*** NC Medicaid will continue the temporary COVID-19 rate increases for the month of January and February 2022 for certain services related to HCBS in accordance with Section 9817 of the American Rescue Plan.

**** The corrected two-month rate add-on across November and December 2021 provided an additional \$1.00 for January 2022 per 15-minute increment for CAP programs and will continue to apply through February 2022.

New Meals and Delivery rate has been increased to \$7.70 as of 01-01-2022. The Temp COVID-19 5% increase will not apply to this service.

***** For the month of March 2022, NC Medicaid will apply \$0.50 as the COVID-19 temporary add-on factor for certain services related to HCBS in accordance with Section 9817 of the American Rescue Plan.

***** Extension of NC State of Emergency Temporary Flexibilities from April 2022 through June 30, 2022. See NC Medicaid Bulletin #237 - #240.

The North Carolina Department of Health and Human Services (NCDHHS) collaborated with our contracted actuary, Mercer Government Human Services Consulting (Mercer), to perform an analysis to assess NCDHHS' available State Plan, 1915 (c) waivers and managed care contract services to determine which meet the definition of HCBS direct care worker within the Senate Bill and calculate equitable rate increases at the procedure code level to fully allocate the available funds (\$210 million). These rate increases, which are based on a uniform dollar amount per 15-minute unit, adjusted for amount of service delivered by a direct care worker in each service category, are intended to be permanent. The April - June 2022 rates reflect the legislative permanent HCBS DCW increase.

***** Rates are scheduled to end July 15th, 2022. For July 16th going forward the rates will be released prior to July 15th.
