Hemoglobin; glycosylated (A1C)  |
| 83045    | Hemoglobin; methemoglobin, qualitative  |
| 83050    | Hemoglobin; methemoglobin, quantitative   |
| 83051    | Hemoglobin; plasma  |
| 83055    | Hemoglobin; sulfhemoglobin, qualitative   |
| 83060    | Hemoglobin; sulfhemoglobin, quantitative  |
| 83065    | Hemoglobin; thermolabile  |
| 83068    | Hemoglobin; unstable, screen  |
| 83069    | Hemoglobin; urine   |
| 85046    | Blood count; automated differential WBC count; reticulocytes, automated,              |
|          | including one or more cellular parameters (e.g., reticulocyte hemoglobin              |
|          | content [CHr], immature reticulocyte fraction [IRF], reticulocyte volume              |
|          | [MRV], RNA content), direct measurement   |

| CPT Code      | Description (Evaluation and Management)   |
|---------------|---|
| 99201 through | Office or other outpatient services       |
| 99215         |   |
| 99217         | Observation care discharge day management |
| 99218 through | Initial observation care                  |
| 99220         |   |
| 99221 through | Hospital inpatient services               |
| 99239         |   |
| 99241 through | Office or other outpatient consultations  |
| 99245         |   |
| 99251 through | Inpatient consultation                    |
| 99255         |   |

# **Billing Individual Evaluation and Management Codes for 1-3 Visits**

When an obstetrical patient is seen by the obstetric provider between one (1) and three (3) visits, the visits would be coded as an E/M service, according to the services that were provided. If the patient is new to the physician, codes 99201-99205 shall be reported for the new patient initial visit. E/M codes 99211-99215 for an established patient shall be reported for the next two visits.
