Amendment Number 1

Contract #30-2020-052-DHB-#

Behavioral Health and Intellectual/Developmental Disability Tailored Plan

THIS Amendment to Contract #30-2020-052-DHB-(Contract) is between the North Carolina Department of Health and Human Services, Division of Health Benefits (Division), and TP Name (Contractor), each, a Party and collectively, the Parties.

Background:
North Carolina will launch the NC Medicaid Managed Care Behavioral Health and Intellectual/Developmental Disability Tailored Plan December 1, 2022. This plan is an integrated health plan for individuals with significant behavioral health needs and intellectual/developmental disabilities (I/DDs). The Behavioral Health I/DD Tailored Plan will also serve other special populations, including Innovations and Traumatic Brain Injury (TBI) waiver enrollees and waitlist members, and be responsible for managing the state’s non-Medicaid behavioral health, developmental disabilities and TBI services for uninsured and underinsured North Carolinians.

Request for Application #30-2020-052-DHB Behavioral Health and Intellectual/Developmental Disability Tailored Plan (RFA) was issued by the North Carolina Department of Health and Human Services, Division of Health Benefits (Division) on November 13, 2020. The Division awarded this Contract to Contractor on July 26, 2021, to serve as a BH I/DD Tailored Plan. The purpose of this Amendment is to revise and restate the RFA to incorporate modifications into the Contract.

The Parties agree as follows:

1. Request for Application #30-2020-052-DHB Behavioral Health and Intellectual/Developmental Disability Tailored Plan is revised and restated in its entirety and attached hereto.

2. Each Party is executing this Agreement at this time under the expressed commitment by each other to negotiate in good faith a formal amendment for execution prior to the Effective Date. The Parties envision that Amendment will align and perform a “true-up” of the requirements of this Medicaid Direct PIHP contract with the requirements of the pending or any other Tailored Plan Amendment. The Parties each further agree to negotiate in good faith to eliminate inconsistencies in, to minimize duplicative efforts and obligations between, and to reconcile these related contracts. Until execution of this proposed amendment, the Department agrees it will not hold PIHPs responsible for any readiness or other perceived issues that relate to such inconsistencies and needed amendment.
3. **Effective Date**: This Amendment is effective upon the later of the execution dates by the Parties, subject to approval by CMS.

4. **Other Requirements**: Unless expressly amended herein, all other terms and conditions of the Contract, as previously amended, shall remain in full force and effect.

**Execution**:
By signing below, the Parties execute this Amendment in their official capacities and agree to the amended terms and conditions outlined herein as of the Effective Date.

I. Introduction

A. Vision for North Carolina’s Medicaid Managed Care Program

1. As directed by the North Carolina General Assembly (General Assembly), North Carolina is transitioning its Medicaid and NC Health Choice programs’ care delivery system from a predominately Medicaid Fee for Service model to an integrated Medicaid Managed Care model. Through integrated Medicaid Managed Care—where one managed care plan provides physical health, behavioral health (BH), intellectual and developmental disability (I/DD), traumatic brain injury (TBI), long-term care, and pharmacy services—the North Carolina Department of Health and Human Services (hereinafter referred to as “the Department”) seeks to advance integrated and high-value care for Medicaid beneficiaries, improve population health, engage and support providers, and establish a sustainable program with more predictable costs.

2. The North Carolina Department of Health and Human Services’ (the Department’s) goal in transitioning to Medicaid Managed Care is to improve the health of all North Carolinians through an innovative, whole-person centered, and well-coordinated system of care that addresses both medical and non-medical drivers of health.

3. The Department believes that Medicaid beneficiaries with high needs will benefit from specialized managed care plans. As directed by the General Assembly, the Department is creating four types of integrated Medicaid Managed Care plans to serve Medicaid and NC Health Choice beneficiaries:
   a. **Standard Plans**, which will serve the majority of the Medicaid and NC Health Choice population and will launch on July 1, 2021;
   b. **Behavioral Health and Intellectual/Developmental Disability (BH I/DD) Tailored Plans**, which will serve populations with more severe BH conditions—including mental illness and severe substance use disorders—I/DD, and TBI, and are intended to go live on July 1, 2022; and
   c. **Statewide Specialized Foster Care Plan**, which is intended to launch after BH I/DD Tailored Plans at a date to be confirmed by the Department.
   d. **Eastern Band of Cherokee Indians (EBCI) Tribal Option**, which will serve federally recognized tribal members and other individuals eligible to receive Indian Health Services, and is intended to launch on July 1, 2021.

4. The Department recognizes Local Management Entity-Managed Care Organizations’ (LME/MCO) expertise in serving populations with significant BH needs, I/DDs, and TBIs. As directed by the North Carolina General Assembly, through this Request for Applications (RFA), for the first BH I/DD Tailored Plan contract, only LME/MCOs are eligible to respond to the RFA to serve as BH I/DD Tailored Plans. BH I/DD Tailored Plans will support the goals of Medicaid Managed Care through:
   a. Delivering **whole-person care** through the coordination of services addressing physical health, BH, I/DD, TBI, long-term services and supports (LTSS), pharmacy, and unmet health-related resource needs with the goal of improved health outcomes and more efficient and effective use of resources;
b. Uniting communities, providers and health care systems to address the full set of factors that impact health while deploying cost-effective resources that are needs-based and outcomes driven;

c. Overseeing a transition to provider-based care management at the site of care, in the home or in the community to promote in-person interaction with members;

d. Improving the Medicaid Managed Care member experience with a simple, timely, and user-friendly eligibility and enrollment process focused on high-quality, Culturally and Linguistically Appropriate Services;

e. Maintaining broad provider participation in NC Medicaid by removing or mitigating provider administrative burden from the health delivery system; and

f. Supporting the Department’s overall vision of creating a healthier North Carolina.

5. The Department envisions that through Medicaid Managed Care and provision of State-funded Services BH I/DD Tailored Plans will address the unique needs of Historically Marginalized Populations including people of color and others who have been marginalized across Department service sectors. The Department recognizes to combat historical health inequities, a disproportionate share of resources need to be committed to disparate populations.

B. Background on North Carolina’s Medicaid Transformation

1. In September 2015, the General Assembly enacted North Carolina Session Law 2015-245 directing the transition of North Carolina’s Medicaid program from a predominantly Fee-for-Service model to an integrated Medicaid Managed Care model. North Carolina State law requires the Department, through the Division of Health Benefits (DHB), to implement a Medicaid Managed Care program.

2. As directed by the General Assembly, the Department is delegating direct management of services, and financial risk to new Medicaid Managed Care Plans, including Standard Plans, BH I/DD Tailored Plans, and a Statewide Specialized Foster Care Plan. Each of these plans will receive a monthly, actuarially sound, capitated payment and will contract with providers to deliver health services to their members. The Department is monitoring and overseeing the administrative, operational, clinical, and financial function of the Medicaid Managed Care Plans to ensure adherence to their contract and the Department’s expectations.

3. With the launch of Medicaid Managed Care on July 1, 2021, most North Carolina Medicaid and NC Health Choice populations will be mandatorily enrolled in Standard Plans.

4. Certain populations that may be better served outside of Medicaid Managed Care are not required to enroll. These populations may be “exempt” from Medicaid Managed Care in that the Beneficiary may choose to enroll in either NC Medicaid Direct—North Carolina’s Fee-for-Service Medicaid program—or Medicaid Managed Care, or “excluded” in that the beneficiaries are required to remain enrolled in NC

1 Session Law 2015-245 has been amended by Session Law 2016-121; Section 11H.17.(a) of Session Law 2017-57, Part IV of Session Law 2017-186; Section 11H.10.(c) of Session Law 2018-5; Sections 4-6 of Session Law 2018-49; Session Law 2018-48; Sections 12-13A of Session Law 2019-81; and Section 12.(b)-(c) of Session Law 2020-88. Pursuant to Section 14. of Session Law 2019-81, most of the provisions contained in Session 2015-245 and its subsequent amendments have been codified in Article 4 of Chapter 108D of the General Statutes.
Medicaid Direct and do not have the option to enroll in Medicaid Managed Care. These populations are described in detail in Section V.B.1.i. Eligibility and Enrollment for BH I/DD Tailored Plans.

5. In July 2022, the Department intends to launch BH I/DD Tailored Plans. Populations that will be eligible for BH I/DD Tailored Plans are established in N.C. Gen. Stat. § 108D-40(a)(12) and are described in more detail in Section V.B.1.i. Eligibility and Enrollment for BH I/DD Tailored Plans. As directed by law, the Department exempted populations that will be eligible for BH I/DD Tailored Plans from Medicaid Managed Care until such point that BH I/DD Tailored Plans are available, at which point, they will become eligible for BH I/DD Tailored Plans.

6. The Department consulted with the State’s only federally recognized tribe, the EBCI, and jointly concluded that Tribal members and individuals eligible to receive Indian Health Services will benefit from having a Tribal-designed and operated managed care option and defaulting to the Tribal Option, with the choice to opt into NC Medicaid Direct, a Standard Plan, or BH I/DD Tailored Plan (if eligible). The Department and EBCI will continue to collaborate on the development and implementation of the EBCI Tribal Option. The Tribal Option will operate primarily in five western NC counties—Cherokee, Graham, Haywood, Jackson, and Swain—under which the EBCI has increasing responsibility for total cost of care over time. The Tribal Option will support the Tribe’s sovereignty in managing the care needs of Indian enrollees and will consider and address the unique cultural, BH, I/DD, medical, long-term services and supports, and other health-related needs of the EBCI families. The Department intends to launch the EBCI Tribal Option in July 2021.

C. Specific Background Regarding BH I/DD Tailored Plans

1. In June 2018, the North Carolina General Assembly enacted North Carolina Session Law 2018-48, which amended Session Law 2015-245 to create BH I/DD Tailored Plans.²

2. BH I/DD Tailored Plans will be targeted toward Medicaid and NC Health Choice populations with more severe BH conditions—including mental illness and severe substance use disorders—I/DD, and TBI, as specified in N.C. Gen. Stat. § 108D-60.

3. The Department believes that certain groups of beneficiaries meeting one or more of the criteria in N.C. Gen. Stat. § 108D-40(a)(12), who are otherwise excluded from Medicaid Managed Care will benefit from BH I/DD Tailored Plan enrollment. The Department is exploring a change in state law to allow beneficiaries who are medically needy, participate in the NC HIPP program, or are enrolled in the CAP/C or CAP/DA waivers and meet one of the BH I/DD Tailored Plan eligibility criteria to enroll in a BH I/DD Tailored Plan for Medicaid-covered behavioral health, I/DD, and TBI services. They would receive all other Medicaid-covered services through NC Medicaid Direct.

4. BH I/DD Tailored Plans will be integrated Medicaid Managed Care plans and, as specified under N.C. Gen. Stat. § 108D-60, are required to cover the services specified in this RFA that address the spectrum of their members’ needs, including those related to physical health, BH, I/DD, TBI, long-term services and supports, and pharmacy services.

5. BH I/DD Tailored Plans will administer two (2) of the State’s Medicaid Section 1915(c) Home and Community-Based Services (HCBS) waivers: the North Carolina Innovations waiver for individuals with

² Pursuant to Section 14. of Session Law 2019-81, these provisions have now been codified in Article 4 of Chapter 108D of the General Statutes.
I/DD and the TBI waiver for individuals with a TBI in limited geographies. The Innovations and TBI waivers provide a community-based alternative to institutional care for BH I/DD Tailored Plan members who meet medical necessity for an institutional level of care.

a. BH I/DD Tailored Plans will administer the Innovations waiver and the TBI waiver (if applicable) in alignment with the following goals:

   i. Valuing and supporting waiver beneficiaries to be fully functioning members of their community;

   ii. Promoting promising practices that result in real life outcomes for beneficiaries; and

   iii. Offering service options that will facilitate each beneficiary’s ability to live in the home of their choice, have employment or engage in a purposeful day of their choice and achieve their life goals.

b. BH I/DD Tailored Plans will be responsible for determining eligibility for the Innovations and TBI waivers and managing access to their Department-allocated waiver slots. BH I/DD Tailored Plans will administer Innovations waiver and TBI waiver services to eligible Innovations waiver and TBI waiver beneficiaries who are members of their BH I/DD Tailored Plan.

6. BH I/DD Tailored Plans will be responsible for managing the state’s non-Medicaid or State-funded mental health, developmental disabilities, substance use disorder, and TBI services, which are targeted to uninsured and underinsured North Carolinians.

a. The Department has leveraged its deep experience administering State-funded Services in partnership with the LME/MCOs and the local counties to inform the overall design and structure of the BH I/DD Tailored Plans. After the transition to BH I/DD Tailored Plans, BH I/DD Tailored Plans in their role as area authorities as defined by N.C. Gen. Stat. § 122C-3(20c) will retain their central role in administering state-funded BH, I/DD, and TBI services, as directed by the Department, to address the needs of their communities.

b. With the transition to BH I/DD Tailored Plans, the Department seeks to emphasize the following priorities of the delivery of State-funded Services and aims to:

   i. Promote consistency and equity in access to State-funded Services to those with the greatest needs;

   ii. Focus the State-funded Services array on effective treatments that are based on best and/or promising practices consistent with Department priorities;

   iii. Maximize the impact of limited funding; and

   iv. Ensure the appropriate quality and oversight of State-funded Services.

c. State-funded Services are funded through a combination of state funding and federal Substance Abuse and Mental Health Services Administration (SAMHSA) block grants. The Department expects to disburse non-Medicaid funds to the BH I/DD Tailored Plans and require the BH I/DD Tailored Plans to use funds available to authorize and manage delivery of State-funded Services consistent with federal and state guidelines.

---

3 As of the release date of the RFA, the TBI Waiver is only available in Wake, Durham, Johnston and Cumberland counties.
7. The Department remains committed to preventing institutionalization and providing services and supports in the most therapeutically appropriate and integrated settings for all North Carolinians. Recognizing the accomplishments of the Transitions to Community Living Initiative (TCLI), the BH I/DD Tailored Plans will be responsible for expanding the principles of TCLI within funding allocations and as outlined in this contract through provisions addressing in-reach, transition and diversion, for members with SMI, serious emotional disturbance (SED), I/DD and TBI diagnoses, and recipients with SMI, who are in or at risk of entry to an institutional setting or an adult care home (ACH) as detailed in Section V.B.3.xiii and Section V.C.3.d-e.

The Department has begun the process of developing a new Olmstead Plan to advance innovation, coordination and whole-person, systemic change that accelerates community inclusion opportunities for individuals with SMI, SED, I/DD and TBI diagnoses. The BH I/DD Tailored Plans will be responsible for implementing relevant provisions of the Olmstead Plan when it is completed.

8. BH I/DD Tailored Plans shall strive for all mental health, SUD, I/DD, and TBI services and supports funded by Medicaid and State funds to be high quality and sufficient to help individuals achieve increased independence, gain greater integration into the community, obtain and maintain stable housing, avoid harm, and decrease the incidence of hospital contacts and institutionalization.

9. BH I/DD Tailored Plans will be responsible for providing access to the array and intensity of services and supports necessary to enable members or recipients with SMI, SED, I/DD, or TBI diagnoses who reside in or are at risk of entry into institutional settings and ACHs to successfully transition to and live in community-based settings.

10. BH I/DD Tailored Plans will engage with local stakeholders, including county agencies (e.g., local law enforcement, local school districts, magistrates), safety net hospitals, community providers, federal and state tribes, members and recipients, and families to understand the needs of the counties they serve and inform system planning for both Medicaid members and State-funded Services recipients. The Department recognizes that these close and collaborative relationships are critical to promoting and sustaining local and regional investments in the community behavioral health, I/DD, and TBI services.

D. Catchment Areas

Each BH I/DD Tailored Plan shall operate in its Catchment Area as defined in Section VII. Attachment T: BH I/DD Tailored Plan Catchment Areas.

The Contractor shall retain any such books, records, data, information, and accounts in accordance with Paragraph 37. RECORDS RETENTION of this Section III.D. of this Contract. Changes or additional audit, retention or reporting requirements may be imposed by federal or state law and/or regulation, and the Contractor must adhere to such changes or additions.
   b. The State Auditor shall have access to persons and records as a result of all contracts or grants entered into by State agencies or political subdivisions in accordance with N.C. Gen. Stat. § 147-64.7. Nothing in this Section is intended to limit or restrict the State Auditor’s rights.
   c. This term shall survive termination or expiration of the Contract.

2. **ADVERTISING:** Contractor agrees not to use the existence of this Contract or the name of the Department or State of North Carolina as part of any commercial advertising or marketing of its products or services to prospective Members, excepted as permitted under this Contract. The Department is under no obligation to serve as a reference. Notwithstanding the foregoing, Contractor may reference the existence of this Contract and the name of the Department or State of North Carolina in communications with other audiences for non-advertising or marketing purposes associated with implementation and performance of this Contract.

3. **AMENDMENTS:** This Contract may not be amended orally or by performance. This Contract may be amended only by written amendments executed by the Department and the Contractor.

4. **ASSIGNMENT:** Except as otherwise required by law or upon written approval of the Department, no assignment of the Contractor’s obligations nor the Contractor’s right to receive payment hereunder shall be permitted.

Stat. § 132-1, et seq., this Contract and information or documents provided to the Department under the Contract are Public Record and subject to inspection, copy and release to the public unless exempt from disclosure by statute. Any proprietary or confidential information which conforms to exclusions from public records as provided by Chapter 132 of the General Statutes must be clearly marked as such with each page containing the trade secret or confidential information identified with bold face as “CONFIDENTIAL.” Any material labeled as confidential constitutes a representation by the Contractor that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under N.C. Gen. Stat. § 66-152(3). Under no circumstances shall price information be designated as confidential. Contractor is urged and cautioned to limit the marking of information as trade secret or confidential so far as is possible.

2. Regardless of what Contractor may label as a trade secret, the determination of whether it is or is not entitled to protection will be made in accordance with N.C. Gen. Stat. § 132-1.2 and N.C. Gen. Stat. § 66-152(3). If any challenge, legal or otherwise, is made related to the confidential nature of

Gen. Stat. § 132-1.2. In lieu of redacting information by obscuring, Contractor may replace the information, paragraphs or pages with the word “Redacted.” By submitting a redacted copy, the Contractor warrants that it has formed a good faith opinion, having received such necessary or proper review by counsel and other knowledgeable advisors, that the portions marked Confidential and/or Redacted meet the requirements of Chapter 132 of the General Statutes. If either Party identifies a dispute or potential problem with contract compliance, the Department’s Contract Administrator shall first obtain all information regarding the issue from the BH I/DD Tailored Plan Contract Administrator and/or relevant Department staff, review all the facts in conjunction with the requirements and terms and conditions of this Contract and confer with Department leadership, if necessary, to determine the appropriate course of action.

2. If BH I/DD Tailored Plan alleges the dispute or potential problem is the fault of the Department or any of its Divisions, agents, employees or subcontractors, the Department Contract Administrator shall investigate the BH I/DD Tailored Plan's allegations, take immediate steps to cure the problem if substantiated by the Department and shall notify the BH I/DD Tailored Plan Contract Administrator in writing of its investigative findings and the timeline for resolution, if any, within five (5) Business Days of such determination.

3. If the Department alleges the dispute or potential problem, including but not limited to contested over or under payments, recoupments, penalties or adjustments pursuant to this Contract, is the fault of BH I/DD Tailored Plan or its agents, employees or subcontractors, the BH I/DD Tailored Plan Contract Administrator shall investigate the Department's allegations, take immediate steps to cure the problem if substantiated by BH I/DD Tailored Plan and shall notify the Department Contract Administrator in writing of its investigative findings and the timeline for resolution, if any, within five (5) Business Days of such determination.

4. If the dispute is not resolved pursuant to Section III. G.2,3 and is the result of a conflict or lack of clarity within this Contract, the Parties will negotiate in good faith an Amendment to this Contract to resolve the dispute.

5. If the unresolved dispute appears to impact more than one BH I/DD Tailored Plan operating under the 1915(b)/(c) Waiver, the Department Contract Administrator shall notify Department leadership, who will develop a plan of action with multiple BH I/DD Tailored Plans for resolving the dispute. The goal of
the resolution process shall be to resolve all problems before they escalate to the next level. The Department and BH I/DD Tailored Plan Contract Administrators shall schedule telephone or face to face meetings as necessary in order to achieve resolution without conflict where possible.

6. If BH I/DD Tailored Plan or Department is not satisfied with the results of the above-described resolution process decision, BH I/DD Tailored Plan or Department may invoke any legal or administrative remedy available to it under State and Federal law. (a) The BH I/DD Tailored Plan must ensure that care managers delivering the Tailored Care Management model coordinate across a member’s whole-person needs, including physical health, BH, I/DD, TBI, LTSS, pharmacy, and unmet-health related resource needs. See Section V.B.3.ii. Tailored Care Management for more information on the Tailored Care Management model.

(b) The BH I/DD Tailored Plan must provide a single phone line for member- and recipient-facing services, noting that phone lines may route callers based on service selected from a larger menu of services. The BH I/DD Tailored Plan is encouraged to implement other provider-facing operational solutions to align processes across service types and reduce the administrative burden on providers. Such solutions may include, but are not limited to, provider contracting. See applicable requirements in Section V.B.4. Providers, Section V.B.6. Claims and Encounter Management, and elsewhere throughout Section V.B. Medicaid and Section V.C. State-funded Services for more information on other operational services.

(2) Limited scope sub-capitation arrangements (e.g., for primary care services or bundled payments) are permitted.

(b) A BH I/DD Tailored Plan and Subcontractor may enter a contract under which the two plans share savings from reduced medical expenditures, however:

vi. Readiness Review Requirements
(i) The Department is committed to ensuring the BH I/DD Tailored Plan is prepared and able to serve as a good administrator of Medicaid Managed Care and State-funded BH, I/DD and TBI services. (12) Beneficiaries enrolled in the Optional COVID-19 (MCV) Testing Program

(b) Because the Innovations and TBI waivers shall only be offered by the BH I/DD Tailored Plans upon their launch, the Department has authority under N.C. Gen. (1) Beneficiaries who are members of federally recognized tribes and beneficiaries eligible to receive services from the Indian Health Service are exempt from Medicaid Managed Care. These beneficiaries will default to the Tribal Option or NC Medicaid Direct depending on their county of residence, but will have the choice to enroll in a Standard Plan or BH I/DD Tailored Plan (if eligible). More details of these options can be found in Section V.B.4.i.(iii)(c) Tribal Member Services and Indian Health Care Providers (42 C.F.R. § 438.14).

(1) Beneficiaries who (i) reside in a nursing facility and have so resided, or are likely to reside, for a period of ninety (90) days or longer and (ii) are not being served through CAP/DA. i. The Department considers beneficiaries residing in or determined eligible for and transferred to a state-owned Neuro-Medical Center operated by the Department’s Division of State Operated Healthcare Facilities (DSOHF) or a Veterans Home operated by the Department of Military and Veterans Affairs (DMVA) to be temporarily excluded until the beneficiary is discharged and determined eligible for Medicaid Managed Care.

ii. For members of the BH I/DD Tailored Plan determined eligible for and transferred for treatment to a DSOHF Neuro-Medical Center or state-owned Veterans Home after BH I/DD Tailored Plan implementation, the Department shall disenroll the member in accordance with the Section VII. (e) Pursuant to N.C. Gen. Stat. § 108D-40(b), populations excluded from Medicaid Managed Care or populations who have been temporarily excluded from Medicaid Managed Care may be enrolled at any time, as determined by the Department, if eligible to receive a service that is not available in NC Medicaid Direct but is offered by the BH I/DD Tailored Plan.

(f) At any time during the Contract Term, the Department reserves the right to amend the contract based on an increase or decrease in covered populations included in the Medicaid Managed Care program based on federal or state law or regulatory changes, federally approved Medicaid waivers for North Carolina, or a change in the enrollment processes or BH I/DD Tailored Plan eligibility criteria. The Department shall provide written notice to each BH I/DD Tailored Plan of such change no later than sixty (60) days prior to the effective date of such change, unless shorter notice period is required by a federal or state law or regulatory change, with the Parties executing a Contract Amendment to incorporate such modifications.

(iv) The Department believes that certain groups of beneficiaries meeting one or more of the BH I/DD Tailored Plan eligibility criteria who are otherwise excluded from Medicaid Managed Care will benefit from BH I/DD Tailored Plan enrollment. The following legislative changes will impact eligibility or coverage of services by a BH I/DD Tailored Plan upon becoming law:

(a) The Department is seeking a change in State law to allow Beneficiaries who are enrolled in both Medicare and Medicaid for whom Medicaid coverage is not limited to the coverage of Medicare premiums and cost sharing are eligible to enroll in a BH I/DD Tailored Plan at BH I/DD Tailored Plan launch for Medicaid-covered BH, I/DD, and TBI services if they meet one of the BH I/DD Tailored Plan eligibility criteria. They will receive all other Medicaid-covered services through NC Medicaid Direct.

does not apply to the choice of Standard Plan or BH I/DD Tailored Plan, PCP or, if
applicable, prescriber.

(10) The BH I/DD Tailored Plan shall, if a member contacts the BH I/DD Tailored Plan to change
to a Standard Plan or another BH I/DD Tailored Plan (e.g., if they change Regions), perform
a Warm Transfer to the Enrollment Broker.

(11) The BH I/DD Tailored Plan shall ensure as outlined in Section V.A.2. Program Operations
that its telephone system will have the functionality to transfer beneficiaries and
authorized representatives from the call center to local DSS office without disconnecting
the call.

(12) If a member’s demographic information is not updated during the next member
reconciliation cycle with the BH I/DD Tailored Plan and the Department, the BH I/DD
Tailored Plan shall follow up with members to provide them with information on how to
change their demographic information and assist in making a connection to the local DSS
office or NC FAST online portal.

(b) Beneficiary Disenrollment

(1) The BH I/DD Tailored Plan shall adhere to the Department’s Medicaid Managed Care

and consistent with federal regulations at 42 C.F.R. § 438.56, including but not limited to:

i. Member disenrollment requests; and
ii. Department disenrollment requests.

(2) The BH I/DD Tailored Plan shall accept and process all BH I/DD Tailored Plan enrollments and disenrollments within twenty-four (24) hours of receipt of the standard eligibility file defined by the Department and effectuate enrollment and disenrollment according to the effective date provided on the standard eligibility file.

(3) The BH I/DD Tailored Plan shall comply with the Department’s membership reconciliation process as defined in Section V.B.8. Technical Specifications.

(4) The BH I/DD Tailored Plan shall develop and maintain a Member Enrollment and Disenrollment policy. (f) The Department currently covers a subset of BH services under its 1915(b)(3) waiver, which will sunset upon BH I/DD Tailored Plan launch. The Department plans to seek authority to cover most of the current 1915(b)(3) services through 1915(i) authority. The Department is also considering seeking federal authority to provide Medicaid coverage for select home and community-based services that are currently covered under the state-funded I/DD service

11 Only BH I/DD Tailored Plan members who are enrolled in the Innovations waiver will have access to these services.

12 The Department plans to remove community navigator from the Innovations service array prior to BH I/DD Tailored Plan launch because it is duplicative with Tailored Care Management. Self-directed functions that are currently provided under the community navigator service definition will be incorporated into the financial support services definition.

13 Only BH I/DD Tailored Plan members who are enrolled in the TBI waiver will have access to these services.

(j) The BH I/DD Tailored Plan shall not prohibit physicians from billing valid global obstetrics claims including antepartum care, labor and delivery, and post-partum care as defined in Obstetrics Clinical Coverage Policy 1E-5, regardless if the antepartum care was provided prior to a member enrolling in the BH I/DD Tailored Plan.

(k) The BH I/DD Tailored Plan shall encourage primary care providers who serve members under age nineteen (19) to participate in the Vaccines for Children (VFC) program, which allows providers to receive vaccines at no cost for children eligible for Medicaid who are under age nineteen (19).
   (1) The BH I/DD Tailored Plan shall require that primary care providers administer vaccines consistent with the American Academy of Pediatrics (AAP)/Bright Future periodicity schedule.
   (2) For Medical Benefits, the BH I/DD Tailored Plan shall reimburse the Provider for only the administration fee for VFC eligible beneficiaries.
   (3) Vaccines provided for children enrolled in Medicaid should go through the VFC, when the VFC program includes the vaccine.
   (4) Vaccines provided for children enrolled in NC Health Choice are not covered by the VFC program. The BH I/DD Tailored Plan shall reimburse the Provider for both the vaccine and administration fee for NC Health Choice beneficiaries.
   (5) The BH I/DD Tailored Plan shall adhere to additional VFC requirements as defined in Section V.B.3.ix. Prevention and Population Health Programs.

(b) The BH I/DD Tailored Plan shall provide medically necessary services to all enrolled members under the age of twenty-one (21) beginning at birth, which are necessary to treat or ameliorate defects, physical or BH, and conditions identified by an EPSDT screen, considering the medical necessity criteria specific to EPSDT defined in Section V.B.2.ii. Early and Periodic Screening, Diagnostic and Treatment for Medicaid Members, 42 U.S.C. § 1396d(r), and 42 C.F.R. § 441.50-62 and the needs of the child.

(d) The BH I/DD Tailored Plan shall work with providers to ensure that providers identify an appropriate new level of care for a member who no longer meets the medical necessity criteria for an existing service.

(e) The BH I/DD Tailored Plan shall determine whether a service is medically necessary on a case by case basis.

(f) For Medicaid Managed Care members under the age of twenty-one (21), the BH I/DD Tailored Plan shall not issue adverse determinations on requests for a medical service coverable under 42 U.S.C. § 1396d(a), (§1905(a) of the Social Security Act) unless the decision is made following a medical necessity review per EPSDT federal standards.

(g) Consistent with 42 C.F.R. 438.210(a)(5)(ii), the BH I/DD Tailored Plan shall provide medically necessary services that address:

(1) The prevention, diagnosis, and treatment of a Member’s disease, condition, and/or disorder that results in health impairments and/or disability.

(v) Utilization Management
(a) The BH I/DD Tailored Plan shall develop a utilization management (UM) program for medical, BH, I/DD, LTSS, and pharmacy services that is based on nationally-recognized, evidence-based clinical practice guidelines and decision support methodologies to support UM and prior authorization for services not otherwise defined in mandated clinical coverage policies. The BH I/DD Tailored Plan shall ensure the UM program aligns with the parameters laid out in Section V.A.1.iv. Third Party (Subcontractor) Contractual Relationships, to the degree a subcontractor relationship applies.
(b) UM Program Policy
(1) The BH I/DD Tailored Plan shall document the UM program, including referral and prior authorization processes, in a written UM Program Policy and submit to the Department for review one hundred fifty (150) Calendar Days after Contract Award. As long as the UM Policy clearly states that it applies to the BH I/DD Tailored Plan, the UM Policy may apply to other LME/MCO operations, including, without limitation, the PIHP.
(2) The UM Program Policy, consistent with 42 C.F.R. § 438.210(b), shall contain written policies and procedures for, at a minimum, the following:
   i. Service authorization. Prior and concurrent authorization of services, including the process used to authorize services, criteria used to support authorization of services;

   viii. Mechanisms for detecting and addressing instances of overutilization, underutilization, and misutilization;
   ix. Identification of all UM activities delegated to other entities, the delegate’s accountability for these activities, and the frequency of reporting to the BH I/DD Tailored Plan;
   x. Standards for organ transplants that provide for similarly situated individuals to be treated alike and for any restriction on facilities or practitioners to be consistent with the accessibility of high quality care to Members. Section 1903(i) of the Social Security Act;
   xi. Dissemination of guidelines to all affected providers and, upon request, to members and potential members; and
   xii. Consistent with 42 C.F.R. § 438.210(e), ensures that compensation to individuals or entities that conduct UM activities is not structured to provide financial incentives for the individual or entity to deny, limit, or discontinue services to any member.
(3) The BH I/DD Tailored Plan shall submit a signed attestation to the Department to confirm compliance with the UM and clinical coverage requirements in the Contract, in a format and frequency specified by the Department. Minimally, the BH I/DD Tailored Plan shall submit the attestation required by this Section annually, by June 30th, unless otherwise directed by the Department.
   i. Nothing in this Section shall be construed to limit or interfere with the Department’s right to individually review and approve any BH I/DD Tailored Plan UM or clinical coverage policy to ensure compliance with the Contract.

(4) The BH I/DD Tailored Plan shall revise the UM Program Policy based on changes requested by the Department and submit to the Department in writing any changes to the UM Program Policy no less than sixty (60) Calendar Days before such changes go into effect.

(5) The BH I/DD Tailored Plan shall post the UM Program Policy on their publicly available website for providers and members, or in other forms as requested by the provider or member, at no cost. The BH I/DD Tailored Plan shall include a prominent reference to the web address of the UM Program Policy in both its Provider Manual and Member Handbooks, including Innovations and TBI Waiver Handbooks.

(6) The BH I/DD Tailored Plan shall provide training and education to providers including prescribers on changes to the UM Program prior to the effective date of the change as part of the Provider Training Plan as described in Section V.B.4.iii. Provider Relations and Engagement.

(7) The UM Program shall comply with the federal laws and regulations on mental health parity, including Mental Health Parity and Addiction Equity Act (MHPAEA), 42 C.F.R. §438.3(e)(1)(ii), 42 C.F.R. § 438.905, and 438.910(b)-(d).
   i. Annually, the BH I/DD Tailored Plan shall submit a completed standardized parity analysis workbook, developed by the Department and provided upon award, to demonstrate compliance.

(c) The BH I/DD Tailored Plan shall have the option of using the Department’s NC Medicaid Direct clinical coverage policies as the basis for the UM program or developing its own for all covered services with the exception of those listed in Section V.B.2. Table 6: Required Clinical Coverage Policies.

(d) The UM process must support an integrated, holistic look at an enrollee’s physical health, LTSS, BH, and I/DD needs, noting that alternative treatments or supports may be appropriate in light of a beneficiary’s complete clinical and other support needs.

(e) The Clinical Practice Guidelines shall:
   (1) Be based on valid and reliable clinical evidence or consensus of providers in a particular field;
   (2) Consider the needs of members;
   (3) Be adopted in consultation with contracting health professionals;
   (4) Be reviewed and updated periodically as appropriate;
   (5) Be utilized for decisions for utilization management, Member education, coverage of services, and other areas to which the guidelines apply; and
   (6) Starting in Contract Year 1, meet the clinical practice guidelines required for Health Plan Accreditation with LTSS distinction set forth by the National Committee for Quality Assurance (NCQA). 42 C.F.R. § 438.236(b).

(f) The Department will allow “proprietary” UM policies under limited circumstances, with prior approval by the Department.
(g) A chart of all North Carolina Medicaid and NC Health Choice clinical coverage policies is found in *Section VII. First Revised and Restated Attachment B. Summary of Medicaid and NC Health Choice Covered Services & Clinical Coverage Policies*.

(h) For a limited number of services, the BH I/DD Tailored Plan shall incorporate existing NC Medicaid Direct, NC Health Choice, and State-funded clinical coverage policies into the UM Program to maintain services for specific vulnerable populations, maximize federal funding, and comply with State mandates, as described in *Section V.B.2. Table 6: Required Clinical Coverage Policies*.

(i) The Department reserves the right to require the BH I/DD Tailored Plan to follow additional NC Medicaid Direct clinical coverage policies developed by the Department after the effective date of this Contract based on the rationale listed herein.

The BH I/DD Tailored Plan shall make the CMO or designee available to discuss and report on the UM Program, as requested by the Department.

The BH I/DD Tailored Plan shall use a standardized prior authorization request form developed by the Department.

The BH I/DD Tailored Plan shall, prior to the decision on a request for prior approval, limit contacts with the requesting provider or member (including telephone and email contacts) to those needed to obtain more information about the service request and/or to provide education about covered services.

1. Providers and members will not be asked to withdraw or modify a request for prior approval of a covered service in order to accept a lesser number of hours, or less intensive type of service, or to modify a SNAP (Supports Needs Assessment Profile) or SIS® score or other clinical assessment.

2. Material misinformation to or intimidation of providers or members who has the foreseeable effect of significantly discouraging request for covered services, continuation of covered services, or the filing or prosecution of OAH Appeals is prohibited. The care management process shall not be used to improperly influence, change or prevent a request for a prior approval.

3. Nothing in this paragraph should be construed to prevent clinical or treatment discussions.

The BH I/DD Tailored Plan shall not terminate a service authorization after the services, supplies, or other items have been provided, except as provided in N.C. Gen. Stat. § 58-3-200(c).

The BH I/DD Tailored Plan shall not terminate a prior authorization for emergency services after the services have been provided, except as provided in N.C. Gen. Stat. § 58-3-190(c).

Any decision to deny a service authorization request or to authorize a service in an amount, duration, or scope that is less than requested must be made by an individual who has appropriate expertise in addressing the member’s medical, BH, I/DD, TBI, or long-term services and supports needs. 42 C.F.R. § 438.210(b)(3).

As part of the UM program, the BH I/DD Tailored Plan shall adhere to the following prior authorization requirements.

1. To effectively manage the care of its members, the BH I/DD Tailored Plan shall establish and maintain a referral and prior authorization process that is centered on the member’s primary care provider (PCP).

2. The BH I/DD Tailored Plan shall conduct prior authorization reviews using current clinical documentation and must consider the comprehensive range of the member’s physical health, LTSS, BH, I/DD and TBI needs, noting that alternative treatments or supports may be appropriate in light of a member’s complete clinical and other support needs.

3. The BH I/DD Tailored Plan may require a referral for any medical services not provided by the PCP except where specifically prohibited in the Department-BH I/DD Tailored Plan contract and in federal and state statute and regulations.

4. The BH I/DD Tailored Plan shall not require the submission of an Individualized Education Program (IEP) plan as a condition of receiving a prior authorization nor shall evidence of an IEP be grounds for a prior authorization request denial for services that are not required to be provided by the LEA, unless required by the applicable NC Medicaid Clinical Coverage Policy. However, the BH I/DD Tailored Plan may consider the IEP to contain evidence to support a determination that a Member may require active treatment.

5. Consistent with 42 C.F.R. § 438.206, the BH I/DD Tailored Plan shall not require referral or prior authorization on any of the following services, and shall include information on services that do not require a referral or prior authorization in its Member Handbook:
i. Emergency services
   a) In accordance with 42 C.F.R. § 438.114, the BH I/DD Tailored Plan shall not require members to obtain a referral or prior authorization before receiving emergency services.
   b) The BH I/DD Tailored Plan shall not limit what constitutes an emergency medical condition on the basis of lists of diagnoses or symptoms.
   c) The BH I/DD Tailored Plan shall not refuse to cover emergency services, including ambulance services, based on the provider of such services, the hospital, or the fiscal agent not notifying the member’s PCP or BH I/DD Tailored Plan of the member’s screening and treatment within ten (10) Calendar Days of presentation for emergency services.

Subject to Department review and approval, in Contract Year 2, the BH I/DD Tailored Plan may develop its own pharmacy contracting for ingredient reimbursement if the BH I/DD Tailored Plan can demonstrate that the reimbursement results in overall savings to the Department and does not impact access to care. In submitting an alternative reimbursement schedule, the BH I/DD Tailored Plan must also submit a pharmacy network access monitoring plan.

The BH I/DD Tailored Plan shall comply with N.C. Gen. Stat. § 58-51-37(f) in relation to any rebates or marketing incentives offered by the BH I/DD Tailored Plan.

   (3) The BH I/DD Tailored Plan pharmacy provider contracts shall require that 340B covered entities’ written agreements with contracted pharmacies specify that contract pharmacies comply with the point of sale identification of drugs purchased through the 340B program. 42 C.F.R. § 438.3(s)(3).
   (4) The BH I/DD Tailored Plan pharmacy provider contracts shall require contract pharmacies that retroactively identify 340B claims, resubmit the claims with the appropriate NCPDP 340B claims identification codes. 42 C.F.R. § 438.3(s)(3).
   (5) The BH I/DD Tailored Plan shall report to the Department the commencement, conclusion and final results of all HRSA audits.

3. Care Management
   i. Overview
      (i) The Department believes that care management is a crucial driver to help achieve key goals of BH I/DD Tailored Plans, including integrated, whole-person care and fostering coordination and collaboration among care team members across disciplines and settings.
      (ii) The Department has developed Tailored Care Management, described in Section V.B.3.ii. Tailored Care Management, as the predominant care management model for the BH I/DD Tailored Plan population.
      (iii) The BH I/DD Tailored Plan shall be responsible for implementing the Tailored Care Management model as described in Section V.B.3.ii. Tailored Care Management and engaging its members in Tailored Care Management.
      (iv) Beyond Tailored Care Management, the BH I/DD Tailored Plan shall be responsible for delivering care coordination and managing care transitions for all members, regardless of whether they participate in Tailored Care Management, as described in Section V.B.3.iii. Care Coordination and Care Transitions for all Members.
      (v) The BH I/DD Tailored must also provide additional care management and care coordination functions as detailed in Section V.B.3.iv. Additional Care Coordination Functions for Members Enrolled in the Innovations or TBI Waiver, Section V.B.3.v. Other Care Management Programs, Section V.B.3.vii. System of Care, and Section V.B.3.viii. In-reach and Transition from Institutional Settings.

   ii. Tailored Care Management
      (i) Model Overview and Objectives
         (a) Tailored Care Management is built on the principle that provider- and community-based care management is crucial to the success of fully integrated managed care. The BH I/DD Tailored Plan must ensure that care managers delivering Tailored Care Management coordinate across...
a member’s whole-person needs, including physical health, BH, I/DD, TBI, LTSS, pharmacy and Unmet Health-Related Resource Needs.

(b) The Department is committed to the principle that placing care management as close as possible to the beneficiary and the site of care will drive better health outcomes.

c) The BH I/DD Tailored Plan shall ensure that Tailored Care Management is available to all BH I/DD Tailored Plan members, regardless of geography, continuously throughout their enrollment, unless they are receiving duplicative Care Management services as defined in Section V.B.3.ii.(xix)(g) Duplication of Care Management.

d) Tailored Care Management is also designed to align with the North Carolina System of Care framework. The North Carolina System of Care framework was developed to address the unique needs and challenges of children and youth with BH needs.

e) Federal Health Home Structure

(1) Upon CMS approval of a SPA to add Tailored Care Management as a Health Home State Plan benefit, the BH I/DD Tailored Plan shall act as the designated Health Home for its members. In its role as a Health Home, the BH I/DD Tailored Plan shall ensure that members have access to Care Management that meet the requirements of this Section and federal Health Home requirements.

(2) The BH I/DD Tailored Plan shall cooperate with the Department in the administration of North Carolina’s Section 2703 Health Home SPA, including implementation, providing reporting and data, and other requirements.

(ii) Delivery of Tailored Care Management

(a) The BH I/DD Tailored Plan must offer the following three approaches for delivering Tailored Care Management:

(1) AMH+: To be eligible to become an AMH+, the practice must intend to become a PCP in the BH I/DD Tailored Plan network. Only AMH Tier 3 practices certified as an AMH+ practice may provide Tailored Care Management as defined in Section V.B.3.ii.(xviii) Certification of AMH+ Practices and CMAs.

(2) Care Management Agency (CMA): To be eligible to become a CMA, an organization must, at the time of certification, have as its primary purpose the delivery of NC Medicaid, NC Health Choice, or State-funded Services, other than Care Management, to the BH I/DD Tailored Plan eligible population in North Carolina. Provider organizations must be certified as a CMA to provide Tailored Care Management as defined in Section V.B.3ii.(xviii) Certification of AMH+ Practices and CMAs.

(3) BH I/DD Tailored Plan-based care managers: The BH I/DD Tailored Plan may provide Tailored Care Management.

(b) Provider-based Tailored Care Management

(1) The Department considers Tailored Care Management delivered by an AMH+ practice or a CMA to be provider-based.

(2) The BH I/DD Tailored Plan must contract with all organizations in its Region that receive AMH+ or CMA certification to provide Tailored Care Management, with limited exceptions as described in Section V.B.3.ii.(xviii) Certification of AMH+ Practices and CMAs and Section V.B.3.ii.(xix) Oversight.

(3) The BH I/DD Tailored Plan shall meet annual requirements established by the Department for the percentage of Members actively engaged in Provider-based Tailored Care Management approaches, meaning Members who are receiving at least one (1) of the following six (6) core Health Home services in that month:

i. Comprehensive care management: a team-based, person centered approach to effectively manage Members’ medical, social and behavioral conditions;

ii. Care coordination: the act of organizing Member care activities and sharing information among all the participants involved with a Health Home Member’s care to achieve safer and more effective care. Through organized care coordination, Members’ needs and preferences are known ahead of time and communicated at the right time to the right people to provide safe, appropriate, and effective care;

iii. Health promotion: education and engagement of a Member in making decisions that promote achievement of good health, pro-active management of chronic conditions, early identification of risk factors, and appropriate screening for emerging health problems;

iv. Comprehensive transitional care/follow-up: the process of assisting a Health Home member to transition to a different care setting or through a life stage that results in or requires a modification of services (e.g. school-related transitions);

v. Individual and family supports: the coordinating of information and services to support Health Home members (or their caretakers/guardian) to maintain and promote the quality of life, with particular focus on community living options; or

vi. Referral to community and social support services: providing information and assistance for the purpose of referring Health Home members to resources that address their unmet-health resource needs identified in the care plan/ISP.

vii. CMS guidance on the core Health Home core service definitions and related activities can be found at the following website:

viii. The percentage shall be calculated as:
   a) Numerator: Number of members actively engaged in Tailored Care Management provided by care managers based in AMH+ practices or CMAs certified by the Department
   b) Denominator: Total number of members actively engaged in Tailored Care Management.

(4) Each year, the Department will divide the amount of Tailored Care Management that was delivered to each BH I/DD Tailored Plan’s members by AMH+s and CMAs (and Clinically Integrated Networks (CINs) or Other Partners on their behalf) by the amount of all Tailored Care Management delivered to members of that BH I/DD Tailored Plan. The annual required percentages for Provider-based Care Management delivered to BH I/DD Tailored Plan members are as follows:
   i. Contract Year 1: 30 percent (30%);
   ii. Contract Year 2: 45 percent (45%);
   iii. Contract Year 3: 60 percent (60%); and
   iv. Contract Year 4: 80 percent (80%).

(5) The Department will assess compliance with annual required percentages for each Contract Year during the first quarter of subsequent Contract Year, beginning in Contract Year 2.

(6) The Department may adjust the annual required percentages at its discretion.

(7) As part of its Care Management Policy (Section V.B.3.vi. Care Management Policy), the BH I/DD Tailored Plan shall provide a plan for supporting development of Provider-based Care Management and oversight of Provider-based Care Management.
(iii) Eligibility for Tailored Care Management

(a) All members, including those enrolled in North Carolina’s 1915(c) Innovations and TBI waivers, are eligible for Tailored Care Management, with the following exceptions for members participating in services that are duplicative of Tailored Care Management:

(1) Members obtaining Assertive Community Treatment (ACT);
(2) Members residing in Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF-IIDs);
(3) Members participating in Care Management for At-Risk Children; and
(4) Members participating in the High-Fidelity Wraparound program as described in Section V.B.3.v.(v) High-Fidelity Wraparound.

(b) The Department reserves the right to require BH I/DD Tailored Plans to allow beneficiaries enrolled in NC Medicaid Direct to enroll in Tailored Care Management if they meet the Health Home eligibility criteria that will be specified in the forthcoming Health Home SPA.

(iv) Enrollment in Tailored Care Management

(a) The BH I/DD Tailored Plan shall auto-enroll all members eligible for Tailored Care Management into Tailored Care Management at BH I/DD Tailored Plan launch.

(b) The BH I/DD Tailored shall allow members to opt out of Tailored Care Management at any time.

(1) The BH I/DD Tailored Plan shall permit members who do not want to participate in Tailored Care Management to opt-out via a Tailored Care Management Opt-out Form, which the BH I/DD Tailored Plan shall submit to the Department for approval as part of its Care Management Policy. The form must include a place to provide the reason for opting out.

   i. The BH I/DD Tailored Plan shall permit the Tailored Care Management Opt-out Form to be mailed in, completed online, filled out in person with the care manager, or filled out over the telephone with either the BH I/DD Tailored Plan or organization assigned to provide Tailored Care Management.

(2) The BH I/DD Tailored Plan shall permit a member who has opted out to opt back into Tailored Care Management at any time by contacting the BH I/DD Tailored Plan.

(3) The BH I/DD Tailored Plan shall provide care coordination and manage care transitions for members who opt-out of Tailored Care Management as described in Section V.B.3.iii. Care Coordination and Care Transitions for all Members.

   i. In cases where a member enrolled in the Innovations or TBI waiver opts out of Tailored Care Management, the BH I/DD Tailored Plan must provide the Innovations or TBI waiver care coordination services as stipulated by the applicable 1915(c) waiver.

(4) The BH I/DD Tailored Plan shall submit a sample care management enrollment packet as part of its Care Management Policy (Section V.B.3.vi. Care Management Policy).

(v) Tailored Care Management Assignment

(a) The BH I/DD Tailored Plan shall ensure that all members, including those enrolled in the Innovations or TBI waiver, have a choice of care management approach (outlined in Section V.B.3.ii.(ii) Delivery of Tailored Care Management). To facilitate timely engagement in Tailored Care Management, the BH I/DD Tailored Plan shall make initial Tailored Care Management assignments as described in this Section. The assignment process for Tailored Care Management shall be distinct from the Primary Care Provider (PCP) assignment process described in Section V.B.1.vii.(ii) PCP Choice and Assignment.

(b) The BH I/DD Tailored Plan must submit to the Department its methodology for assigning eligible members to Tailored Care Management based on AMH+ practice, a CMA or the BH I/DD Tailored Plan.
(c) The BH I/DD Tailored Plan must assign members to a mix of the three Tailored Care Management approaches (outlined in Section V.B.3.ii.(ii) Delivery of Tailored Care Management) according to the factors described in Section V.B.3.ii.(v) Tailored Care Management Assignment.

(d) The BH I/DD Tailored Plan shall assign members to the most clinically appropriate care management approach as based on the factors described herein. The BH I/DD Tailored Plan must assign each AMH+ and CMA providing Tailored Care Management a justifiably sized population that allows and incentivizes the AMH+ practice or CMA to substantially engage in the model.

(e) The BH I/DD Tailored Plan must ensure that Tailored Care Management assignment aligns with the annual requirements for Provider-based Care Management as described in Section V.B.3.ii.(ii)(b) Provider-based Tailored Care Management.

(f) The BH I/DD Tailored Plan shall consider the following factors when assigning each member to care management at an AMH+ practice or a CMA, or at the BH I/DD Tailored Plan level:

(1) For Innovations and TBI waiver enrollees:
   i. If the member enrolled in the Innovations or TBI waiver has an existing relationship with an LME/MCO care coordinator who meets the Tailored Care Management qualifications and training requirements as described in Section V.B.3.ii.(xiv) Staffing and Training Requirements and is employed by the member’s BH I/DD Tailored Plan or in the BH I/DD Tailored Plan’s network, the BH I/DD Tailored Plan must give the member the option of choosing their previous care coordinator as their Tailored Care Management care manager, to the extent possible.
   ii. The BH I/DD Tailored Plan shall assign members enrolled in the Innovations or TBI waiver to Tailored Care Management that complies with federal requirements for conflict-free case management for 1915(c) waiver enrollees. 42 C.F.R. § 431.301(c)(1)(vi). The BH I/DD Tailored Plan shall ensure that members do not obtain both 1915(c) waiver services and Tailored Care Management from employees of the same provider organization that is certified as a CMA.

(2) For all members:
   i. Assignment to a Tailored Care Management approach and organization providing Tailored Care Management must occur after the PCP assignment process (outlined in Section V.B.1.vii.(ii) PCP Choice and Assignment).
   ii. The BH I/DD Tailored Plan shall follow the requirements in the Tailored Care Management Auto Assignment Requirements Document, as they develop their Tailored Care Management auto assignment algorithm.
   iii. The BH I/DD Tailored Plan must take into account the member’s existing provider assignment to an AMH+ practice or existing treatment relationship with a CMA within the BH I/DD Tailored Plan’s network and give preference to that provider when making a Tailored Care Management assignment unless there is a specific cause not to do so, including in instances of conflict of interest for Innovations and TBI waiver enrollees.
   iv. The BH I/DD Tailored Plan must take into account the member’s medical complexity as well as BH and I/DD complexity when making a Tailored Care Management assignment.
      a) In instances where Children with Medical Complexity are receiving primary care through an AMH+ practice, the BH I/DD Tailored Plan shall give that AMH+ practice preference when assigning the member to a care management approach.
v. The BH I/DD Tailored Plan must take into account the member’s geographic location when making a Care Management assignment.

vi. The BH I/DD Tailored Plan shall ensure capacity at an AMH+ practice or CMA before assigning a Member to the AMH+ practice or CMA. The BH I/DD Tailored Plan must permit AMH+ practices and CMAs to set limits on their panel sizes (i.e., decline assignments based on capacity).
   a) The BH I/DD Tailored Plan shall monitor care management assignment to ensure that AMH+ practices and CMAs do not select members of their panel based on acuity tier.

(g) The BH I/DD Tailored Plan shall permit members to change the organization they are assigned to for Tailored Care Management and/or change care managers twice per year without cause and anytime with cause.

(h) The Department shall consider the following as appropriate cause for changes in care management approach, assigned organization providing Tailored Care Management, and care manager:
   1. The AMH+, CMA, BH I/DD Tailored Plan or care manager has, as determined by the Member or the BH I/DD Tailored Plan, failed to furnish accessible and appropriate services to which the member is entitled.
   2. The AMH+, CMA, BH I/DD Tailored Plan or care manager is not able to reasonably accommodate the member’s needs.
   3. There is a change in the accessibility of the AMH+, CMA, BH I/DD Tailored Plan or care manager, including but not limited to the following:
      i. The organization or care manager moves to a location that is not convenient for the member.
      ii. There is a Significant Change in the hours the AMH+ practice or CMA is open and the member cannot reasonably meet during the new hours.
      iii. There is a Significant Change in the hours the care manager is available and the member cannot reasonably meet during the new hours.
   4. The member determines that a change would be in the best interest of the member.
   5. The member’s assigned AMH+ practice or CMA leaves the BH I/DD Tailored Plan’s Network or is no longer certified by the Department.
   6. The member’s assigned AMH+ practice or CMA becomes excluded from participation in federal health care programs under either section 1128 or 1128A of the Social Security Act. 42 C.F.R. § 438.610(b).
   7. The care manager is no longer employed by the AMH+, CMA, or BH I/DD Tailored Plan.

(i) The BH I/DD Tailored Plan shall educate members on the three different care management approaches and provide unbiased counseling on selecting a care management Provider as part of the choice period prior to launch.

(j) The BH I/DD Tailored Plan shall send members information on Tailored Care Management, with information on their Tailored Care Management assignment and options for changing their assignment as part of the Member Welcome Packet.

(k) After the initial launch of the BH I/DD Tailored Plan, on an ongoing basis the BH I/DD Tailored Plan shall complete Tailored Care Management assignments and send Tailored Care Management assignment and information to new members as part of the Member Welcome Packet.

(l) The Tailored Care Management information in the Welcome packet must include:
   1. Information on The Tailored Care Management program, including services available for those who have opted out of Tailored Care Management
(2) The nature of the care manager relationship
(3) Information on the member’s Tailored Care Management assignment and options for changing their Tailored Care Management assignment
(4) Process and options for changing their Tailored Care Management assignment
(5) The Tailored Care Management opt-out form
(6) Circumstances under which member information will be disclosed to third parties
(7) The availability of the Grievance and Appeals process as described in Section V.B.1.vi. Member Grievances and Appeals.

(m) The BH I/DD Tailored Plan must share with each AMH+ practice and CMA, at least monthly, a roster of their assigned members and members’ current contact and demographic information in a manner specified by the Department.

(n) The BH I/DD Tailored Plan must share each member’s Tailored Care Management organization assignment with the member’s PCP within fourteen (14) days of assignment or changes in the member’s Tailored Care Management organization in a manner specified by the Department. Upon changes in the member’s assigned PCP, the BH I/DD Tailored Plan must share the member’s Tailored Care Management organization assignment with the member’s new PCP within fourteen (14) days of assignment to the new PCP.

(o) The BH I/DD Tailored Plan must share with each AMH+ and CMA all data elements specified in Section V.B.3.ii.(xv) Data System Requirements, Data Sharing, and Risk Stratification

(p) The BH I/DD Tailored Plan must assign and must ensure that AMH+ practices and CMAs assign the member to a care manager with appropriate qualifications and experience according to the member’s needs within thirty (30) days of BH I/DD Tailored Plan enrollment.

(q) The BH I/DD Tailored Plan shall submit its policies and procedures for Tailored Care Management assignment as part of its Care Management Policy (Section V.B.3.vi. Care Management Policy).

(vi) Outreach and Engagement

(a) The BH I/DD Tailored Plan shall require that care managers initiate contact with assigned members who have recently been enrolled in Tailored Care Management to start the care management comprehensive assessment within thirty (30) Calendar Days of BH I/DD Tailored Plan enrollment (see Section V.B.3.ii.(vii) Care Management Comprehensive Assessment). The care manager shall educate the member about the benefits of care management and work to engage the member in a care management comprehensive assessment and care planning.

(1) Contact for the purpose of starting the care management comprehensive assessment may be telephonic, through two-way real time video and audio conferencing, or in-person.

(b) The BH I/DD Tailored Plan shall develop and ensure that AMH+ practices and CMAs also develop, policies for communicating and sharing information with members and their families and other caregivers with appropriate consideration for language, literacy and cultural preferences, including sign language, closed captioning and/or video capture.

(c) The BH I/DD Tailored Plan shall submit its policies and procedures for outreach and engagement as part of its Care Management Policy (Section V.B.3.vi. Care Management Policy).

(vii) Care Management Comprehensive Assessment

(a) The care management comprehensive assessment shall serve as the federally required initial care needs screening. 42 CFR 438.208(b)(3).

---

17 The care management comprehensive assessment is unrelated to the comprehensive clinical assessment and does not serve as a means to approve services.
(b) The BH I/DD Tailored Plan shall ensure that the assigned organization providing Tailored Care Management is responsible for conducting the care management comprehensive assessment.

c) The BH I/DD Tailored Plan shall ensure that the care management comprehensive assessment is conducted in a location that meets the member’s needs.

d) The BH I/DD Tailored Plan shall ensure that care managers make a best effort attempt to complete the care management comprehensive assessment in person, realizing that in limited instances it will be necessary to complete the care management comprehensive assessment via technology conferencing tools (e.g., audio and/or video tools).

First Revised and Restated Attachment M.3. AMH+ Practice and CMA Certification Policy and https://medicaid.ncdhhs.gov/providers/programs-and-services/behavioral-health-idd-tailored-plan.

(b) Reserved.

(c) As stated above in Section V.B.3.ii.(ii)(b) Provider-based Tailored Care Management, the BH I/DD Tailored Plan shall offer a contract for Tailored Care Management to all certified AMH+ practices and CMAs operating in its Region. For Contract Year 1, the Department will be responsible for providing BH I/DD Tailored Plans with the list of certified providers in each Region. The only permitted exceptions to this contracting requirement are the following:

(1) The AMH+ practice or CMA notifies the Department that it elects to withdraw from certification. The Department will provide guidance to providers for how to give such notification.

(2) During Readiness Review, if the BH I/DD Tailored Plan determines that the AMH+ practice or CMA (or CIN or Other Partner on behalf of such organizations) is not ready to meet the requirements of the Tailored Care Management model. In this situation, the BH I/DD Tailored Plan shall provide reasons to the Department why it proposes to decline to contract with that AMH+ practice, CMA or CIN or Other Partner, inclusive of technical assistance provided and why the AMH+ practice, CMA or CIN or Other Partner is inadequate. For the purposes of calculating compliance with the requirement to contract with all certified AMH+ practices and CMAs, the Department reserves the right not to remove an AMH+ practice or CMA from the denominator of the calculation, if it deems the BH I/DD Tailored Plan’s reasons for not contracting to be unsatisfactory.

(3) After BH I/DD Tailored Plan launch, if the BH I/DD Tailored Plan finds the AMH+ practice or CMA to be out of compliance with the requirements of the Tailored Care Management model, then the BH I/DD Tailored Plan follows its documented process, as described in Section V.B.3.ii.(xix) Oversight to terminate the contract with the AMH+ practice or CMA.

(d) AMH practices other than those certified as AMH+ practices are not required to meet the Tailored Care Management requirements within this Section; however, in their capacity as assigned PCPs for BH I/DD Tailored Plan members, they shall meet the requirements for AMH practices contained in Section VII. First Revised and Restated Attachment M.2. Advanced Medical Home Program Policy for Medicaid and NC Health Choice Members.

(e) The BH I/DD Tailored Plan shall submit its policies and procedures for certification and recertification of AMH+ practices and CMAs as part of its Care Management Policy (Section V.B.3.vi. Care Management Policy).
Oversight

(a) The BH I/DD Tailored Plan shall ensure that all requirements included in this Section are met, regardless of whether Tailored Care Management is provided by the BH I/DD Tailored Plan, an AMH+ practice, or a CMA.

(b) The Department shall permit but not require, AMH+ practices and CMAs to work with CINs or Other Partners to meet the requirements to provide Tailored Care Management.

(1) Subsidiaries of LME/MCOs, BH I/DD Tailored Plans, or other health plans generally may not be considered CINs or Other Partners for the purposes of Tailored Care Management, with one exception as follows:
   i. The Department recognizes that AMH+ practices and CMAs may decide to enter into arrangements with BH I/DD Tailored Plans for use of their IT products or care management data systems, to meet the care management data system requirements. In this scenario, the BH I/DD Tailored Plan would be considered an “Other Partner” (not a CIN) for HIT support only.

(2) To the extent that a CIN or Other Partner contracts with the BH I/DD Tailored Plan on behalf of an AMH+ practice or CMA, the BH I/DD Tailored Plan must conduct oversight of the CIN or Other Partner.

(3) To the extent an AMH+ or CMA contracts with a CIN or Other Partner, the requirements and capabilities applicable to AMH+ and CMA apply to the CIN or Other Partner.

(c) The BH I/DD Tailored Plan must create separate departments for UM and Care Management, overseen by separate leadership.

(d) The BH I/DD Tailored Plan must ensure that no care managers (whether employed by the BH I/DD Tailored Plan, an AMH+ practice, or a CMA) are related by blood or marriage or financially responsible for any of the members to whom they are assigned or have any legal power to make financial or health-related decisions for any of their assigned members.

(e) As part of its UM process, the BH I/DD Tailored Plan must review the utilization patterns of all members receiving Tailored Care Management (whether from the BH I/DD Tailored Plan, an AMH+ practice or a CMA).

   (1) This UM review must assess whether any patterns exist that suggest that care managers have steered members toward or away from particular providers (e.g., toward the organization that employs the care manager or away from a competitor).

   (2) As part of its standard UM responsibilities, the BH I/DD Tailored Plan must assess whether members are receiving the appropriate level of care corresponding to their clinical information as described in Section V.B.2.i.(v)(b) UM Program Policy.

(g) Duplication of Care Management

   (1) The BH I/DD Tailored Plan shall ensure that a member does not receive duplicative care management services and Providers do not receive payment for duplicative services.

   (2) The Department has determined that case management provided through ACT and ICF-IIDs and care management provided through the High-Fidelity Wraparound program are duplicative of Tailored Care Management.
(3) When a member is receiving a service besides one listed in Section V.B.3.ii.(iii)(a) that has potential for duplication with Tailored Care Management, the BH I/DD Tailored Plan and the provider of the duplicative service must explicitly agree on the delineation of responsibility and document that agreement in the Care Plan or ISP to avoid duplication of services.

(k) The BH I/DD Tailored Plan shall not require an AMH+ practice, CMA, or CIN or Other Partner to undergo a pre-delegation audit for the purposes of NCQA accreditation, although a delegation arrangement may be entered by mutual agreement. While the Department encourages BH I/DD Tailored Plans to align oversight of Tailored Care Management with oversight of NCQA-delegated functions, the BH I/DD Tailored Plan must ensure that in conducting oversight of AMH+ practices, CMAs and CINs or Other Partners that are delegates for NCQA plan-level functions, it is monitoring not only in terms of NCQA requirements but also Tailored Care Management-specific requirements contained in this RFA and the Tailored Care Management Provider Manual https://medicaid.ncdhhs.gov/providers/programs-and-services/behavioral-health-idd-tailored-plan.

(n) In the event of underperformance by an AMH+ practice, CMA or CIN or Other Partner relative to the requirements for Tailored Care Management contained in this Section:

(2) The BH I/DD Tailored Plan shall provide the AMH+ practice, CMA or CIN or Other Partner with the opportunity to remediate any identified issues through a Corrective Action Plan (CAP), and a copy of the CAP shall be sent to the Department.

(3) The BH I/DD Tailored Plan shall ensure that a minimum of thirty (30) Calendar Days is provided for remediation of the identified underperformance addressed by the CAP, although the parties may establish longer remediation periods by mutual agreement.

(o) In the event of continued underperformance by an AMH+ practice, a CMA or a CIN or Other Partner that is not corrected after the time limit set forth on the CAP, and the BH I/DD Tailored Plan terminates its contract with the AMH+ practice, CMA, CIN, or other entity, then the BH I/DD Tailored Plan shall notify the Department within seven (7) Calendar Days that it will no longer be contracting with the AMH+ practice, CMA or CIN or Other Partner for Tailored Care Management. (2) Provide the details of how it would cease to make Tailored Care Management payments and terminate its contract with the AMH+ practice, CMA or CIN or Other Partner, in the event of continued underperformance.

(3) Describe how, if the BH I/DD Tailored Plan terminates its contract for Tailored Care Management with AMH+ practice, CMA, or CIN or Other Partner, the BH I/DD Tailored Plan would reassign members who were obtaining care management from that organization, taking member preferences into account and using the process described in Section V.B.3.ii.(v) Tailored Care Management Assignment.

(4) Describe how, if the BH I/DD Tailored Plan terminates its contract for Tailored Care Management with a CIN or Other Partner, the certified AMH+ practices and/or CMAs that had contracted with the CIN or Other Partner will be provided with options to continue serving as AMH+ practices and CMAs. Such options may include the option to:

i. Provide Tailored Care Management without contracting with a CIN or Other Partner, which would require the AMH+ practice or CMA to enter a direct contract with the BH I/DD Tailored Plan for Tailored Care Management, or

(vi) Healthy Opportunities Pilots to Address Unmet Health-Related Resource Needs, also known as Healthy Opportunities Pilots
   (a) Background
      (1) CMS has authorized an Enhanced Case Management and Other Services Pilot, the “Healthy Opportunities Pilot program,” for a five (5)-year period, from November 1, 2019, through October 31, 2024, as a part of North Carolina’s Section 1115 Medicaid Demonstration waiver.
      (2) Through the Healthy Opportunities Pilot program, the Department will systematically test, on a population level, how evidence-based interventions in each of the four (4) Healthy Opportunities priority domains (housing, food, transportation, and interpersonal violence/toxic stress) can be delivered effectively to Medicaid members and, through robust evaluation, study the effects on health outcomes and cost of care. The goal of the Pilot program is to learn which evidence-based interventions and processes are most effective to improve health, lower health care costs for specific populations, and to inform health care delivery statewide.
      (3) Through a competitive procurement process, the Department will procure up to three (3) Lead Pilot Entities and define Healthy Opportunities Pilot Regions in the State to provide...
a subset of Medicaid beneficiaries with services, interventions and benefits targeted to measurably improve health and lower costs.

(4) A local Pilot Region:
   i. Must cover no less than three (3) contiguous North Carolina counties;
   ii. Shall cover the entirety of any county included in the Local Pilot Region;
   iii. May cross Standard Plan and BH I/DD Tailored Plan Region boundaries;
   iv. Will promote cross-county collaboration since Medicaid Members seek services across county lines; and
   v. May include a subset of counties from within the BH I/DD Tailored Plan regions.

(5) The Lead Pilot Entity’s primary role is to develop, contract with and manage a network of Human Service Organizations (HSOs) to deliver the evidence-based Pilot interventions across each of the four (4) Healthy Opportunities priority domains for Medicaid members within the Pilot Regions.

(b) BH I/DD Tailored Plan Pilot Program Responsibilities. Any BH I/DD Tailored Plan operating in a local Pilot Region shall implement the Pilot program for its Pilot-eligible members, contingent on the availability of state and federal funding, in accordance with the roles and responsibilities enumerated below and in any additional requirements and guidance issued by the Department:

(1) Receive payments from the Department up to a specific capped allotment to fund Pilot services, based on the anticipated cost and volume of specified services authorized for the BH I/DD Tailored Plan’s eligible members, and recognizing the overall cap on federal funds under the 1115 waiver. This allotment will be in addition to and not included in the Medicaid Managed Care capitation payments.

(2) Manage total Pilot funding against allocations for eligible populations and Pilot services.
   i. The Department may provide further requirements and/or guidance to ensure that Pilot services are targeted to the Pilot-eligible Medicaid members for whom Pilot services may most efficiently improve outcomes and/or reduce costs and that Pilot participants receive the least costly, most necessary and appropriate Pilot services.

(3) Make payments to other Pilot-participating entities for executing Pilot responsibilities and for delivering Pilot services from the Pilot allocations, consistent with guidance to be developed by the Department.

(4) Determine eligibility for and authorize Pilot program enrollment and specific Pilot services for members, based on guidelines to be developed by the Department.
   i. Pilot program eligibility criteria include, at a minimum, physical and BH qualifying conditions and social risk factors as defined in the 1115 waiver. Each Pilot service may also have specific eligibility criteria determined by the Department.

(5) Ensure that Pilot services do not displace nor duplicate other services, resources or programs for which the member is eligible, including Medicaid State Plan services, Medicaid waiver services, State-funded Services provided by the BH I/DD Tailored Plan, or other resources or programs available to the member, including those provided by the BH I/DD Tailored Plan.
   i. The Department shall provide guidance to BH I/DD Tailored Plans regarding which services, resources and programs have been identified by the Department as duplicative with Pilot program services. The BH I/DD Tailored Plan may add to the Department’s list of potentially duplicative or displaceable services, resources and programs as part of the Pilot authorization approach, based on its knowledge and experience. The BH I/DD Tailored Plan shall provide this list to the Department upon request.
ii. The BH I/DD Tailored Plan shall define and implement policies and procedures for authorizing Pilot services as part of its UM program, consistent with Section V.B.2.i.(v) Utilization Management, that provide for:
   a) Validation that no identified other service, resource or program, including those managed by the BH I/DD Tailored Plan, would meet the member’s Pilot service needs is available to the member at the time of Pilot service authorization, consistent with Department guidance.
   b) Validation that the member’s Pilot service needs cannot be fully addressed through an identified, available federal, State or local program (e.g., the Supplemental Nutrition Assistance Program), consistent with Department guidance, at the time of Pilot service authorization.
   c) If a federal, State or local program is available that could address the member’s Pilot service needs in full or in part, the authorization process must ensure that Tailored Care Management requirements, as outlined in Section V.B.3.ii. Tailored Care Management, that require connecting the member with those services, including in some cases through comprehensive application assistance, have been fulfilled.
   d) The BH I/DD Tailored Plan’s Pilot service authorization process must include verification of connection to and/or the provision of comprehensive application assistance to relevant available programs, where applicable.
   e) The BH I/DD Tailored Plan may not authorize Pilot services once the member is receiving services from another federal, state or local program, if that program fully meets the member’s Pilot service need.
   f) Training for staff conducting Pilot service authorization specific to preventing duplication and displacement of BH I/DD Tailored Plan-managed and other available services, resources and programs with Pilot services.
   g) Regular, at least monthly, audits of Pilot service authorization procedures and outcomes to prevent duplication or displacement of BH I/DD Tailored Plan-managed and other available services, resources and programs with Pilot services.

iii. The BH I/DD Tailored Plan shall:
   a) Make Pilot service authorization policies and procedures available to the Department upon request.
   b) Retain documentation of member-level Pilot service authorization determinations, including validation that no identified duplicative or displaceable service, resource or program, including those managed by the BH I/DD Tailored Plan, that could meet the member’s Pilot service need was available to the member at the time of Pilot service authorization for the time period specified in Section III.C.39: Records Retention.
   c) Make member-level Pilot service authorization documentation available to the Department upon request, including for monitoring and audits, in accordance with Section III.D.40. Response To State Inquires And Request For Information.

(6) Contract with any Lead Pilot Entity operating within the BH I/DD Tailored Plan Region for the use of the Lead Pilot Entity’s HSO network for delivery of Pilot services to eligible members residing in the local Pilot Region using a Department developed model contract.

(7) Submit data and reports to support the Department’s efforts to oversee and evaluate the Pilot program, as described in Section V.B.3.x.(vi) Healthy Opportunities Pilots to Address

ii. Value-Based Payments (VBP)
To advance the Department’s vision for quality and to ensure that payments to providers are increasingly focused on population health, integration of physical and BH, appropriateness of care and other measures related to value included in the BH I/DD Tailored Plan Quality Strategy, the Department is requiring adoption of VBP arrangements between the BH I/DD Tailored Plan and providers. The Department will issue additional guidance and details on VBP requirements for BH I/DD Tailored Plans.

The Department defines VBP arrangements as payment arrangements between the BH I/DD Tailored Plan and providers that fall within Levels 2 through 4 of the multi-payer Health Care Payment (HCP) Learning and Action Network (LAN) Alternative Payment Model (APM) framework, which can be found at http://hcp-lan.org/workproducts/apm-framework-onepager.pdf. The Department reserves the right to narrow the definition of VBP and the range of acceptable BH I/DD Tailored Plan VBP arrangements with providers in the future.

Payments to AMH+ and CMA providers will be considered VBP only when these contracts include a performance incentive payment, as described in Section V.B.4.iv. Provider Payments.

All VBP arrangements must be aligned with the BH I/DD Tailored Plan Quality Strategy and related measures.

The BH I/DD Tailored Plan shall re-submit contract templates to the Department for review at least ninety (90) Calendar Days before use in the market when any new VBP arrangements (excluding AMH+s, which is covered in Section V.B.4.iv. Provider Payments) or changes to VBP arrangements are added.

The Department will set minimum targets for VBP contracting starting in Contract Year 2, and implement withholds associated with these targets. Targets will be published at least six (6) months prior to Contract Year 1.

The BH I/DD Tailored Plan shall have IT infrastructure and data analytic capabilities to support the Department’s vision in moving toward VBP, including having systems that can support alternative payment arrangement models which require data-sharing across different provider types, care settings and locations. These systems must have mechanisms to measure quality and costs across attributed populations, share actionable administrative and clinical data with providers in these VBP arrangements, and process payments to providers based on the terms of the contract.

The BH I/DD Tailored Plan shall complete a VBP Assessment based on the categories developed by HCP-LAN, as described in Section VII. First Revised and Restated Attachment J. Reporting Requirements. The Department will provide specifications on the assessment methodology following Contract Award.

The Department shall use the VBP Assessment to demonstrate the number of VBP contracts with providers in HCP-LAN Levels 1 through 4, and the amount of total medical expenditures and covered lives under these VBP payment arrangements, and compare documented progress to the BH I/DD Tailored Plan’s final VBP Strategy on an annual basis.

The BH I/DD Tailored Plan shall report the initial results of its VBP Assessment focused on VBP contracts in place to date no later than September 30, 2023.

The BH I/DD Tailored Plan shall update the VBP Assessment on an annual basis, within ninety (90) days of the end of each contract year.

To ensure the BH I/DD Tailored Plan’s response aligns with the Department’s strategy and goals, the BH I/DD Tailored Plan shall develop a BH I/DD Tailored Plan VBP Strategy for Contract Years 1-3, in alignment with the Department’s short- and long-term goals to shift from a fee for service system to VBP.

The BH I/DD Tailored Plan VBP Strategy must be submitted to the Department within six (6) months of notice by the Department it is due.
(b) As long as the VBP Strategy clearly states that it applies to the BH I/DD Tailored Plan, the VBP Strategy may apply to other LME/MCO operations, including, without limitation, the PIHP.

(c) The VBP Strategy shall contain the following elements:

(1) A narrative description addressing:

i. The BH I/DD Tailored Plan's goals, strategies and interventions for moving providers into VBP arrangements and then into higher levels of the HCP-LAN framework, including a description of how the BH I/DD Tailored Plan will involve BH and intellectual and developmental disability providers in its VBP arrangements.

ii. A description of the VBP model(s) that will be pursued by the BH I/DD Tailored Plan and its providers and their HCP-LAN classification, including a description of the required performance incentive programs for AMH+ practices and CMAs, which must be consistent with requirements for Tailored Care Management payment, and a description of VBP arrangements offered to non-AMH+/CMA providers.

iii. An explanation of how the BH I/DD Tailored Plan will ensure that physical, BH, and I/DD services are integrated under its VBP arrangements.

iv. The BH I/DD Tailored Plan’s plan for measurement of outcomes and ROI related to VBP by year.

v. The BH I/DD Tailored Plan’s approach to address Unmet Health-Related Resource Needs as part of its VBP strategy, including to align financial incentives and accountability around total cost of care and overall health outcomes. For full Healthy Opportunities requirements, see Section V.B.3.x. Healthy Opportunities.

vi. A description of the BH I/DD Tailored Plan’s IT capabilities, including specific systems, data sharing and data analytic capabilities currently in place versus those planned that will support the BH I/DD Tailored Plan VBP programs. Specific functionalities to address include:

a) Risk adjustment;

b) Receiving administrative, clinical, and claims/encounter data and sharing such data with providers;

c) Sharing quality measurement across different practices and for specific providers within practices for attributable populations under these contracts;

d) Sharing cost measurement across different practices and for specific providers within practices for attributable populations under these contracts;

e) Reporting capabilities; and

f) Payment functions.

vii. The BH I/DD Tailored Plan’s approach to address health disparities and incorporate health equity into their internal and external policies, and procedures.

(2) The BH I/DD Tailored Plan’s projected annual targets for the number of VBP contracts with providers in HCP-LAN Levels 1 through 4, and the percent of total medical expenditures and covered lives under these VBP payment arrangements, in a format to be determined by the Department.

(vii) Additionally, the BH I/DD Tailored Plan shall participate in any VBP stakeholder meeting process initiated by the Department. The BH I/DD Tailored Plan will be responsible for meeting any requirements outlined by a Departmental VBP stakeholder group for future contract years.

However, the BH I/DD Tailored Plan may not limit the time in which claims may be submitted to fewer than one hundred eighty (180) Calendar Days. Unless otherwise agreed to by the BH I/DD Tailored Plan and the provider, failure to submit a claim within the time required does not invalidate or reduce any claim if it was not reasonably possible for the provider to file the claim within that time, provided that the claim is submitted as soon as reasonably possible and in no event, except in the absence of legal capacity of the provider, later than one (1) year from the time submittal of the claim is otherwise required.

      (ii) The Department shall set capitation rates in accordance with actuarially sound principles and practices and submit said rates to CMS for approval in advance of rate effective dates. More information on rate setting can be found in the Medicaid Tailored Plan Draft Rate Book. Further details will be provided after Contract Award.
The Department shall set BH I/DD Tailored Plan capitation rates on a periodic basis, typically annually, using the most recent data available deemed appropriate for rate development by the Department and its actuary. Rates may be revised within a rating period based on program changes or at the discretion of the Department.

The rating period shall generally be defined as the period from July 1st of one year through June 30th of the following year to align with the State Fiscal Year. Shorter rating periods may apply but will be contained within the State Fiscal Year unless otherwise specified by the Department.

The BH I/DD Tailored Plan shall supply, certify, and validate data to support rate setting, risk adjustment (applicable to Standard Plan PHPs) and the risk corridor program (as applicable), and qualified directed payments based on schedules to be provided by the Department after Contract Award.

The Department has established a separate maternity event payment. This payment will be made to the BH I/DD Tailored Plan after the BH I/DD Tailored Plan submits required documentation of a successful delivery event, defined as a qualifying birth, to the Department.

(a) BH I/DD Tailored Plan shall follow with the Department’s Maternity Event Payment Billing Guide.

(b) The BH I/DD Tailored Plan shall void the claim within thirty (30) Calendar Days after notice from the Department that valid documentation is not found during the Maternity Event Reconciliation with Encounters as part of the Maternity Event Payment Billing Guidance.

The Department has established a separate payment outside of the capitation rate for Tailored Care Management for members enrolled in Medicaid. This payment will be made to the BH I/DD Tailored Plan for any month in which the member is engaged in Tailored Care Management. For members enrolled in NC Health Choice, the cost of Tailored Care Management is incorporated in the capitation rate, and the Department will not make separate payments for Tailored Care Management for these members.

The Department will reimburse BH I/DD Tailored Plan for additional directed payments to providers as required under Section V.B.4.iv. Provider Payments (as allowed under 42 C.F.R. § 438.6(c)(1)(iii)(B)). The BH I/DD Tailored Plan is required to make these payments to certain providers but the payments are explicitly excluded from the prospective PMPM and maternity event capitation payments. The BH I/DD Tailored Plan shall provide the necessary data to support this process in a format and frequency to be defined by the Department.

The Department will make capitation payments in accordance with the Payment and Reimbursement term in Section III.C.36. Payment and Reimbursement.

Medical Loss Ratio

(i) The Medical Loss Ratio (MLR) standards are to ensure the BH I/DD Tailored Plan is directing a sufficient portion of the capitation payments received from the Department to services and activities that improve health in alignment with the Department’s program goals and objectives.

(ii) The BH I/DD Tailored Plan shall calculate and report aggregate MLR on an annual basis aligned to the rating year on two (2) bases as follows:

(a) The BH I/DD Tailored Plan shall calculate the CMS-defined MLR experienced in a MLR reporting year as defined in 42 C.F.R. § 438.8 and 42 C.F.R § 457.1203(c)-(f). The BH I/DD Tailored Plan is required to make these payments to certain providers but the payments are explicitly excluded from the prospective PMPM and maternity event capitation payments. The BH I/DD Tailored Plan shall provide the necessary data to support this process in a format and frequency to be defined by the Department.

Medical Loss Ratio

(i) The Medical Loss Ratio (MLR) standards are to ensure the BH I/DD Tailored Plan is directing a sufficient portion of the capitation payments received from the Department to services and activities that improve health in alignment with the Department’s program goals and objectives.

(ii) The BH I/DD Tailored Plan shall calculate and report aggregate MLR on an annual basis aligned to the rating year on two (2) bases as follows:

(a) The BH I/DD Tailored Plan shall calculate the CMS-defined MLR experienced in a MLR reporting year as defined in 42 C.F.R. § 438.8 and 42 C.F.R § 457.1203(c)-(f).

1. The numerator of the BH I/DD Tailored Plan’s CMS-defined MLR for a MLR reporting year shall be defined as the sum of the BH I/DD Tailored Plan’s incurred claims, expenditures for activities that improve health care quality, and the lesser of expenditures for fraud reduction activities or fraud reduction recoveries as defined in 42 C.F.R. § 438.8(e).

2. The denominator of the BH I/DD Tailored Plan’s CMS-defined MLR for a MLR reporting year shall equal the BH I/DD Tailored Plan’s adjusted premium revenue. The adjusted premium revenue shall be defined as the BH I/DD Tailored Plan’s premium revenue minus
the BH I/DD Tailored Plan’s federal, state, and local taxes and licensing and regulatory fees as defined in 42 C.F.R. § 438.8(f).

(b) The BH I/DD Tailored Plan shall calculate the Department-defined MLR experienced in a MLR reporting year as the ratio of the numerator and denominator.

(1) The numerator of the Department-defined MLR shall be calculated in a manner similar to the CMS-defined MLR with the following adjustments:

i. The BH I/DD Tailored Plan is permitted to include expenditures made for voluntary contributions to health-related resources and initiatives that advance public health and Health Equity that align with the Department’s Quality Strategy and meet the following conditions:

a) Meet standards established in the Department’s Quality Strategy that such contributions reflect meaningful engagement with local communities and are non-discriminatory with respect to individual members and North Carolina geographic areas, including rural areas.

b) Meet standards established in the Department’s Quality Strategy that the expenditures are spent directly on improving outcomes for beneficiaries, such as housing initiatives or support for community-based organizations that provide meals, transportation or other essential services.

ii. The BH I/DD Tailored Plan is prohibited from including in the Department-defined MLR numerator any of the following expenditures:

a) Required additional directed payments to providers as required in the Contract and allowed under 42 C.F.R. § 438.6(c)(1)(iii)(B), that are reimbursed by the Department separate from the prospective PMPM capitation and maternity event payments.

b) Payments to related providers that violate the Payment Limitations as required in the Contract.

iii. The denominator of the Department-defined MLR shall be calculated in a manner similar to the CMS-defined MLR with the following adjustment:

a) Payments from the Department to reimburse for required additional directed payments to providers shall be subtracted from the denominator along with any associated taxes and fees.

(iii) The following requirements apply to both the CMS-defined MLR and the Department-defined MLR:

(a) The BH I/DD Tailored Plan’s classification of activities that improve health care quality, and initiatives that advance public health and Health Equity, shall be subject to Department review and approval.

(b) The BH I/DD Tailored Plan shall ensure that the following expenditures are excluded from the numerator in both the CMS-defined MLR and Department-defined MLR:

(1) Interest or penalty payments to providers for failure to meet prompt payment standards;

(2) Fines and penalties assessed by the Department or other regulatory authorities;

(3) Rebates paid to the Department if the BH I/DD Tailored Plan exceeds the minimum MLR threshold for a prior year;

(4) Voluntary contributions to health-related resources made in lieu of rebates paid to the Department if the BH I/DD Tailored Plan exceeds the minimum MLR threshold for a prior year; and

(5) The BH I/DD Tailored Plan shall exclude from the MLR numerator any non-claims costs defined in 42 C.F.R. § 438.8(e)(2)(v)(A), PBM fees and spread pricing, marketing or branding material, related party administrative payments and margin, and administrative costs not allowed as health care quality improvement including corporate allocations.
(c) The BH I/DD Tailored Plan shall aggregate data for all Medicaid eligibility groups covered under the Contract for purposes of calculating both the CMS-defined MLR and the Department-defined MLR.

(d) The BH I/DD Tailored Plan shall use a credibility adjustment, as defined in 42 C.F.R. § 438.8(h)(1)-(3), for plans with less than 380,000 member months in a MLR reporting year.

(e) Payments related to the Healthy Opportunities Pilot Program shall not be incorporated into the capitation payment nor into the MLR, unless otherwise required by CMS.

(f) All revenue, payments to providers and Tailored Plan expenditures related to Tailored Care Management shall be incorporated into the MLR except as otherwise excluded in Section V.B.7.b.iii.b.

(g) The BH I/DD Tailored Plan shall comply with the MLR calculation requirements outlined in the MLR templates and associated instructions to be provided by the Department.

(iv) If the BH I/DD Tailored Plan’s Department-defined MLR is less than the minimum MLR threshold, the BH I/DD Tailored Plan shall do one of the following:

(a) Remit to the Department a rebate equal to the denominator of the Department-defined MLR, multiplied by the difference between the minimum MLR threshold and the Department defined MLR;

(b) Contribute to health-related resources targeted towards high-impact initiatives that improve health outcomes and the cost-effective delivery of care within the Regions and communities it serves, as described in Section V.B.3.x. Healthy Opportunities; a proposal for contributions must align with the Department’s Quality Strategy and be reviewed and approved by the Department;

(c) Allocate a portion of the total obligation to a mix of Department approved contributions to health-related resources and/or Department approved public health and Health Equity investments, the remaining portion to a rebate to the Department, with amounts for each BH I/DD Tailored Plan, subject to approval by the Department.

(v) The minimum MLR threshold for the BH I/DD Tailored Plan shall be eighty-eight percent (88%) as required by Section 5.(6)c. of Session Law 2015-245, as amended by Session Law 2018-49.

(vi) The BH I/DD Tailored Plan must attest to the accuracy of the calculation of the CMS-defined and Department-defined MLR in accordance with the MLR standards within the Contract when submitting the required MLR reports in accordance with 42 C.F.R. § 438.8(n).

(vii) The BH I/DD Tailored Plan shall require any third-party vendor providing claims adjudication activities to provide all underlying data associated with MLR reporting to the BH I/DD Tailored Plan within one hundred eighty (180) days of the end of the MLR reporting year or within thirty (30) days of being requested by the BH I/DD Tailored Plan, whichever comes sooner, regardless of current contractual limitations, to calculate and validate the accuracy of MLR reporting in accordance with 42 C.F.R. § 438.8(k)(3).

(viii) In any instance where the Department makes a retroactive change to the capitation payments for a MLR reporting year where the MLR report has already been submitted to the Department, the BH I/DD Tailored Plan shall:

(a) Re-calculate the MLR for all MLR reporting years affected by the change, and

(b) Submit a new MLR report meeting the applicable requirements in accordance with 42 C.F.R. § 438.8(m).

iii. Financial Management

(i) The Department’s financial management requirements were developed to monitor and promote program sustainability. The BH I/DD Tailored Plan shall be a good steward of Medicaid Managed Care resources, focusing expenditures on services and benefits that improve member health. The Department will pay the BH I/DD Tailored Plan a capitation payment that is set in an actuarially

30-2020-052-DHB BH I/DD Tailored Plan, Amendment 1 First Revised and Restated RFA Sections V-VI Page 262 of 358

(ii) The BH I/DD Tailored Plan shall closely track and report their revenue and expenditures to demonstrate value to the Department as well as compliance with medical loss ratio standards. The Department will monitor BH I/DD Tailored Plan expenditures to evaluate program performance relative to benchmarks and support capitation rate setting, compliance reviews, and other functions necessary to operate the program.

(iii) Any financial arrangements between BH I/DD Tailored Plans and third parties should align with the parameters outlined in Section V.A.1.iv. Third Party (Subcontractor) Contractual Relationships.

(iv) Managing and Monitoring Cost Growth
   (a) The BH I/DD Tailored Plan shall manage program costs while meeting the quality, access and other Department requirements under the Contract and federal and state laws and regulations.
   (b) Pursuant to N.C. Gen. Stat. § 108D-65(6)a., risk-adjusted cost growth for the BH I/DD Tailored Plan’s members “must be at least two percentage (2%) points below national Medicaid spending growth as documented and projected in the annual report prepared for CMS by the Office of the Actuary for non-expansion states.”
   (c) The Department shall monitor annual cost growth of BH I/DD Tailored Plan expenditures by Region and population cohort to most closely align with the populations reported in the CMS Office of the Actuary’s Actuarial Report on the Financial Outlook for Medicaid.
   (d) The BH I/DD Tailored Plan shall provide reports as requested, and in the format prescribed, by the Department to demonstrate annual cost growth as outlined in Section VII. First Revised and Restated Attachment J. Reporting Requirements. Each such requested report shall include a narrative that summarizes cost drivers, an evaluation of programs in place to address those cost drivers, and plans for addressing future cost growth.

(v) Pharmacy Savings
   (a) N.C. Gen. Stat. § 108D-65(6)b., requires that BH I/DD Tailored Plan spending for prescribed drugs, net of rebates, ensures the Department realizes a net savings for the spending on prescription drugs. To ensure net savings, the Department shall monitor BH I/DD Tailored Plan compliance with the Department’s Preferred Drug List and compliance with pharmacy claims encounter reporting.
   (b) The BH I/DD Tailored Plan shall provide reports as requested, and in a format prescribed, by the Department to demonstrate net pharmacy savings as outlined in Section VII. First Revised and Restated Attachment J. Reporting Requirements.

(vi) Reinsurance
   (a) The BH I/DD Tailored Plan shall have and maintain at all times an adequate plan for protection against insolvency, pursuant to the terms of this contract and N.C. Gen. Stat. § 122C. Any reinsurance or alternative arrangement proposed by the BH I/DD Tailored Plan is subject to review and approval by the Department. The agreement must provide that the Department will be notified no less than 60 days prior to cancellation or reduction of coverage.
   (b) The BH I/DD Tailored Plan shall purchase reinsurance to protect against the financial risk of high-cost individuals and shall submit to the Department proof of purchase or a proposal for an alternative mechanism for managing financial risk. The Department shall review the reinsurance arrangement or any such proposed alternative mechanism and shall notify the BH I/DD Tailored Plan of any required changes to the proposed reinsurance arrangement or alternative mechanism. The BH I/DD Tailored Plan shall maintain the reinsurance arrangement or alternative mechanism and submit any proposed changes to the Department for review and approval.
(c) The BH I/DD Tailored Plan shall provide the Department with a copy of the reinsurance policy specifying the costs and coverage terms or the documentation related to the approved alternative method of financial protection. The Department may require additional protections and documentation at any time.

(d) The Department reserves the right to revisit reinsurance requirements annually and to modify or establish the deductible threshold and coverage levels required by the Department, if, upon review of financial and encounter data or other information, fiscal concerns arise that a specific threshold is deemed warranted by the Department.

(e) The Department shall provide claims experience data or summaries providing a distribution of per Member per year claim spend to a BH I/DD Tailored Plan or its reinsurer within forty-five (45) calendar days of the request by the BH I/DD Tailored Plan.

(f) The BH I/DD Tailored Plan shall remain ultimately liable for the services rendered under the Contract. In the event of termination of the reinsurance agreement due to insolvency of the BH I/DD Tailored Plan or the reinsurance carrier, the BH I/DD Tailored Plan shall be fully responsible for all pending and unpaid claims.

(g) Any reinsurance agreements which cover expenses to be paid for continued benefits in the event of insolvency shall include Medicaid Managed Care Members as a covered class.

(h) The BH I/DD Tailored Plan shall notify the Department when the BH I/DD Tailored Plan incurs a claim against the reinsurance policy.

(vii) Financial Viability
   (a) The BH I/DD Tailored Plan must have and maintain at all times adequate financial resources to guard against the risk of insolvency, pursuant to the terms of this contract and N.C. Gen. Stat. § 122C.

(b) The BH I/DD Tailored Plan must, by Day 1 of BH I/DD Tailored Plan launch, fully fund BH I/DD Tailored Plan capital reserves at twelve and a half percent (12.5%)\(^ {21} \) of total expected annual BH I/DD Tailored Plan Medicaid capitation.

   (1) If a BH I/DD Tailored Plan fails to meet the Medicaid twelve and a half percent (12.5%) reserves requirement outlined in Section V.B.7.iii.(vii) Financial Viability by Day 1 of BH I/DD Tailored Plan launch, the BH I/DD Tailored Plan must submit a viable plan outlining how the BH I/DD Tailored Plan will meet these requirements by the end of Contract Year 2, for approval at the discretion of the Department. Financial reviews will be a part of the Readiness Review requirements outlined in Section V.A.1. vi. Readiness Reviews.

   (2) For a Tailored Plan to be considered viable at the time of readiness review and subsequently have their solvency plan evaluated, a BH I/DD Tailored Plan must document capital reserves of at least 9.0% of total expected annual BH I/DD Tailored Plan Medicaid Capitation by Day 1 of BH I/DD Tailored Plan launch.

   (c) The BH I/DD Tailored Plan shall maintain capital reserves of at least 9.0% of total expected annual BH I/DD Tailored Plan Medicaid Capitation as determined from the monthly, quarterly, and annual financial reporting schedules.

   (1) If a BH I/DD Tailored Plan’s capital reserves fall below 9.0% of total expected annual BH I/DD Tailored Plan Medicaid Capitation in any quarterly statement, the BH I/DD Tailored Plan must submit a report to the Department that describes the reason for the decline in capital reserves, proposed corrective action to increase capital reserves, and projections of the impact of the corrective actions on the capital reserve levels.

---

\(^ {21} \) 12.5% of expected annual BH I/DD Tailored Plan capitation is used as a proxy for appropriate Risk Based Capital (RBC) solvency standards. 300% RBC is approximately equal to 1.5 months of claims, or approximately 12.5%.
(2) If a BH I/DD Tailored Plan’s capital reserves fall below 6.25% of total expected annual BH I/DD Tailored Plan Medicaid Capitation in any quarterly statement, the BH I/DD Tailored Plan must submit a report to the Department as described in Section V.B.7.iii.(vii)(c)(1) for Department review. The Department reserves the right to stipulate required corrective action for the BH I/DD Tailored Plan.

(3) If a BH I/DD Tailored Plan capital reserves fall below 4.0% of total expected annual BH I/DD Tailored Plan Medicaid Capitation in any quarterly statement, the Department reserves the right to place the BH I/DD Tailored Plan under the control of the regulator or initiate actions outlined in Section V.B.7.iii.(vii)(c)(2).

(d) The Department will provide expected annual BH I/DD Tailored Plan Medicaid Capitation revenue for use in these calculations. Medicaid capitation revenue will include monthly PMPM capitation payments and maternity event payments, but exclude all other managed care payments defined in Section 5.a of the Terms and Conditions (i.e. Tailored Care Management payments, monthly single stream allocations, additional directed payments to certain providers, and any Healthy Opportunity Pilot program payments.)

(e) For purposes of the capital requirements, capital reserves are defined as unobligated assets net of liabilities.

(f) The BH I/DD Tailored Plan must, at least ninety days (90) before the end of Contract Year 3, meet the solvency standards for PHPs set forth by the North Carolina Department of Insurance (DOI), as outlined in N.C. Gen. Stat. § 58-93-110, contingent upon legislative authority.

(g) The BH I/DD Tailored Plan shall maintain a Current Ratio above 1.0 as determined from the monthly, quarterly, and annual financial reporting schedules. The Current Ratio is defined as Current Assets divided by Current Liabilities. Current Assets include any short-term investments that can be converted to cash within five (5) Business Days without significant penalty. Significant penalty is a penalty greater than twenty percent (20%).

(1) If a BH I/DD Tailored Plan’s Current Ratio falls below 1.0 at any point in time, the BH I/DD Tailored Plan must submit a report to the Department that describes the reason for the decline, proposed corrective action to increase the ratio, and projections of the impact of the corrective actions.

(h) The BH I/DD Tailored Plan shall maintain a Defensive Interval Ratio above thirty (30) Calendar Days as determined from the monthly, quarterly, and annual financial reporting schedules. The Defensive Interval is defined as cash plus cash equivalents divided by Operating Expenses minus Non-Cash Expenses divided by the period measured in days.

(1) If a BH I/DD Tailored Plan’s Defense Interval Ratio falls below 30 days at any point in time, the BH I/DD Tailored Plan must submit a report to the Department that describes the reason for the decline, proposed corrective action to increase the ratio, and projections of the impact of the corrective actions.

(i) The BH I/DD Tailored Plan shall comply with financial viability standards related to liquidity to pay Medicaid Managed Care claims established by the Department.

(j) The Department may, at its discretion, implement a risk corridor program to provide additional protection to the BH I/DD Tailored Plan and the Department to address any uncertainty associated with pricing or enrollment. In the event the Department implements such a program, additional details of the program will be included in an amendment to this Contract.

(viii) Financial Accounting and Audit

(a) The BH I/DD Tailored Plans accounting records and supporting information related to all aspects of the Contract must be accumulated in accordance with Federal Acquisition Regulations (FAR), Generally Accepted Accounting Principles (GAAP), and this Contract. The
Department will not recognize or pay services that cannot be properly substantiated by the BH I/DD Tailored Plan and verified by the Department. The BH I/DD Tailored Plan shall:

1. Maintain accounting records for this Contract separate and apart from other corporate accounting records;
2. Maintain records for all claims payments, refunds and adjustment payments to providers, capitation payments, interest income and payments for administrative services or functions and must maintain separate records for medical and administrative fees, charges, and payments;
3. Ensure and provide access to the Department and/or its auditors or agents to the detailed records and supporting documentation for all costs incurred by the BH I/DD Tailored Plan. The BH I/DD Tailored Plan must ensure such access to its Subcontractors, including Affiliates, for any costs billed to or passed to the BH I/DD Tailored Plan;
4. Maintain an accounting system that provides an audit trail containing sufficient financial documentation to allow for the reconciliation of billings, reports, and financial statements with all general ledger accounts;
5. Provide copies of the most recent annual audit within thirty (30) calendar days of certification, to verify the BH I/DD Tailored Plan’s financial status, solvency, and viability; and
6. Provide copies of the BH I/DD Tailored Plan’s annual cost allocation plan for the Department’s review at least sixty (60) calendar days prior to the start of the state fiscal year.

(b) The annual financial audit and cost allocation plans shall be subject to annual independent verification and audit by the Department or a firm(s) of the Department’s choosing, in accordance with the Office of Management and Budget (OMB) Circular A-133 and OMB Circular A-87. All such audits shall be arranged to occur at dates and times that are mutually agreeable, and the BH I/DD Tailored Plan shall be provided with reasonable notice of the Department’s intent to perform, or cause to be performed, any such audits. The costs for such audits shall be the responsibility of the Department.

(c) The BH I/DD Tailored Plan shall reimburse the Department, if reimbursement is sought, for reasonable costs incurred by the Department to perform examinations, investigations, audits, or other types of attestations the Department reasonably determines are necessary to ensure BH I/DD Tailored Plan compliance with this Contract. The use and selection of any external parties to conduct examinations, investigations, audits, or other types of attestations as well as the scope of work of examinations, investigations, audits, or other types of attestations are at the Department’s sole discretion.

(d) If, as a result of an audit or review of payments made to the BH I/DD Tailored Plan, the Department discovers a payment error or overcharge, the Department will notify the BH I/DD Tailored Plan of such error or overcharge. The Department will be entitled to recover such funds as an offset to future payments to the BH I/DD Tailored Plan, or to collect such funds directly from the BH I/DD Tailored Plan.

1. The BH I/DD Tailored Plan must return funds owed to the Department within thirty (30) days after receiving notice of the error or overcharge, or interest will accrue on the amount due.
2. The Department will calculate interest at twelve percent (12%) per annum, compounded daily. If an audit reveals that errors in reporting by the BH I/DD Tailored Plan have resulted in errors in payments to the BH I/DD Tailored Plan, the BH I/DD Tailored Plan will indemnify the Department for any losses resulting from such errors, including the cost of audit.
iv. Tailored Care Management Capacity Building Performance Incentive Program

(i) To qualify for the Tailored Care Management Capacity Building Performance Incentive Program, the Contractor must develop and submit a Capacity Building Distribution Plan for Departmental approval. The Contractor shall use the Department-approved template, detailing how Contractor will invest in care management capacity and Tailored Care Management providers in its Tailored Plan Region to achieve specific milestones. In completing the Capacity Building Distribution Plan, the Contractor shall set quarterly targets associated with each milestone. The Capacity Building Distribution Plan template, including the list of milestones and additional guidance on the submission and approval process will be published on the PCDU. Submission and approval of the Capacity Building Distribution Plan is a milestone and the Contractor will receive the initial incentive payment following the approval of the Capacity Building Distribution Plan.

(ii) To receive incentive payments in addition to the initial payment described in subsection (i), Contractor shall submit on a quarterly basis the Capacity Building Quarterly Report, due thirty (30) calendar days after the end of each calendar quarter, April 29, 2022. Contractor shall use Department-defined template, showing the milestones and associated targets that have been met and a list of participating AMH+ practices and CMAs. Quarterly incentive payments are contingent on the Contractor meeting targets/milestones. Contractor will receive funding associated with targets/milestones that are proportionate to progress on those targets/milestones. If the Contractor does not make progress on a target or milestone, then, for that quarter, the Contractor will not be eligible to receive the funding associated with that target/milestone. For any quarter where the Contractor does not meet a target/milestone, Contractor will be eligible to receive funding in a future quarter when the targets/milestones are met. The Capacity Building Quarterly Report template and timeline for submission of all quarterly reports will be published on the PCDU.

(a) Contractor shall also submit Capacity Building Monthly Reports, due on the last day of each month, after BH I/DD Tailored Plan launch, so long as the Contractor Distribution Plan has been approved by the Department. Contractor shall use the Department-defined template, with progress updates on achieving milestones. The Capacity Building Monthly Report template will be published on the PCDU.

(b) Contractor shall submit an updated Capacity Building Distribution Plan for DHHS approval along with the Capacity Building Quarterly Report, if Contractor’s Capacity Building Distribution Plan has changed significantly from the approach approved by DHHS.

(iii) The Contractor shall:

(a) Participate in calls/meeting with the Department to discuss its Care Management Capacity Building program, upon request by the Department with reasonable advance notice.

(b) Provide additional documentation supporting the expenditures and distribution of funds to participating providers, within five (5) business days of the request by the Department.

(iv) The Department reserves the right to modify Capacity Building Distribution Plans to account for providers participating in multiple BH I/DD Tailored Plan’s Tailored Care Management Capacity Building Performance Incentive Programs, in efforts to minimize duplicative investments.

(v) Capacity Building Milestones

(a) The Department has identified the following six capacity building milestones to enhance HIT infrastructure, build the care manager workforce, and promote operational readiness:
### Milestone 1
Submission of a detailed distribution plan that specifies the BH I/DD Tailored Plan’s approach (including quarterly targets) and proposed budget for meeting the remaining capacity building milestones, for DHHS approval

### Milestone 2
Submission of a Tailored Care Management training curriculum and conducting trainings for care managers employed by BH I/DD Tailored Plan awardee and contracted AMH+ practices and CMAs

### Milestone 3
Purchase or upgrades of care management related HIT infrastructure and systems for AMH+ practices/CMAs

### Milestone 4
Hiring new care managers and supervisors at AMH+ practices and CMAs

### Milestone 5
Completing Tailored Care Management training for AMH+ practices and CMAs’ care managers and supervisors

### Milestone 6
AMH+ practices/CMAs meeting other competencies linked to operationalizing Tailored Care Management (e.g., development of policies and procedures and education and outreach to members on the Tailored Care Management model)

(b) Sub-milestones and targets will also be developed as part of the Distribution Plan, including sub-milestones targeted at supporting Historically Underutilized Providers. Capacity building funding is not intended to support BH I/DD Tailored Plan, AMH+, and CMA needs in areas other than Tailored Care Management or that are not reflected in these milestones, sub-milestones, and targets.

#### 8. Technical Specifications

- **i. Data Exchange Model**
  - (i) The following diagram and accompanying matrix provides a point in time, high-level view of the primary data exchanges associated with the BH I/DD Tailored Plan, the Department, AMH+s/CMAs, and Department Vendors. As the program evolves and technical designs are finalized the data exchanges depicted below will change. The BH I/DD Tailored Plan will be responsible for implementing the data exchanges as defined by the Department.
  - (ii) The Department anticipates changes to its Information Technology Systems. The BH I/DD Tailored Plan will update its Information Technology Systems to conform with any updates to the Department’s Information Technology System changes including but not limited to data exchanges and interfaces, file formats, data exchange frequencies, data exchange protocols and transports, source and target systems, and file size (i.e. number of records per file). The Department will provide test environments to allow adequate testing time.

10. In cases in which the decision upholds the previous decision, the BH I/DD Tailored Plan shall inform appellants in writing of the opportunity to appeal a decision regarding a State-funded service to the DMH/DD/SAS Non-Medicaid Appeals Panel according to 10A NCAC 27I .0600 and N.C. v. Alternative Services
   a) The BH I/DD Tailored Plans shall submit any State Funded Alternative service definitions to the Department using the Department’s standardized Alternative Service Request Form, prior to implementation for approval.

vi. Cost Sharing
   a) The BH I/DD Tailored Plan shall not require recipients to pay any copayment for State-funded BH, I/DD, and TBI services consistent with NC Medicaid’s policy for covered BH I/DD and TBI services.
   b) The BH I/DD Tailored Plan shall also prohibit providers from requiring recipients to pay any copayment for State-funded BH, I/DD, and TBI services.

vii. Utilization Management
   a) UM Program Policy
      1. The BH I/DD Tailored Plan shall develop an UM program for State-funded Services to evaluate the medical necessity, clinical appropriateness, efficiency, and effectiveness of requests for authorization of State-funded Services against established service definitions. As long as the UM policies and procedures clearly state they apply to State-
funded services, the UM policies and procedures may apply to other BH I/DD operations, including without limitation, the PIHP.

2. The BH I/DD Tailored Plan shall not delegate its UM program to a Subcontractor.

3. Subject to Department review and approval, the UM program shall contain written policies and procedures, for, at a minimum, the following:
   i. Prior and concurrent authorization of services, including the process used to authorize services, criteria used to support authorization of services;
   ii. Mechanisms to ensure consistent application of review criteria, inter-rater reliability, and when appropriate, consultation with the requesting provider;
   iii. Evaluation of the consistency with which UM criteria are applied to service authorization decisions;
   iv. Timeframes for decision making related to service authorizations in accordance with timeframes outlined in the Contract;
   v. Protecting recipients from discouragement, coercion, or misinformation about the amounts of services that they may request in their plans of care or their right to appeal the denial or reduction or termination of a service;
   vi. Mechanisms for detecting and addressing instances of overutilization, underutilization, and misutilization of State-funded Services; and
   vii. Dissemination of guidelines to all affected providers and, upon request, to recipients.

4. The BH I/DD Tailored Plan shall document the UM program, including referral and prior authorization processes for State-funded Services, in a written UM Program Policy and submit to the Department for review one hundred fifty (150) Calendar Days after Contract Award.

5. The BH I/DD Tailored Plan shall revise the UM Program Policy based on changes requested by the Department. The BH I/DD Tailored Plan shall submit to the Department any changes to the UM Program Policy no less than sixty (60) Calendar Days before such changes go into effect.

6. The BH I/DD Tailored Plan shall post the UM Program Policy on its publicly available website for providers and recipients, or in other forms as requested by the provider or recipient, at no cost. The BH I/DD Tailored Plan shall include a prominent reference to the web address of the UM Program Policy in both its provider and Recipient Handbooks.

7. The BH I/DD Tailored Plan shall conduct training and education with providers on changes to the UM program prior to the effective date of the change as part of the Provider Training Plan as described in Section V.C.4.c. Provider Relations and Engagement.

8. The BH I/DD Tailored Plan shall make the CMO or designee available to discuss and report on the UM program, as requested by the Department.

b) Person-Centered Planning

1. The BH I/DD Tailored Plan shall review and accept or reject Person-Centered Plans submitted with authorization requests for recipients receiving State-funded Services that require Person-Centered Plans (including all recipients transitioning out of State hospitals and adult care homes or diverted from admission to adult care homes and members diverted from adult care homes who are eligible for Plan services), and shall require contracted providers to comply with the requirements established in the Department’s Records Management and Documentation Manual.

2. Approval or denial of service or treatment authorization requests associated with a complete Person-Centered Plan satisfies this requirement.

c) Prior Authorization
1. The BH I/DD Tailored Plan shall use a standardized prior authorization request form developed by the Department.

d) Service Authorization and Noticing Requirements

1. The BH I/DD Tailored Plan shall provide written notice, using the Department developed template, to recipients on decisions related to authorization of State-funded Services in accordance with 10A NCAC 27G .7004. The written notice shall include the following:
   a) The basis for such decisions; and
   b) Sufficient details that inform recipients of the decision, which will provide them with information necessary to determine if they wish to appeal.

2. For standard authorization decisions, the BH I/DD Tailored Plan shall provide notice as expeditiously as the recipient’s condition requires and no later than fourteen (14) Calendar Days following receipt of the request of services.

3. The BH I/DD Tailored Plan may receive a possible extension of up to fourteen (14) Calendar Days if the recipient requests the extension or the BH I/DD Tailored Plan justifies a need for additional information and how the extension is in the recipient’s interest.

4. If the BH I/DD Tailored Plan extends the timeframe beyond fourteen (14) Calendar Days, the BH I/DD Tailored Plan shall provide the recipient and provider with a written notice of the reason for the decision to extend the timeline and inform the recipient of the right to file an appeal if he or she disagrees with that decision.

5. For expedited authorization decisions, the BH I/DD Tailored Plan shall provide notice no later than seventy-two (72) hours after receipt of the request for service.

6. The BH I/DD Tailored Plan may extend the seventy-two (72) hour time period by up to fourteen (14) Calendar Days if the recipient requests the extension or the BH I/DD Tailored Plan justifies a need for additional information and how the extension is in the recipient’s interest.

7. If the BH I/DD Tailored Plan extends the timeframe beyond seventy-two (72) hours, the BH I/DD Tailored Plan shall provide the recipient and provider with a written notice of the reason for the decision to extend the timeline and inform the recipient of the right to file an appeal if he or she disagrees with that decision.

8. The BH I/DD Tailored Plan shall require providers to use the following BH or other Department approved level-of-care determination and screening tools at part of the BH I/DD Tailored Plan’s UM program. The Department reserves the right to change these required screening tools. If this occurs, the Department will notify the BH I/DD Tailored Plan in writing:
   i. Substance use: American Society for Addiction Medicine (ASAM) for medical necessity reviews for all populations except children ages zero (0) through twelve (12).
   ii. Mental health.\(^{36}\)
      a) Reserved.
      b) Reserved.
      c) Either the Early Childhood Services Intensity Instrument (ECSII) or Children and Adolescents Needs and Strengths (CANS) for Infants, Toddlers and Pre-Schoolers for children ages zero (0) through five (5) or another validated assessment tool with prior approval by the Department.

viii. State Operated Health Care Facilities

---

\(^{36}\) The Department is actively exploring using other assessment tools for mental health services.
a) The BH I/DD Tailored Plan shall comply with the authorization, admission and discharge requirements for state psychiatric hospitals, ADATCs and developmental centers in accordance with N.C. Gen. Stat. § 122C-261(f)(4) and Section VII. First Revised and Restated Attachment N. Addendum for Division of State Operated Healthcare Facilities. Prior to authorizing or making a referral for the admission to a state psychiatric hospital, the BH I/DD Tailored Plan shall first make every effort to identify and suggest an appropriate alternative treatment location, including referral to community inpatient psychiatric units or other locations providing the necessary level of care. This effort may also include specialized or wrap around services for special populations such as individuals with IDD, TBI or dementia.

b) Prior to referral or authorization of any potential recipient known or reasonably believed to have an intellectual disability for admission to a state psychiatric hospital, the BH I/DD Tailored Plan must verify that the referral is in accordance with the requirements of N.C. Gen. Stat. § 122C-261 and any other applicable North Carolina law governing the admission of individuals with intellectual disabilities to a State psychiatric hospital.

c) For recipients who have multiple disorders and medical fragility or have multiple disorders and deafness, the BH I/DD Tailored Plan shall be designated by the Department to determine whether such recipients have such a high level of disability that alternative care is inappropriate, consistent with N.C. Gen. Stat. § 122C-261(e)(4).

d) In determining whether such recipients are eligible for referral and/or authorization for admission to a State psychiatric hospital, the BH I/DD Tailored Plan must utilize and complete the I/DD diversion process and tools established and approved by the Department for this purpose in order to determine that any less restrictive and less costly options in the community have been exhausted.

3. Care Management and Prevention
   a. Model Overview and Objectives
      i. The Department believes that recipients of State-funded Services with the highest needs will benefit from care management to avoid unnecessary emergency department visits, hospitalizations and readmissions, and promote linkages to Medicaid and other resources.
      ii. Under BH I/DD Tailored Plans, the Department intends to implement a two-part approach to provide care and case management to a subset of recipients with the highest needs depending on whether the recipient has a behavioral health condition or I/DD and TBI diagnosis as detailed below.

   b. Case Management for Recipients with Behavioral Health Conditions
      i. For recipients with behavioral health diagnoses, the Department intends to add new case management service definitions for child and adult recipients with mental health and/or SUD needs to its State-funded service array as detailed in Section V.C.2. Services. The child service definition will focus on High-Fidelity Wraparound, while the adult service definition will focus on other interventions. The Department intends to release these service definitions at least six months prior to BH I/DD Tailored Plan launch. The BH I/DD Tailored Plan must offer these services beginning at BH I/DD Tailored Plan launch.
      ii. The BH I/DD Tailored Plan shall hire a State-funded BH Care Management Coordinator to develop policies, practices, and systems that support the provision of case management services as detailed in Section V.A.1.i. Staffing and Facilities for Medicaid and State-funded Services.
         a) The State-funded BH Care Management Coordinator shall be responsible for the following activities:
            1. Assessing the case management provider network and working with the network management staff to identify gaps in the case management provider network based upon
the Network Access Plan as detailed in Section V.C.4.a.xi. and waiting list information as detailed in Section V.C.1.a.xiii.

2. Monitoring the delivery of case management services, including reviewing service authorizations for case management services to ensure fidelity of the services delivered, service plans, comprehensive clinical assessments, and person-centered plans.

3. Ensuring that potential referral sources (e.g., hospitals, community providers, law enforcement agencies, DSS) are aware of case management providers in their area.

4. Providing support to case management providers to develop a toolkit of medical, behavioral, social and other programs, services, and supports for recipient linkages, leveraging NCCARE360 and 211.org for social services.

5. Assisting case management providers with identifying and coordinating appropriate placement for recipients with complex needs that are creating barriers to securing an appropriate disposition, including but not limited to recipients who:

   6. Are placed at an inappropriate level of care or are at risk of being discharged from their current placement due to their complex needs;

   7. Have a medical co-morbidity (including pregnancy);

   8. Have co-occurring mental health, SUD, I/DD, and/or TBI disorders;

   9. Have complex behaviors requiring additional supervision than is typically available and/or highly specialized interventions; or

   10. Have a legal history affecting ability to live in congregate settings and/or in proximity to children.

   iii. Qualifications for the State-Funded BH Care Management Coordinator

      a) The BH I/DD Tailored Plan shall ensure that State-funded BH Care Management Coordinator(s) have the following minimum qualifications:

         1. Be a Master’s-level fully Licensed Clinical Social Worker (LCSW), Licensed (Licensed Clinical Mental Health Counselor (LCMC), or Licensed Psychological Associate (LPA), or Registered Nurse (RN) and

         2. Three (3) years of supervisory experience of staff working directly with individuals with a BH condition who have complex needs.

   iv. The BH I/DD Tailored Plan shall ensure recipients with complex needs as described in Section V.C.3.b.ii.a) 5. are placed in a timely manner in appropriate settings.

   c. Care Management Delivered Through the BH I/DD Tailored Plans for I/DD and TBI Populations

      i. The BH I/DD Tailored Plan shall provide care management to a subset of uninsured high needs recipients with I/DD or TBI diagnoses.

      ii. Children and adults with I/DD and TBI diagnoses, as defined by N.C. Gen. Stat. §§ 122C-3(12A) and 122C-3(38a) respectively, shall be eligible for care management delivered through the BH I/DD Tailored Plan if they are found ineligible for Medicaid and meet all of the following criteria:

         a) Are not connected to or are disengaged from community-based services that are available to meet their clinical needs;

         b) Require coordination between two or more agencies, including medical or non-medical providers and there are no natural or community supports that can provide this coordination;

         c) Are expected to have difficulty engaging in treatment services without additional support;

         d) They are ineligible for provider-based case management services; and

         e) They meet one of the following criteria:

            1. Reside in or are at risk of entry into institutional settings (e.g., state developmental facilities, ICF-IIDs, state psychiatric facilities or adult care homes);

            2. Are justice-involved;
3. Have behavioral complexity resulting in recurrent crisis service usage (e.g., emergency department, BH urgent care and facility crisis); or
4. Are at risk for out of home placement from legal guardians.

iii. The BH I/DD Tailored Plan shall be responsible for ensuring that a recipient does not receive duplicative care or case management from multiple sources.

iv. The BH I/DD Tailored Plan shall develop a standard methodology and processes for verifying eligibility and prioritizing eligible potential recipients with I/DD or TBI diagnoses for care management.
a) The BH I/DD Tailored Plan shall store the results of all reviews of eligibility for care management in a system of record and transmitted monthly in an electronic format to be determined by the Department.
b) The BH I/DD Tailored Plan shall develop a standard methodology and processes for verifying eligibility criteria for care management services with the Department at least annually or as requested by the Department. The BH I/DD Tailored Plan shall verify an individual’s eligibility for care management services against its own claims data or against State data resources to which it has access (e.g., NCTracks).

1. For individuals identified as potentially eligible for Medicaid, the BH I/DD Tailored Plan shall refer them to the county DSS office for assistance.
2. For those individuals determined eligible for state-funded care management services, the BH I/DD Tailored Plan shall score and prioritize recipients based on need for care management.
3. The Department shall not specify scoring or prioritization criteria at this time beyond the criteria specified in Section V.C.3.c.vi.b, though the Department expects such criteria are consistently applied to engage individuals in care management given available funding.

v. The BH I/DD Tailored Plan shall develop and maintain a waiting list for potential recipients with I/DD or TBI diagnoses who are waiting to receive care management consistent with the requirements in Section V.C.1.a.xii.
a) The BH I/DD Tailored Plan shall report the waiting list to the Department on a weekly basis.

vi. Referrals for care management delivered by the BH I/DD Tailored Plan
a) The BH I/DD Tailored Plan shall accept referrals for potential recipients who could benefit from care management from all sources, including, but not limited to:
   1. BH I/DD Tailored Plan staff;
   2. Providers (e.g., hospital, facility or community-based providers);
   3. State agencies;
   4. Community based organizations;
   5. Law enforcement; and
b) The BH I/DD Tailored Plan shall prioritize referrals for potential recipients who have an immediate risk in the next three (3) months for one of the criteria specified in Section V.C.3.c.vi.

vii. Care management comprehensive assessment for care management for recipients with I/DD or TBI diagnoses delivered by the BH I/DD Tailored Plan
a) The BH I/DD Tailored Plan shall develop a standardized person-centered Care Management Comprehensive Assessment of a qualifying recipient’s healthcare needs, functional needs, accessibility needs, strengths and supports, goals, and other characteristics that will inform the recipient’s ongoing Individual Support Plan (ISP) and treatment.
b) The BH I/DD Tailored Plan shall develop methodologies and tools for conducting the Care Management Comprehensive Assessment, as appropriate for differing recipient demographics and needs.
c) The Care Management Comprehensive Assessment shall include, at a minimum, the following domains:

1. Recipient’s immediate care needs;
2. Recipient’s current services and providers;
3. Functional needs, accessibility needs, strengths and goals;
4. Other state or local services currently used;
5. Physical health conditions, including dental conditions;
6. Current and past mental health and substance use status and/or disorders, including tobacco use disorders;
7. Physical disabilities;
8. I/DD;
9. Detailed medication history a list of all medicines, including over-the-counter medication and medication that has been prescribed, dispensed, or administered – and known allergies
10. Available informal, caregiver or social supports;
11. Standardized Unmet Health-Related Resource Need questions to be provided by the Department, covering the Department’s four (4) priority domains: housing, food, transportation and interpersonal safety;
12. Any other ongoing conditions that require a course of treatment or regular care monitoring;
13. Exposure to trauma;
14. Risks to the health, well-being, and safety of the recipient and others (including sexual activity, potential abuse/exploitation and exposure to secondhand smoke and aerosols);
15. Cultural considerations (e.g., ethnicity, religion, language, reading level, health literacy, etc.);
16. Employment/community involvement;
17. Education (including individualized education plan and lifelong learning activities)
18. Justice system involvement (adults) or juvenile justice involvement and/or expulsions or exclusions from school (children and adolescents);
19. Self-management and planning skills; and
20. Receipt of and eligibility for entitlement benefits.

d) The BH I/DD Tailored Plan shall make its best effort to complete the Care Management Comprehensive Assessment for every eligible recipient of State-funded care management subject to available funding, as described in Section V.C.3., who has been referred to the BH I/DD Tailored Plan for care management within fourteen (14) Calendar Days of referral.

e) The BH I/DD Tailored Plan shall ensure that the Care Management Comprehensive Assessment is conducted in a location that meets the recipient’s needs.

g. The Contractor shall complete the corrective action(s) contained in the CAP within the time period approved by the Department.
h. The Contractor shall provide updates to the Department on the implementation of the CAP and the remediation of the findings resulting in the CAP at the interval requested by the Department.

3. Effective Date of Remedial Actions
   a. The effective date for any required remedial action is the date of the written Notice of Deficiency. Any time frames regarding Contractor action will be calculated from the date of the Notice of Deficiency.
   b. A remedial action is not contestable under the dispute resolution process described in this Section, and the Contractor shall be required to complete the remedial action within the timeframe provided in the Notice of Deficiency, except for a requirement to submit and implement a CAP that shall be completed in accordance with Contract requirements.

D. Intermediate Sanctions
   1. Imposition: If the Department, in its sole discretion, determines that the Contractor is in violation of the Contract or any other applicable law, the Department may impose the following intermediate sanctions against the Contractor:

Part 438, the Department will notify affected members of their right to terminate enrollment in the Contractor without cause.}
         iii. Notification to members of their right to terminate their enrollment with the Contractor without cause;
         iv. Suspension of all or part of new enrollment, including default enrollment, after the effective date of the sanction;
2. **Effective Date of Intermediate Sanctions**
   a. If the Contractor elects not to dispute the imposition of an intermediate sanction as provided in the Contract, the imposed sanction shall become effective the next calendar day following the expiration of the period to dispute or such other date determined by the Department and included in the written Notice of Deficiency.
   b. If the Contractor elects to dispute the imposition of an intermediate sanction as provided in the Contract, the imposed sanction shall become effective the next calendar day of the date on the written final decision issued by the Department.
   c. The Department shall not be required to delay the appointment of temporary management to provide the Contractor the opportunity to dispute the imposition of the sanction before imposing temporary management. The Department shall not terminate temporary management until it determines that the Contractor can ensure that the noncompliant behavior resulting in the temporary management will not reoccur.

E. **Liquidated Damages**

1. If the Contractor is determined by the Department, in its sole discretion, to be in violation with the terms, conditions, requirements, and/or performance standards of the Contract, it is presumed by the Contractor that the Department will be harmed, and the Department shall be entitled to monetary damages in the form of actual, consequential, direct, indirect, special, and/or liquidated damages.

2. The actual damage sustained by the Department as a result of the Contractor’s failure to meet the requirements of this Contract will be extremely difficult or impossible to ascertain with precise accuracy. Therefore, the Department and the Contractor agree that if the Contractor is in violation of the terms, conditions, requirements and/or performance standards of the Contract, the Department may assess liquidated damages against the Contractor in accordance with the Contract.

3. Following receipt of a Notice of Deficiency assessing liquidated damages, the Department may continue to assess damages in accordance with the Contract until such time as the Department, in its sole discretion, determines the Violation(s) has been cured.

4. The Department, in its sole discretion, reserves the right to assess a general liquidated damage in an amount commensurate with the Violation, as applicable, for any violation not specifically listed in Section VII. First Revised and Restated Attachment P. Performance Metrics, Service Level Agreements and Liquidated Damages; provided, however, that no violation of any Contract requirement related solely to State-funded Services not specifically listed in Section VII. First Revised and Restated Attachment P. Performance Metrics, Service Level Agreements and Liquidated Damages shall exceed on hundred, twenty-five dollars ($125.00) per day, per occurrence, and/or per member.

5. Liquidated damages assessed by the Department do not affect the Contractor’s rights or obligations with respect to any third-party including beneficiaries or providers.

F. **Payment of Liquidated Damages and other Monetary Sanctions**

1. If the Contractor elects not to dispute the assessment of liquidated damages or other monetary sanctions, the assessed amounts shall be due and payable within fifteen (15) Calendar Days of the date of the written Notice of Deficiency assessing the liquidated damages or other monetary sanctions.

2. If the Contractor elects to dispute the assessment of liquidated damages or other monetary sanctions, but does not prevail, the liquidated damages or other monetary sanctions shall be due and payable within ten (10) Calendar Days of the date on the written notice of the final decision issued by the Department upholding its original decision to impose the liquidated damages or other monetary sanctions (including a final decision modifying the amount owed).
3. If the Contractor fails to pay liquidated damages or other monetary sanctions by the applicable due date, the Contractor shall be subject to interest and a late payment penalty in accordance with N.C. Gen. Stat. § 147-86.23 and N.C. Gen. Stat. § 105.241.21 until the past due amount is paid.

4. The Department shall reserve the right to recoup any monies owed to the Department from assessed liquidated damages or other monetary sanctions by withholding the amount (including interest and late payment penalties) from future payments owed to the Contractor. The Department shall provide written notice to the Contractor prior to withholding a portion of the payment for assessed liquidated damages or other monetary sanctions. For Medicaid only, actions taken by the Department to withhold a portion of a capitation payment for assessed liquidated damages or other monetary sanctions shall not be considered a withhold arrangement as defined in 42 C.F.R. § 438.6(a).

5. For State-funded Services, the Contractor shall not use state single stream funding, block grant, or any other State-funded Service dollars to pay for the assessed liquidated damage, nor shall Contractor reduce services as a result of having liquidated damages assessed against it to pay for the assessed liquidated damage.

G. Dispute Resolution for Contract Performance

1. The Contractor shall exhaust the dispute resolution process described in this Section to dispute the imposition of intermediate sanctions, the assessment of liquidated damages, CMPs, and/or for cause termination of the Contract whether pursuant to 42 C.F.R. § 438.708 (for Medicaid Services) or otherwise by the Department before pursuing any other administrative, legal, or equitable remedy that may be afforded to the Contractor under North Carolina or federal law or regulation.

2. The Contractor shall have the right to dispute certain contract performance actions by the Department, including the imposition of CAPs, intermediate sanctions, liquidated damages, or termination, through the dispute resolution process, except that the Contractor shall not have the right to dispute the Department’s decision to require the Contractor to perform a remedial action.

3. Dispute Resolution Procedures
   a. To initiate a dispute, the Contractor shall submit a written request for a dispute resolution within fifteen (15) Calendar Days of the date of the Notice of Deficiency imposing the Department’s intended action. The Department may extend the Contractor’s deadline to request dispute resolution for good cause if the Contractor requests an extension within ten (10) Calendar Days of the date on the written notice.
   b. The Contractor shall include in the written request for dispute resolution all arguments, materials, data, and information necessary to resolve the dispute (including all evidence, documentation, and exhibits).
   c. The Contractor waives any dispute not raised within thirty (30) Calendar Days of the date of the Notice of Deficiency, unless the Department grants an extension.

   e. The Department shall review the dispute resolution request and any evidence and information submitted and issue a written final decision within sixty-five (65) Calendar Days of the Contractor’s request for dispute resolution. The Department shall have the right to extend its deadline to issue the final decision for good cause and shall notify the Contractor of any extension and the reason for such extension.
f. The final decision issued by the Department following dispute resolution shall not be subject to further review or appeal within the Department.

4. **For Medicaid Only: Hearing Prior to Termination of Contract with Cause**
   a. The Contractor shall be entitled to a hearing only in the event that the Department seeks to terminate its Contract for cause pursuant to 42 C.F.R. § 438.708 as provided in the Termination for Cause Section of the Contract.
   b. At least fifteen (15) Calendar Days prior to the hearing, the Contractor shall receive written notice of the hearing that includes the date, time, place, nature of the hearing, and whether the hearing shall be held in-person or by telephone.
   c. The hearing may be conducted even if the Contractor fails to appear at the hearing after receiving proper notice.
   d. At the hearing, the burden shall be on the Contractor to demonstrate that the Department’s decision to terminate the Contract with cause pursuant to 42 C.F.R. § 438.708 should be reversed.
   e. Following the hearing, the Contractor shall receive a written final decision within sixty-five (65) Calendar Days of the date of the scheduled hearing, unless the deadline to issue the final decision is extended for good cause. If the deadline is extended, the Contractor shall be notified of the extension and the reason for such extension.
   f. In a final decision affirming termination of the Contract, the Department shall provide the effective date for termination to the Contractor, and give the Contractor’s members and recipients notice of the termination and information, consistent with 42 C.F.R. § 438.10, of their options for receiving Medicaid or State-funded Services after the Contract is terminated.

5. **Legal Representative:** The Department and the Contractor may be represented by legal counsel throughout the dispute resolution process.

   2. The Department shall provide notice as required by law to any other state or federal agency for Violations of the terms, conditions, or requirements of this Contract or applicable laws or regulations by the Contractor.

I. **Publication of Contract Compliance Issues**
   1. The Department may publish on its website on a quarterly basis a list of Contractors subject to remedial action(s), intermediate sanction(s) and/or liquidated damages during the prior quarter, the risk level assigned to Violation(s), the type of actions imposed on the Contractor, and the basis for the actions taken by the Department.
   2. The Department shall not publish, as final, any actions that are under dispute with the Contractor or any remedial action(s), intermediate sanction(s) and/or liquidated damages that have been waived or lifted by the Department.

J. **Right to Waive or Modify**
   The Department, in its sole discretion, may waive, modify, or lift the imposition of any action taken against a Contractor for any good cause as determined by the Department, which includes the right of the Department to suspend the imposition of a remedial action, liquidated damages, or an intermediate
sanction while the Contractor works to resolve the underlying Violation that resulted in the action taken by the Department.

K. Performance Standards and Service Level Agreements

1. The Department has established performance standards for the measures listed in Tables 3-5 of Section VII. First Revised and Restated Attachment P. Performance Metrics, Services Level Agreements and Liquidated Damages and corresponding liquidated damages for any performance standard that is not met.

2. BH I/DD Tailored Plan Quality Metrics for State-funded Services

The BH I/DD Tailored Plan will be expected to calculate and report on those measures that require claims or encounter data or clinical data, as described in a technical specifications manual that will be released no later than six (6) months prior to BH I/DD Tailored Plan launch. The quality measures will be reviewed and updated annually. The Department will monitor other measures that are not included in the tables below and may elect to report performance on these measures or engage with BH I/DD Tailored Plans around these performance measures.

Measures that the BH I/DD Tailored Plan will be expected to calculate and report with associated liquidated damages are indicated with an asterisk (*). The full list of performance measures, service level agreements and associated liquidated damages are listed in Section VII. Attachment P. Performance Metrics, Service Level Agreements and Liquidated Damages.

First Revised and Restated Attachment F. BH I/DD Tailored Plan Network Adequacy Standards

1. BH I/DD Tailored Plan Network Adequacy Standards for Medicaid

At a minimum, BH I/DD Tailored Plans’s Medicaid network shall consist of hospitals, physicians, advanced practice nurses, SUD and mental health treatment providers, I/DD and TBI providers, emergent and non-emergent transportation services, safety net hospitals, and all other provider types necessary to support capacity to make all services sufficiently available as described in Section V.B.4.i. Provider Network.

For the purposes of this attachment and the BH I/DD Tailored Plan Network Adequacy Standards, “urban” is defined as non-rural counties, or counties with average population densities of two hundred fifty (250) or more people per square mile. This definition includes twenty (20) counties that are categorized by the North Carolina Rural Economic Development Center as “regional cities or suburban counties” or “urban counties which will be covered by the applicable BH I/DD Tailored Plan.” “Rural” is defined as a county with average population density of less than two hundred fifty (250) people per square mile.

More background information is available at: http://www.ncleg.net/documentsites/committees/BCCI-6678/4-6-16/NCRC3%20Rural_Center_Impacts_Report.pdf. The Department will issue updated analysis of urban and rural counties defined by the North Carolina Rural Economic Development Center based on the most recently available U.S. Census population data.

In order to ensure that all members have timely access to all covered health care services, BH I/DD Tailored Plans shall ensure its network meets, at a minimum, the following time/distance standards as measured from the member’s residence for adult and pediatric providers separately through geo-access mapping at least annually. Certain service types not subject to separate adult and pediatric provider standards. These service types are marked with a (*) and include: hospitals, pharmacies, occupational, physical, or speech therapists, LTSS, and nursing facilities.

For purposes of network adequacy standards for physical health providers/services, except as otherwise noted, adult services are those provided to a member who is 21 years of age or older and pediatric (child/children) services are those provided to a member who is less than 21 years of age.

For purposes of network adequacy standards for SUD and mental health treatment providers, except as otherwise noted, adult services are those provided to a member who is 18 years of age or older and pediatric/adolescent (child/children) services are those provided to a member who is less than 18 years of age.

The BH I/DD Tailored Plan is required to use the definitions of service categories for BH time/distance standards found in Distance Standards for BH service types in Section VII. First Revised and Restated Attachment F.1. Table 1: BH I/DD Tailored Plan Time/Distance Standards for Medicaid and Section VII. First Revised and Restated Attachment F.1. 2. BH I/DD Tailored Plan Network Adequacy Standards for State-funded Services

At a minimum, BH I/DD Tailored Plans’s State-funded Services network shall consist of mental health, SUD, I/DD and TBI providers and Three-Way Contract inpatient care providers, and all other provider types necessary to support capacity to make all services sufficiently available as described in Section V.C.4.a. Provider Network.

For the purposes of this attachment and the BH I/DD Tailored Plan Network Adequacy Standards, “urban” is defined as non-rural counties, or counties with average population densities of two hundred fifty (250) or more people per square mile. This definition includes twenty (20) counties that are categorized by the North Carolina Rural Economic Development Center as “regional cities or suburban counties” or “urban counties which will be covered by the applicable BH I/DD Tailored Plan.” “Rural” is defined as a county with average population density of less than two hundred fifty (250) people per square mile.

More background information is available at: [http://www.ncleg.net/documentsites/committees/BCCI-6678/4-6-16/NCRC3%20Rural_Center_Impacts_Report.pdf](http://www.ncleg.net/documentsites/committees/BCCI-6678/4-6-16/NCRC3%20Rural_Center_Impacts_Report.pdf). The Department will issue updated analysis of urban and rural counties defined by the North Carolina Rural Economic Development Center based on the most recently available U.S. Census population data.

In order to ensure that all members have timely access to all covered health care services, BH I/DD Tailored Plans shall ensure its network meets, at a minimum, the following time or distance standards as measured from the member’s residence for adult and pediatric providers separately through geo-access mapping at least annually. Offeror should reference Section VII. Attachment M.9. BH Service Classifications for Appointment Wait Time and Routine, Urgent and Emergent Care Standards for Medicaid and NC Health Choice Members and State-funded Recipients for service types marked with a (^). The BH I/DD Tailored Plan is required to use the definitions of service categories for BH time or distance standards found in distance standards for BH service types in Section VII. First Revised and Restated Attachment F.2. Table 2 Classifications of Service Category for Behavioral Health Time or Distance Standards:

For purposes of network adequacy standards for SUD and mental health treatment providers, except as otherwise noted, adult services are those provided to a member who is 18 years of age or older and pediatric/adolescent (child/children) services are those provided to a member who is less than 18 years of age.

Second Revised and Restated Attachment G. Required Standard Provisions for BH I/DD Tailored Plan and Provider Contracts

1. Required Standard Provisions for BH I/DD Tailored Plan and Provider Contracts for Medicaid

The BH I/DD Tailored Plan shall develop and implement contracts with providers to meet the requirements of the Contract. The BH I/DD Tailored Plan’s provider contracts shall, at a minimum, comply with the terms of the Contract, state and federal law, and include required standard contracts clauses.

1. Contracts between the BH I/DD Tailored Plan and providers, must, at a minimum, include provisions addressing the following:
   a. Entire Agreement: The contract must identify the documents, such as amendments, exhibits, or appendices that constitute the entire contract between the parties.
   b. Definitions: The contract must define those technical managed care terms used in the provider contract, and whether those definitions reference other documents distributed to providers and are consistent with definitions included in Medicaid member materials issued in conjunction with the Medicaid Managed Care Program.
      (a) In the case of the definition of Medical Necessity/Medically Necessary, the contract shall either indicate the BH I/DD Tailored plan utilizes the definition as found in Section II.A. of the BH I/DD Tailored Plan Contract or include the definition verbatim from that section
   c. Contract Term: BH I/DD Tailored Plan Contract may include the option to extend the contract’s term if the BH I/DD Tailored Plan Contract with the State includes an extension option.
   d. Termination and Notice: The contract must address the basis for termination of the contract by either party and notice requirements. BH I/DD Tailored Plan shall specifically include a provision permitting the BH I/DD Tailored Plan to immediately terminate a provider contract upon a confirmed finding of fraud, waste, or abuse by the Department or the North Carolina Department of Justice Medicaid Investigations Division, or serious quality of care concerns by the BH I/DD Tailored Plan or the Division, or upon termination of the BH I/DD Tailored Plan contract by the State. BH I/DD Tailored Plan also shall specifically include a provision permitting the BH I/DD Tailored Plan to immediately suspend some or all activities under a provider contract upon finding a credible allegation of fraud, waste, abuse, or serious quality of care concerns by the BH I/DD Tailored Plan or the Division. The contract must also require the provider to notify the BH I/DD Tailored Plan of members with scheduled appointment upon termination.
   e. Survival: The contract must identify those obligations that continue after termination of the provider contract and
      i. In the case of the BH I/DD Tailored Plan’s insolvency the contract must address:
         1. Transition of administrative duties and records; and
         2. Continuation of care, when inpatient care is on-going in accordance with the requirements of the Contract. If the BH I/DD Tailored Plan provides or arranges for the delivery of health care services on a prepaid basis, inpatient care shall be continued until the patient is ready for discharge.
   f. Credentialing: The contract must address the provider’s obligation to maintain licensure, accreditation, and credentials sufficient to meet the BH I/DD Tailored Plan’s Network participation
requirements as outlined in the State’s Credentialing and Re-credentialing Policy and the timeframe within which the provider must notify the BH I/DD Tailored Plan of changes in the status of any information relating to the provider's professional credentials. In addition, the terms must include the following:

i. The provider’s obligations to be an enrolled Medicaid provider as required by 42 C.F.R. § 455.410, and the grounds for termination if the provider does not maintain enrollment.

ii. The provider’s obligations to complete reenrollment/re-credentialing before contract renewal and in accordance with the following:
   1. During the provider credentialing transition period, no less frequently than every five (5) years.
   2. During provider credentialing under full implementation, no less frequently than every three (3) years, except as otherwise permitted by the Department.

h. Liability Insurance: The contract must address the provider's obligation to maintain professional liability insurance coverage in an amount acceptable to the BH I/DD Tailored Plan, and at the provider’s sole cost, and to notify the BH I/DD Tailored Plan of subsequent changes in status of professional liability insurance on a timely basis.

i. Member Billing: The contract must address the following:
   i. That the provider shall not bill any member for covered services, except for specified coinsurance, copayments, and applicable deductibles. This provision shall not prohibit a provider and member from agreeing to continue non-covered services at the member’s own expense, as long as the provider has notified the member in advance that the BH I/DD Tailored Plan may not cover or continue to cover specific services and the member requests to receive the service; and
   ii. Any provider’s responsibility to collect applicable member deductibles, copayments, coinsurance, and fees for noncovered services shall be specified.

j. Provider Accessibility: The contract must address provider’s obligation to arrange for call coverage or other back-up to provide service in accordance with the BH I/DD Tailored Plan’s standards for provider accessibility. The contract must address how the provider will:
   i. Offer hours of operation that are no less than the hours of operation offered to commercial enrollees or comparable to NC Medicaid Direct, if the provider serves only Medicaid beneficiaries;
   ii. Make services included in the contract available twenty-four (24) hours a day, seven (7) days a week, including holidays, when medically necessary; and
   iii. Have a “no-reject policy” for referrals within capacity and parameters of their competencies. Providers shall agree to accept all referrals meeting criteria for services they provide when there is available capacity. A provider's competency to meet individual referral needs will be negotiated between the BH I/DD Tailored Plan and the provider.

k. Eligibility Verification: The contract must address the BH I/DD Tailored Plan’s obligation to provide a mechanism that allows providers to verify member eligibility, based on current information held by the BH I/DD Tailored Plan, before rendering health care services.

l. Medical Records: The contract must address provider requirements regarding patients' records, in accordance with 42 C.F.R. § 438.208(b)(5). The contract must require that providers:

ii. Maintain adequate medical and other health records according to industry and BH I/DD Tailored Plan standards; and

iii. Make copies of such records available to the BH I/DD Tailored Plan and the Department in conjunction with its regulation of the BH I/DD Tailored Plan. The records shall be made available and furnished immediately upon request in either paper or electronic form, at no cost to the requesting party.

l. Member Appeals and Grievances: The contract must address the provider's obligation to cooperate with the member in regard to member appeals and grievance procedures.

m. Provider Network: The BH I/DD Tailored Plan shall require network providers of services provided under Outpatient Commitment to a member to notify the BH I/DD Tailored Plan of the Outpatient Commitment order upon receipt.

o. Provider Payment: The contract must include a provider payment provision that describes the methodology to be used as a basis for payment to the provider. However, the agreement shall not include a rate methodology that provides for an automatic increase in rates. This provision shall be consistent with the Reimbursement Policy required under G.S. 58-3-227(a)(5). Provider agrees to send 837 HIPAA compliant transactions and to receive 835 Remittances or to participate in the BH I/DD Tailored Plan's web-based billing process.

p. Data to the Provider: The contract must address the BH I/DD Tailored Plan’s obligations to provide data and information to the provider, such as:
   i. Performance feedback reports or information to the provider, if compensation is related to efficiency criteria.
   ii. Information on benefit exclusions; administrative and utilization management requirements; credential verification programs; quality assessment programs; and provider sanction policies.
   iii. Notification of changes in these requirements shall also be provided by the BH I/DD Tailored Plan, allowing providers time to comply with such changes.

q. Utilization Management (UM): The contract must address the provider’s obligations to comply with the BH I/DD Tailored Plan's UM programs, quality management programs, and provider sanctions programs with the proviso that none of these shall override the professional or ethical responsibility of the provider or interfere with the provider’s ability to provide information or assistance to their patients.

r. Quality Management: The contract must address the provider’s participation in the compliance process and the Network Continuous Quality Improvement process.

s. Provider Directory: The provider's authorization and the BH I/DD Tailored Plan's obligation to include the name of the provider or the provider group in the provider directory distributed to members.

t. Dispute Resolution: Any process to be followed to resolve contractual differences between the BH I/DD Tailored Plan and the provider. Such provision must comply with the guidelines on Provider Grievance and Appeals as found in Section V.8.4.v. Provider Grievances and Appeals.

u. Assignment: Provisions on assignment of the contract must include that:
i. The provider’s duties and obligations under the contract shall not be assigned, delegated, or transferred without the prior written consent of the BH I/DD Tailored Plan.

ii. The BH I/DD Tailored Plan shall notify the provider, in writing, of any duties or obligations that are to be delegated or transferred, before the delegation or transfer.

v. Government Funds: The contract must include a statement that the funds used for provider payments are government funds.

w. Interpreting and Translation Services: The contract must have provisions that indicate:

☐ An urban Indian organization that operates a health program with funds in whole or part provided by IHS under a grant or contract awarded pursuant to Title V of the IHCIA.

4. Cost Sharing Exemption for Indians; No Reduction in Payments.
   a. The BH I/DD Tailored Plan shall not impose any enrollment fee, premium, or similar charge, and no deduction, copayment, cost sharing, or similar charge shall be imposed against an Indian who is furnished an item or service directly by the Indian Health Service, an Indian Tribe, Tribal Organization or Urban Indian Organization or through referral under contract health services.

   b. Payments due to the Indian Health Service, an Indian Tribe, Tribal Organization, or Urban Indian Organization, or a health care IHCP through referral under contract health services for the furnishing of an item or service to an Indian who is eligible for assistance under the Medicaid program may not be reduced by the amount of any enrollment fee, premium, or similar charge, and no deduction, copayment, cost sharing, or similar charge. Section 1916(j) of the Social Security Act, and 42 C.F.R. 447.53 and §457.535. Section 1916(j) of the Social Security Act, and 42 C.F.R. § 447.53 and §457.535.

5. Member Option to Select the IHCP as Primary Health Care IHCP.
The BH I/DD Tailored Plan shall allow any Indian otherwise eligible to receive services from an IHCP to choose the IHCP as the Indian’s primary health care provider if the IHCP has the capacity to provide primary care services to such Indian, and any referral from such IHCP shall be deemed to satisfy any coordination of care or referral requirement of the BH I/DD Tailored Plan. Section 1932(h)(1) of the Social Security Act, 42 C.F.R. § 438.14(b)(3) and 457.1209.

6. Agreement to Pay IHCP.
a. The BH I/DD Tailored Plan shall pay the IHCP for covered Medicaid Managed Care services in accordance with the requirements set out in Section 1932(h) of the Social Security Act and 42 C.F.R. §§ 438.14 and 457.1209.
b. The State shall make a supplemental payment to the IHCP to make up the difference between the amount the BH I/DD Tailored Plan pays and the amount the IHCP would have received under FFS or the applicable encounter rate published annually by the IHS if the amount the IHCP receives from the BH I/DD Tailored Plan is less than the amount they would have received under FFS or the applicable encounter rate.

7. Persons Eligible for Items and Services from IHCP.
   a. Nothing in this agreement shall be construed to in any way change, reduce, expand, or alter the eligibility requirements for services through the IHCP’s programs, as determined by federal law including the IHCIA, 25 U.S.C. § 1601, et seq. and/or 42 C.F.R. Part 136.
   b. No term or condition of the BH I/DD Tailored Plan’s network IHCP agreement or any addendum thereto shall be construed to require the IHCP to serve individuals who are ineligible for services from the IHCP. The BH I/DD Tailored Plan acknowledges that pursuant to 45 C.F.R. § 80.3(d), an individual shall not be deemed subjected to discrimination by reason of his/her exclusion from benefits limited by federal law to individuals eligible for services from the IHCP. IHCP acknowledges that the nondiscrimination provisions of federal law may apply.

   Certain federal laws and regulations apply to IHCPs, but not other providers. IHCPs cannot be required to violate those laws and regulations as a result of serving BH I/DD Tailored Plan members. Applicable provisions may include, but are not limited to, those laws cited within this Addendum.

   To the extent the IHCP is a non-taxable entity, the IHCP shall not be required by a BH I/DD Tailored Plan to collect or remit any federal, state, or local tax.

10. Insurance and Indemnification.
    a. Indian Health Service. The IHS shall not be required to obtain or maintain insurance (including professional liability insurance), provide indemnification, or guarantee that the managed Care Plan will be held harmless from liability. This is because the IHS is covered by the Federal Tort Claims Act (FTCA), which means that the United States consents to be sued in place of federal employees for any damages to property or for personal injury or death caused by the negligence or wrongful act or omission of federal employees acting within the scope of their employment. Nothing in the BH I/DD Tailored Plan network provider agreement (including any addendum) shall be interpreted to authorize or obligate any IHS employee to perform any act outside the scope of his/her employment.
    b. Indian Tribes and Tribal Organizations. A provider which is an Indian tribe or a tribal organization operating under a contract or compact to carry out programs, services, functions, and activities (or portions thereof) of the IHS pursuant to the ISDEAA, 25 U.S.C. § 450, or employee of a tribe or tribal organization (including contractors) shall not be required to obtain or maintain insurance (including professional liability insurance), provide indemnification, or guarantee that the BH I/DD Tailored Plan will be held harmless from liability. This is because Indian tribes and tribal organizations operating under a contract or compact to carry out programs, services, functions, and activities, (or programs thereof) of the IHS pursuant to the ISDEAA, 25 U.S.C. § 450, are covered by the FTCA, which means the United States consents to be sued in place of employees of a tribe or tribal organization (including contractors) for any damages to property or for personal injury or death caused by the negligence or wrongful act or omission of employees acting within the scope of their employment. Nothing in the BH I/DD Tailored Plan network provider agreement (including any addendum) shall be interpreted to authorize or obligate such provider,
any employee of such provider, or any personal services contractor to perform any act outside the scope of his/her employment.

c. Urban Indian Organizations. A provider which is an urban Indian organization shall not be required to obtain or maintain insurance (including professional liability insurance), provide indemnification, or guarantee that the BH I/DD Tailored Plan will be held harmless from liability to the extent the provider attests that it is covered by the FTCA. Nothing in the BH I/DD Tailored Plan network provider agreement or any addendum thereto shall be interpreted to authorize or obligate such provider or any employee of such provider to perform any act outside the scope of his/her employment.

11. Licensure and Accreditation.
Pursuant to 25 USC §§1621t and 1647a, the BH I/DD Tailored Plan shall not apply any requirement that any entity operated by the IHS, an Indian tribe, tribal organization or urban Indian organization be licensed or recognized under the State or local law where the entity is located to furnish health care services, if the entity attests that it meets all the applicable standards for such licensure or recognition. In addition, the BH I/DD Tailored Plan shall not require the licensure of a health professional employed by such an entity under the State or local law where the entity is located, if the professional is licensed in another State.

12. Dispute Resolution.
In the event of any dispute arising under the BH I/DD Tailored Plan’s network IHCP agreement or any addendum thereto, the parties agree to meet and confer in good faith to resolve any such disputes. Notwithstanding any provision in the BH I/DD Tailored Plan’s network agreement, the IHCP shall not be required to submit any disputes between the parties to binding arbitration.

The BH I/DD Tailored Plan’s network IHCP agreement and all addenda thereto shall be governed and construed in accordance with federal law of the United States. In the event of a conflict between such agreement and all addenda thereto and federal law, federal law shall prevail.

Nothing in the BH I/DD Tailored Plan’s network IHCP agreement or any addendum thereto shall subject an Indian tribe, tribal organization, or urban Indian organization to state law to any greater extent than state law is already applicable.

To the extent the BH I/DD Tailored Plan imposes any medical quality assurance requirements on its network IHCPs, any such requirements applicable to the IHCP shall be subject to Section 805 of the IHCIA, 25 U.S.C. §1675.

15. Claims Format.
The BH I/DD Tailored Plan shall process claims from the IHCP in accordance with Section 206(h) of the IHCIA, 25 U.S.C. §1621e(h), which does not permit an issuer to deny a claim submitted by a IHCP based on the format in which submitted if the format used complies with that required for submission of claims under Title XVIII of the Social Security Act or recognized under Section 1175 of such Act.

16. Payment of Claims.
The BH I/DD Tailored Plan shall pay claims from the IHCP in accordance Section 1932(h)(2) of the Act and 42 C.F.R. §§ 438.14(c)(2) and 457.1209 and shall pay at either the rate provided under the State plan in a Fee-for-Service payment methodology, or the applicable encounter rate published annually in the Federal Register by the Indian Health Service, whichever is higher.
17. Hours and Days of Service.
   The hours and days of service of the IHCP shall be established by the IHCP. The IHCP agrees that it will consider input from the BH I/DD Tailored Plan as to its hours and days of service. At the request of the BH I/DD Tailored Plan, such IHCP shall provide written notification of its hours and days of service.

18. Coordination of Care/Referral Requirements.
   The Provider may make referrals to in-network providers and such referrals shall be deemed to meet any coordination of care and referral obligations of the BH I/DD Tailored Plan.

   Nothing in the BH I/DD Tailored Plan’s network IHCP agreement or in any addendum thereto shall constitute a waiver of federal or tribal sovereign immunity.

20. Endorsement.
   IHS or IHCP names and positions may not be used to suggest official endorsement or preferential treatment of the BH I/DD Tailored Plan.

C. Quality and Value

1. Quarterly Quality Measures Report

The NC Department of Health and Human Services (NCDHHS), Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS) has been tracking the effectiveness of community systems through statewide performance indicators since 20061. These indicators provide a means for Executive Leadership, the NC public and General Assembly to monitor how the public service system is performing its responsibilities. Regular reporting of community progress also assists local and state managers in identifying areas of success and areas in need of attention. Problems caught early can be addressed more effectively. Success in a particular component of the service system by one community can be used as a model to guide development in other communities.

These performance indicators describe an observed level of activity (percent of persons that received a service for a MH, I/DD, or SUD condition or that received a timely follow-up service), but do not explain why the level is as it is. Results do not reveal the substantial "behind-the-scene" activities, processes and interactions involving service providers, LME-MCO and state staff, consumers, and family members, and cannot reveal which factors account for differences in measured levels of quality. Identifying and understanding these factors require additional investigation and may serve as the starting point for program management initiatives or quality improvement efforts.

The performance indicators in this report were chosen to reflect:
- accepted standards of care,
- fair and reliable measures, and
- readily available data sources.

D. Financial Requirements

1. Information on Appropriate Use of Block Grant and State-Funds

Annual report on use of block grant and state-funds, including single stream and non-unit cost reimbursement (UCR) expenses, invoices, and other financial information. The Department may request additional submissions of information pertaining to use of these funds on an ad hoc basis.

Any ad hoc reporting, including all data elements and format, will

First Revised and Restated Attachment K. Risk Level Matrix for Medicaid and State-funded Services

The BH I/DD Tailored Plan agrees and acknowledges that the Risk Level Matrix is intended to be an illustrative, non-exhaustive list of the types of acts, failures to act, behaviors, and/or practices that may be assigned to a specific level by the Department upon consideration of some or all of the factors described in the Contract.

If the BH I/DD Tailored Plan is found to be noncompliant with the terms, conditions, or requirements of the Contract or of any other violation by the Department, the BH I/DD Tailored Plan agrees and acknowledges that the Risk Level Matrix, as provided in the Contract, is for demonstrative purposes only, and the Department retains the sole discretion to assign an appropriate level to each type of noncompliance or violation by the BH I/DD Tailored Plan based on the nature of the noncompliance or violation as described in the Contract.

The BH I/DD Tailored Plan further agrees and acknowledges that the content included in the examples of noncompliant behavior and/or practices in the Risk Level Matrix are not the full scope of violations subject to a Risk Level assignment by the Department and that if a specific example of noncompliant behavior or practice identified in the Matrix occurs, the Department is not obligated to assign the noncompliant behavior or practice in accordance with the level provided in this Matrix.

Examples include therapy for a child who isn’t walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of inpatient or outpatient settings.

11. Health Insurance: A type of insurance coverage that pays for your health and medical costs. Your Medicaid coverage is a type of health insurance.

27. Primary Care Provider (PCP): The doctor or clinic where you get your primary care (immunizations, well-visits, sick visits, visits to help you manage an illness like diabetes.) Your PCP should also be available after hours and on weekends to give you medical advice. They also refer you to specialists (cardiologists, behavioral health providers) if you need it. e. **Beneficiaries Part of Excluded or Delayed groups who Become Eligible for Limited Medicaid Managed Care on the Basis of BH I/DD Tailored Plan Eligibility, as Described in Section V.B.1.i. Eligibility and Enrollment for BH I/DD Tailored Plans**

   a. The Department believes that certain members of groups that are otherwise excluded from Medicaid Managed Care will benefit from BH I/DD Tailored Plan enrollment. The Department is exploring a legislative change to allow certain groups of beneficiaries that are otherwise excluded or delayed from Medicaid Managed Care to become eligible for a limited set of benefits from Medicaid Managed Care on the basis of BH I/DD Tailored Plan eligibility.

   b. Pending legislative change, beneficiaries who are enrolled in both full Medicare and Medicaid and are determined to be BH I/DD Tailored Plan eligible will be auto-assigned into the beneficiary’s regional BH I/DD Tailored Plan for coverage of BH, I/DD, and TBI benefits (limited Medicaid Managed Care).

   c. The Department is also considering a similar approach for beneficiaries who are medically needy, participate in the NC HIPP program, or served through CAP/C or CAP/DA and determined to be BH I/DD Tailored Plan eligible to be auto-assigned into the beneficiary’s regional BH I/DD Tailored Plan for Medicaid-covered BH, I/DD, and TBI benefits (limited Medicaid Managed Care).

   d. The Department will transmit the auto-assignment to the assigned BH I/DD Tailored Plan through an 834 eligibility file. Coverage by the assigned BH I/DD Tailored Plan will begin on the first day of the month following the date the beneficiary is determined to meet BH I/DD Tailored Plan eligibility. Because the beneficiary is otherwise excluded or delayed from Medicaid Managed Care, the beneficiary will not be permitted to choose a Standard Plan during the coverage year; however, the beneficiary will have the option to move back to NC Medicaid Direct.

f. **Ongoing Review of Enrollment in a Behavioral Health I/DD Tailored Plan**

   a. On an ongoing basis, the Department will review the service utilization of BH I/DD Tailored Plan members as well as Standard Plan members who had been flagged in the past as BH I/DD Tailored Plan eligible but chose to enroll in a Standard Plan, to determine whether they should continue to be enrolled, or eligible to enroll, in BH I/DD Tailored Plans.

   b. Behavioral Health I/DD Tailored Plan-eligible individuals, whether they are enrolled in a Standard Plan or BH I/DD Tailored Plan, will continue to be eligible for a BH I/DD Tailored Plan if they either have a qualifying I/DD diagnosis, have TBI needs as described in Section V.B.1.i. Eligibility and Enrollment for BH I/DD Tailored Plans or have used a Medicaid or State-funded BH service other than outpatient therapy and medication management in the past twenty-four (24) months prior to their annual redetermination date.

   c. Beneficiaries who do not meet one of the criteria above and are Medicaid Managed Care mandatory will be transferred to a Standard Plan at renewal and noticed as part of the annual redetermination notice. Beneficiaries who do not meet one of the criteria above and are excluded from Standard Plan enrollment will be enrolled in NC Medicaid Direct.

   ________________

   authorization period—both for standard and expedited requests—will begin when the Department receives the request to transfer to a Behavioral Health I/DD Tailored Plan.
g. **Medicaid Eligibility Redeterminations**

a. At a member’s annual Medicaid renewal, if a member is redetermined eligible for Medicaid, continues to be eligible for a BH I/DD Tailored Plan, and has not elected to enroll in a Standard Plan, the Department will auto-assign the member into the same BH I/DD Tailored Plan from the prior eligibility year, provided that the member’s Medicaid county of eligibility remains in the same BH I/DD Tailored Plan Region.

b. If the member’s eligibility has moved to a county that is part of a different BH I/DD Tailored Plan Region, the Department will auto-assign the member into the BH I/DD Tailored Plan in the member’s new county of eligibility.

c. The member will continue to have the opportunity to elect to enroll in a Standard Plan at any point during the coverage year. Members who are excluded from Standard Plan enrollment have the opportunity to elect to enroll in NC Medicaid Direct at any point during the coverage year.

d. The member may select a Standard Plan at his or her Medicaid redetermination if he or she is not excluded from Standard Plans. If the member selects a Standard Plan, the Enrollment Broker will transmit the Standard Plan selection to the Department. The Department will transmit the Standard Plan selection to the Standard Plan through an 834 eligibility file. Coverage of the member by the Standard Plan will begin on the first day of the next month in which the member selected the Standard Plan. Members who are excluded from Standard Plan enrollment may elect to enroll in NC Medicaid Direct at their Medicaid redetermination.

e. If a member is determined based on data reviews to no longer be eligible for BH I/DD Tailored Plan but still eligible for Medicaid and the member believes that they are still eligible, the member will have the opportunity to submit a Request to Enroll in a BH I/DD Tailored Plan.

f. If a member is determined to no longer be eligible for Medicaid, the member will be notified and disenrolled from the BH I/DD Tailored Plan by the Department.

h. **Special Enrollment Cases**

Exempt populations

a. Exempt populations as defined in Section V.B.1.i.(iii)(a) that are BH I/DD Tailored Plan eligible will be able to enroll in BH I/DD Tailored Plans.

b. The Enrollment Broker will provide choice counseling to exempt populations and support BH I/DD Tailored Plan, Standard Plan, NC Medicaid Direct, EBCI Tribal Option (as applicable), and PCP selection throughout the beneficiary’s eligibility year.

c. If a beneficiary in an exempt population selects a BH I/DD Tailored Plan, the Enrollment Broker will transmit the BH I/DD Tailored Plan selection to the Department. The Department will transmit BH I/DD Tailored Plan selection to the BH I/DD Tailored Plan through an 834 eligibility file.

d. If a beneficiary in an exempt population elects to move from a BH I/DD Tailored Plan to a Standard Plan or other delivery system (such as NC Medicaid Direct or EBCI Tribal Option) at any point during the beneficiary’s eligibility year, coverage of the beneficiary
by Standard Plan or delivery system begins on the first day of the next month in which the beneficiary selected the Standard Plan or delivery system.\textsuperscript{11}

e. Beneficiaries who are eligible for the EBCI Tribal Option will be permitted to transfer to the EBCI Tribal Option from any delivery system at redetermination and at any point during the year,

f. Deemed newborns

g. The Department shall enroll deemed newborns in a Standard Plan or Tribal Option (as eligible) regardless of the mother’s enrollment in a BH I/DD Tailored Plan. To enroll in a BH I/DD Tailored Plan the beneficiary must meet Tailored Plan eligibility criteria.

i. **Disenrollment from BH I/DD Tailored Plans and Medicaid Managed Care**

   Member disenrollment from the BH I/DD Tailored Plan may occur pursuant to specific criteria described in this Policy, which may include complete disenrollment from Medicaid Managed Care or disenrolling from a BH I/DD Tailored Plan to a Standard Plan.

   i. Member requested disenrollment

   a. A member, or an authorized representative, may submit a verbal or written request for disenrollment from the BH I/DD Tailored Plan to the Enrollment Broker by phone, mail, in-person, or electronically.

   b. A member who is not excluded from Standard Plan enrollment may request disenrollment from a BH I/DD Tailored Plan and transfer to a Standard Plan or the EBCI Tribal Option (if applicable) any time during the coverage year.\textsuperscript{12}

   c. A member who is excluded from Standard Plan enrollment may request disenrollment from a BH I/DD Tailored Plan and transfer to NC Medicaid Direct any time during the coverage year.

   d. The member, or the authorized representative, must contact the Enrollment Broker in order to initiate a disenrollment request.

   e. At the time of the disenrollment request, choice counseling for the member or his or her representative will be available from the Enrollment Broker.

   f. The Enrollment Broker will process disenrollment requests in accordance with the following:

   ii. Notice of disenrollment determination

   a. The Department will notify the member or authorized representative, and the BH I/DD Tailored Plan of the approval or denial of the disenrollment request and, if approved, the disenrollment will be effective the first day of the month following receipt of the request by the Enrollment Broker.

\textsuperscript{11} There may be instances (e.g., an urgent medical need), as determined by the Department and based on the beneficiary’s needs, in which enrollment in the new PHP or the new delivery system may become effective sooner, including mid-month.

\textsuperscript{12} Members enrolled in the Innovations or TBI waivers must disenroll from their respective waiver before they can disenroll from a BH I/DD Tailored Plan.
b. The effective date of an approved disenrollment request will be no later than the first day of the second month following the month in which the member requests disenrollment. If the Enrollment Broker or the Department fails to make a disenrollment determination within the specified timeframes, the disenrollment is considered approved for the first day of the following month unless there is an urgent need.13

iii. Expedited review of member initiated requests for disenrollment

a. A member, or an authorized representative, may request an expedited review of his or her disenrollment request when the member has an urgent medical need. For purposes of this subsection, an urgent medical need means continued enrollment in the BH I/DD Tailored Plan could jeopardize the member’s life, physical or mental health, or ability to attain, maintain, or regain maximum function.

b. The Enrollment Broker will process requests for expedited review in accordance with the following:

   a) The Enrollment Broker will transmit expedited review requests to the Department for evaluation within twelve (12) hours of receipt of the request.

   b) The Department will evaluate and decide whether to approve or deny the request.

c. The Department will notify the member, or authorized representative, and the BH I/DD Tailored Plan of the approval or denial of the expedited disenrollment request. If approved, the disenrollment effective date, will be within three (3) calendar days of receipt of the request by the Enrollment Broker.

iv. Disenrollment required by the Department

a. The Department may disenroll a member from Medicaid Managed Care for any of the following reasons:

   1. Loss of eligibility

      a) If the Department determines that a member is no longer eligible for Medicaid, the member will be notified by the Department and the member will be disenrolled from the BH I/DD Tailored Plan. The disenrollment effective date will be the last date of the member’s Medicaid eligibility.

      b) If a member is disenrolled from a BH I/DD Tailored Plan solely because the member loses his or her eligibility for Medicaid for a period of two (2) months or less, the member will automatically be reenrolled in the BH I/DD Tailored Plan upon reenrollment in Medicaid.14

   2. Change in Medicaid eligibility category

      a) If the Department determines that a member is no longer eligible for Medicaid Managed Care because they become part of an excluded or temporarily excluded population as described in Section V.B.1.i.(iii)(c) the member will be notified by the Department and the Department will disenroll the member from the BH I/DD Tailored Plan. The disenrollment effective date will be the date when the member’s change in eligibility category was effective.

   3. Nursing facility long-term stays

13 42 C.F.R. § 438.56(e).
14 42 C.F.R. § 438.56(g).
a) A member with a nursing facility stay that exceeds ninety (90) continuous calendar days will be disenrolled from the BH I/DD Tailored Plan on the first day of the next month following the ninetieth (90th) day of stay and receive services through NC Medicaid Direct.\textsuperscript{15}

b) The BH I/DD Tailored Plan shall utilize the Department-developed standardized process for monitoring length of stay for members in nursing facilities to ensure members receive appropriate levels of care and to report to the Department members who need to be disenrolled due to stays that exceed ninety (90) calendar days.

v. To monitor and report a member’s length of stay in a nursing facility the BH I/DD Tailored Plan must use the following process:

a) Within thirty (30) days of admission to a nursing facility, the BH I/DD Tailored Plan will assess a member’s health care needs and estimate the potential length of stay. If the member requires a stay for longer than ninety (90) calendar days, the BH I/DD Tailored Plan must notify the Department in writing within five (5) calendar days of the assessment, the results of the assessment, the facility admission date, and the estimated discharge date.

b) The BH I/DD Tailored Plan is responsible for tracking the total continuous length of stay for each member residing in a nursing facility.

c) The Department will send the BH I/DD Tailored Plan and the member, or authorized representative, a written notice of disenrollment at least fourteen (14) calendar days before the effective date of the member’s disenrollment from the BH I/DD Tailored Plan.

d) The BH I/DD Tailored Plan must notify the Department with an attestation of any member still enrolled in Medicaid Managed Care prior to the first day of the next month following the 90th day of stay, if there is a delay in the Department’s disenrollment notification.

vi. Coverage of the member by the BH I/DD Tailored Plan will end on the effective date provided by the Department.

vii. Neuro-Medical Centers and Veterans Homes

a. A beneficiary, otherwise eligible for enrollment in the BH I/DD Tailored Plan, residing in a state-owned Neuro-Medical Center\textsuperscript{16} or a DMVA-operated Veterans Home\textsuperscript{17} when the Department implements the BH I/DD Tailored Plan is excluded and will receive care in these facilities through NC Medicaid Direct.

b. A member determined eligible for and transferred for treatment in a state-owned Neuro-Medical Center or DMVA-operated Veterans Home after implementation of BH I/DD Tailored Plans will be disenrolled from the BH I/DD Tailored Plan by the Department.

c. The Neuro-Medical Center or Veterans Home will submit the member’s information, including date of admission, to the Department within fourteen (14) calendar days of admission.

d. The Department will notify the member and the BH I/DD Tailored Plan of the disenrollment and the disenrollment effective date.

\textsuperscript{15} Session Law 2015-245, as amended by Session Law 2018-49.
\textsuperscript{16} North Carolina Department of Health and Human Services, Facilities, \url{https://www.ncdhhs.gov/divisions/dsohf/facilities}
\textsuperscript{17} North Carolina Department of Health and Human Services, Facilities, \url{https://www.ncdhhs.gov/divisions/dsohf/facilities}
e. Coverage of the member by the BH I/DD Tailored Plan will end on the effective date provided by the Department.

f. In accordance with 42 C.F.R. § 438.56(f), members, or an authorized representative, may appeal disenrollment determinations made by the Enrollment Broker or the Department through an appeals process defined by the Department.

h. BH I/DD Tailored Plan and Managed Care Enrollment Policy Changes
The Department reserves the right to amend this Policy based on an increase or decrease in covered populations in Medicaid Managed Care, changes in North Carolina or federal law or regulation, federally approved Medicaid waivers for North Carolina, or a change in the enrollment processes. The Department shall provide written notice to each BH I/DD Tailored Plan of such change no later than sixty (60) days prior to the effective date of such change, unless shorter notice period is required by a federal or state law or regulatory change, with the Parties executing a Contract Amendment to incorporate such modifications.
First Revised and Restated Attachment M. 2. Advance Medical Home Program Policy for Medicaid and NC Health Choice Members

a. Background

1) The Advanced Medical Home (AMH) program refers to an initiative under which a Standard Plan or BH I/DD Tailored Plan must pay Medical Home Fees to all participating primary care practices that act as PCPs. In the context of BH I/DD Tailored Plans, only AMH practices certified as AMH+ practices will play the lead role in providing Tailored Care Management. However, BH I/DD Tailored Plans must include the standard terms and conditions below in contracts with all practices participating in the AMH program and must pay Medical Home Fees as set out in Section V.B.4.iv.(xvii) Payments of Medical Home Fees to Advanced Medical Homes.

2) An AMH “practice” will be defined by an NPI and service location.

b. Standard Terms and Conditions for BH I/DD Tailored Plan Contracts with All Advanced Medical Home Providers

1) Accept members and be listed as a PCP in the BH I/DD Tailored Plan’s member-facing materials for the purpose of providing care to members and managing their healthcare needs.

2) Provide primary care and patient care coordination services to each member, in accordance with BH I/DD Tailored Plan policies.

3) Provide or arrange for primary care coverage for services, consultation or referral, and treatment for emergency medical conditions, twenty-four (24) hours per day, seven (7) days per week. Automatic referral to the hospital emergency department for services does not satisfy this requirement.

4) Provide direct patient care a minimum of thirty (30) office hours per week.

5) Provide preventive services, in accordance with Section VII. Attachment M.2. Table 1: Required Preventive Services.

6) Maintain a unified patient medical record for each member following the BH I/DD Tailored Plan’s medical record documentation guidelines.

7) Promptly arrange referrals for medically necessary healthcare services that are not provided directly and document referrals for specialty care in the medical record.

8) Transfer copies of the member’s medical record to the receiving provider upon the change of PCP at the request of the new PCP or BH I/DD Tailored Plan (if applicable) and as authorized by the member within thirty (30) days of the date of the request, free of charge.

9) Authorize care for the member or provide care for the member based on the standards of appointment availability as defined by the BH I/DD Tailored Plan’s network adequacy standards.

10) Refer for a second opinion as requested by the member, based on Department guidelines and BH I/DD Tailored Plan standards.

11) Review and use member utilization and cost reports provided by the BH I/DD Tailored Plan for the purpose of AMH-level UM and advise the BH I/DD Tailored Plan of errors, omissions or discrepancies if they are discovered.
12) Review and use the monthly enrollment report provided by the BH I/DD Tailored Plan for the purpose of participating in BH I/DD Tailored Plan or practice-based population health or care management activities.

First Revised and Restated Attachment M. 3. AMH+ Practice and CMA Certification Policy

a. Background

1) Prior to BH I/DD Tailored Plan launch, the Department will implement a direct process to certify provider organizations to deliver Provider-based Care Management under the Tailored Care Management model as AMH+ practices or CMAs as described below and in the BH I/DD Tailored Plan Provider Manual for Tailored Care Management https://files.nc.gov/ncdma/DRAFT_Tailored-Care-Management-Provider-Manual_20191205.pdf. This certification process will require providers to apply to the Department and be assessed against the criteria in this policy.

2) AMH+ practices will be primary care practices actively serving as AMH Tier 3 practices, whose providers have experience delivering primary care services to the BH I/DD Tailored Plan eligible population or can otherwise demonstrate strong competency to serve that population. To demonstrate experience and competency to serve the BH I/DD Tailored Plan eligible population, each AMH+ applicant must attest that it has a patient panel with at least 100 active Medicaid patients who have an SMI, SED, or severe SUD diagnosis; an I/DD; or a TBI. “Active” patients are those with at least two encounters with the AMH+ applicant’s practice team in the past 18 months. AMH+ practices will hold primary responsibility for providing integrated, whole-person care management under the Tailored Care Management model. AMH+ practices may, but are not required to, offer integrated primary care and behavioral health or I/DD services. To be eligible to become an AMH+, the practice must intend to become a network primary care provider for BH I/DD Tailored Plans. While the Department expects only a minority of AMH Tier 3 practices to be ready to obtain certification as AMH+ practices at BH I/DD Tailored Plan launch, the Department’s vision is that the Tailored Care Management model will stimulate integration of Tailored Care Management within primary care practices over time.

3) CMAs will be provider organizations with experience delivering behavioral health, I/DD, and/or TBI services to the BH I/DD Tailored Plan eligible population that will hold primary responsibility for providing integrated, whole-person care management under the Tailored Care Management model. To be eligible to become a CMA, an organization’s primary purpose at the time of certification must be the delivery of NC Medicaid, NC Health Choice, or State-funded services, other than care management, to the BH I/DD Tailored Plan eligible population in North Carolina. The “CMA” designation is new and will be unique to providers serving the BH I/DD Tailored Plan population.

i. Eligibility

To become certified as an AMH+ practice or CMA, an organization must meet the requirements for an AMH+ practice or CMA, given at Section V.B.3.ii.(ii) Delivery of Tailored Care Management

j. Organizational Standing and Experience Criteria

1) The organization must demonstrate that its past experience positions it to provide Tailored Care Management to the BH I/DD Tailored Plan population, specifically the subpopulation(s) for which it proposes to become a certified Tailored Care Management provider.

2) All organizations entering the certification process, including prospective AMH+ practices, will be required to indicate one or more of the following specialty designation type(s):

i. Mental health and SUD
   a. Adult
   b. Child/adolescent
ii. I/DD (not enrolled in the Innovations Waiver)

iii. TBI (not enrolled in the TBI Waiver)

iv. Innovations Waiver

v. TBI Waiver

vi. Co-occurring I/DD and behavioral health
   a. Adult
   b. Child/adolescent

3) Organizations that specialize in BH must demonstrate their capacity to serve populations with both mental health and SUD needs. The organization must offer an array of services that are aligned with the needs of the target population(s) in North Carolina. The Department has a general expectation that each organization will be able to show at least a two (2) year history of providing services to the BH I/DD Tailored Plan population in North Carolina. However, the Department encourages organizations to build new capacity for Tailored Care Management as it rolls out.

4) The organization must have active, working relationships with community providers that offer a wide scope of clinical and social services, including strong reciprocal relationships among relevant BH, I/DD, and primary care providers, in order to facilitate referrals among providers as well as provide formal and informal feedback and opportunities to share best practices.

5) The organization must have the capacity and financial sustainability to establish care management as an ongoing line of business.

6) Tailored Care Management must be recognized by the organization’s leadership and governing body as integral to the mission of the organization and as such be supported by a budget and management team appropriate to maintain Tailored Care Management as a high-functioning service line.

7) The organization must be able to demonstrate that it has the appropriate structures in place to oversee the Tailored Care Management model.

8) The Department (prior to BH I/DD Tailored Plan launch) or BH I/DD Tailored Plan (beginning at BH I/DD Tailored Plan launch) will look for evidence of a strong governance structure.

9) Organizations may demonstrate strong governance by showing that they have a governing board and bylaws in place; a committee structure that enables appropriate oversight of budget, other fiduciary matters, compliance, and conflicts of interest; and board approval of the application submitted by the organization.

k. **Staffing Criteria**

1) AMH+ practices and CMAs must meet the same care management staffing requirements as the BH I/DD Tailored Plan. See Section V.B.3.ii.(xiv) Staffing and Training Requirements.

2) The evaluation of each provider organization’s application for AMH+ or CMA certification will include gaining an understanding of the role of any CIN or Other Partner in supporting or facilitating Tailored Care Management.

3) Where the AMH+ practice or CMA proposes to rely on CIN or Other Partner-employed care managers to carry out Tailored Care Management, the Department (prior to BH I/DD Tailored Plan launch) or BH I/DD Tailored Plan (beginning at BH I/DD Tailored Plan launch) will look to ensure that care management is sufficiently integrated with the organization’s practice team, as Tailored Care Management requires.
4) Certification will include an evaluation of whether the AMH+ or CMA has managerial control of care management staff, defined as the opportunity, at minimum, to:
   a. Approve hiring/placement of a care manager
   b. Require a replacement for any care manager whose performance the AMH+ or CMA deems unsatisfactory.

5) CINs and Other Partners supporting AMH+ practices and CMAs may take many forms, and the Department encourages innovation and market movement to support the Tailored Care Management model.

6) Arrangements with CINs or Other Partners must include strong clinical leadership at the CIN or Other Partner level that has deep experience in NC Medicaid or NC Health Choice and/or has supported similar efforts in other states.

7) Any subsidiaries of LME/MCOs, BH I/DD Tailored Plans or other health plans may not be considered CINs or Other Partners for the purposes of Tailored Care Management with the following exception:
   a. That AMH+ practice or CMA may decide to enter into arrangements with a BH I/DD Tailored Plan as an “Other Partner” for use of its IT products or platforms for care management, in order to meet the care management data system requirements.

8) AMH+ practices and CMAs must meet the same requirements for clinical consultants as the BH I/DD Tailored Plan. See Section V.B.3.ii.(xiv)(b).

I. Population Health and HIT Criteria

1) The AMH+ or CMA must have implemented an EHR or an electronic clinical system of record that is in use by the AMH+ practice or CMA’s providers that may electronically to record, store, and transmit their assigned members’ clinical information, including medication adherence.

2) The AMH+ or CMA must use a single care management data system, whether or not integrated within the same system as the EHR or clinical system of record, which allows care managers to perform the following care management functions, at minimum:
   a) Maintain up-to-date documentation of Tailored Care Management member lists and assignments of individual members to care managers;
   b) Electronically document and store the Care Management Comprehensive Assessment and re-assessment;
   c) Electronically document and store the Care Plan or ISP;
   d) Incorporate claims and encounter data;
   e) Provide access to ; and electronically share, if requested – member records with the member’s care team to support coordinated care management, as well as the member, in accordance with federal, state, and Department privacy, security, and data-sharing requirements
   f) Track referrals; and
   g) Allow care managers to:
      a. Identify risk factors for individual members
      b. Develop actionable Care Plans and ISPs
      c. Monitor and quickly respond to changes in a member’s health status
      d. Track a member’s referrals and provide alerts where care gaps occur
e. Monitor a member’s medication adherence
f. Transmit and share reports and summary of care records with care team members
g. Support data analytics and performance and send quality measures (where applicable).

3) The AMH+ practice or CMA must receive and use enrollment data from the BH I/DD Tailored Plan to empanel the population in Tailored Care Management: To support outreach, engagement, assessment, and care planning, the AMH+ practice or CMA (or CIN or Other Partner on its behalf) must be able to:
   a. Receive, in machine-readable format, and maintain up-to-date records of acuity tiers by member, as determined and shared by the BH I/DD Tailored Plan;
   b. Receive, in machine-readable format, and maintain up-to-date records of any other risk scoring completed and shared by the BH I/DD Tailored Plan; and
   c. Electronically reconcile the Tailored Care Management assignment lists received from the BH I/DD Tailored Plan with its list of patients/clients for whom it provides Tailored Care Management.

4) The same requirements for use of ADT information apply at the BH I/DD Tailored Plan level and AMH+ or CMA level. See Section V.B.3.ii.(xv)(d) ADT Feeds for Organizations Providing Tailored Care Management

5) The same requirements for use of “NCCARE360” apply at the BH I/DD Tailored Plan level and AMH+ or CMA level. See Section V.B.3.ii.(x) Ongoing Care Management

6) The Department expects that during the first two contract years, BH I/DD Tailored Plans, AMH+ practices, and CMAs a will rely on the standardized acuity tiering methodology described above Section V.B.3.ii.(x)(k) as the primary method for segmenting and managing their populations.

7) As described in V.B.3.ii.(xv)(c) Risk Stratification, BH I/DD Tailored Plans will have the option of establishing their own risk stratification methodologies beyond acuity tiering; if they do so, they will be required to share all risk stratification results and methodologies used with AMH+ practices and CMAs.

8) By Contract Year 3, as the Tailored Care Management model matures, AMH+ practices and CMAs will be expected to develop their own risk stratification approach, refining the data and risk stratification scores they receive from BH I/DD Tailored Plans to incorporate critical clinical, unmet health-related resource, and other data to which they have access. Additionally, AMH+ practices and CMAs’ use of patient registries to track patients by condition type/cohort is encouraged, but not required.

9) Annually, the AMH+ practice or CMA must evaluate the Tailored Care Management services it provides to ensure that the services are meeting the needs of empaneled beneficiaries and refine the services as necessary. The AMH+ practice or CMA should use a combination of clinical data, care management encounter data and quality scores to generate a set of internal targets and set annual goals for improvement.

m. Quality Measurement Criteria

1) After the launch of BH I/DD Tailored Plans, AMH+ practices and CMAs will be required to gather, process, and share data with BH I/DD Tailored Plans for the purpose of quality measurement and reporting.

2) The Department will publish quality measure requirements each year. Elements of the list may be modified on a quarterly basis, but new measures will be added only during annual updates.
3) AMH+ practices and CMAs may need to perform tasks including:
   a. Abstracting data from patient charts;
   b. Performing quality assurance to validate the accuracy of data in patient charts that is used for quality measurement purposes;
   c. Using additional codes to fully document patient status and needs in order to improve the accuracy of quality measurement; and
   d. Explaining to patients the purpose of certain state-sponsored surveys, how the state and BH I/DD Tailored Plans will use survey results, and how their information will be kept confidential.

4) As covered in Section V.B.3.ii.(xv) Data System Requirements, Data Sharing, and Risk Stratification, BH I/DD Tailored Plans will be required to share interim performance reports with AMH+ practices and CMAs.

n. Other Tailored Care Management Criteria

1) AMH+ practices and CMAs must develop policies for communicating and sharing information with beneficiaries and their families and other caregivers with appropriate consideration for language, literacy, and cultural preferences, including sign language, closed captioning, and/or video capture. “Robocalls” or automated telephone calls that deliver recorded messages will not be an acceptable form of contacting beneficiaries.

2) AMH+ practices and CMAs must meet the same contact requirements as the BH I/DD Tailored Plan. See Section V.B.3.ii.(x) Ongoing Care Management

3) AMH+ practices and CMAs must meet the same requirements for Care Management Comprehensive Assessment that apply at the BH I/DD Tailored Plan level. See Section V.B.3.ii.(vi) Care Management Comprehensive Assessment

4) AMH+ practices and CMAs must meet the same requirements for Care Plans and ISPs that apply at the BH I/DD Tailored Plan level. See Section V.B.3.ii.(viii) Development of Care Plan/Individual Support Plan

5) AMH+ practices and CMAs must meet the same requirements for the composition of a care team that apply at the BH I/DD Tailored Plan level.

6) By BH I/DD Tailored Plan launch, the AMH+ practice or CMA must demonstrate the ability to electronically and securely transmit the Care Plan or ISP to each member of the multidisciplinary care team. See Section V.B.3.ii.(ix) Care Team Formation

7) AMH+ practices and CMAs must meet the same requirements for ongoing care management that apply at the BH I/DD Tailored Plan level. See Section V.B.3.ii.(x) Ongoing Care Management

8) AMH+ practices and CMAs must meet the same requirements related to addressing Unmet Health-Related Resource Needs that apply at the BH I/DD Tailored Plan level. See Section V.B.3.ii.(x) Ongoing Care Management

9) AMH+ practices and CMAs must meet the same requirements for transitional care management that apply at the BH I/DD Tailored Plan level. See Section V.B.3.ii.(xi) Transitional Care Management.

10) Care managers based at AMH+s and CMAs, as well as any supporting CINs or Other Partners, will be required to undergo the same training requirements as care managers based at BH I/DD Tailored Plans. See Section V.B.3.ii.(xiv) Staffing and Training Requirements.

a. Background

The Pregnancy Management Program is a set of mandatory standards and clinical initiatives aimed at improving the quality of pregnancy care, improving maternal and infant outcomes, and reducing healthcare costs among participating providers.

b. Scope

The scope of this Policy covers the requirements that must be in agreements between the BH I/DD Tailored Plan and providers who offer prenatal, perinatal and postpartum services and thus are part of the Pregnancy Management Program outlined below and in Section V.B.3.v.(iii) Pregnancy Management Program.

c. Pregnancy Management Program Requirements

First Revised and Restated Attachment M. 6. Reserved
First Revised and Restated Attachment M. 7. Uniform Credentialing and Re-credentialing Policy for Medicaid, NC Health Choice, and State-funded Providers

a. Background

This Uniform Credentialing and Re-credentialing Policy for Medicaid, NC Health Choice, and State-funded Providers outlines the expectations of the Department with regard to the Centralized Provider Enrollment and Credentialing Process and standards utilized by a BH I/DD Tailored Plan in determining whether to allow a provider to be included in the BH I/DD Tailored Plan’s network based upon the inclusion of a provider in the daily Provider Enrollment File, which signifies the provider has met the Department’s criteria as a Medicaid Enrolled provider. For network providers of Medicaid BH, I/DD, and TBI services, the BH I/DD Tailored Plan has the authority to maintain a closed network for these services as set forth in Section 4.(10)(a)(1)(IV) of Session Law 2018-48. The Uniform Credentialing and Re-credentialing Policy also outlines the expectations of the Department with regard to the process and standards utilized by the BH I/DD Tailored Plan in selection and retention of network providers for Medicaid BH, I/DD, and TBI services.

b. Scope

This Policy applies to the BH I/DD Tailored Plan and covers credentialing and re-credentialing policies for both individual and organizational providers. The Policy shall apply to all types of providers, including but not limited to acute, primary, BH, SUD, and LTSS [42 C.F.R. § 438.214(b)(1)].

First Revised and Restated Attachment M. 8. Management of Inborn Errors of Metabolism Policy for Medicaid and NC Health Choice Members

1. Identification of inherited metabolic disorders caused by a defect in the enzymes or their co-factors that metabolize protein, carbohydrate or fat are included in the Newborn Metabolic Screening Program. Inborn errors of metabolism (IEM) generally refer to gene mutations or gene deletions that alter metabolism in the body. While rare, IEM disorder may manifest at any stage of life from infancy to adulthood. Early identification of IEM correlates with significant reduction in morbidity, mortality, and associated disabilities of those affected. Once identified treatment of an IEM is referred to a specialized treatment facility. Treatment is based on symptomatic therapy which may include the following strategies; substrate restriction, stimulation or stabilization of residual enzyme activity; replacement of deficient products; removal of toxic metabolites or blocking their production; and enzyme replacement therapy. Avoidance of catabolism is essential at all treatment stages.

2. Nutrition therapy is integral to the treatment of IEM. Nutrition therapy is used to both correct the metabolic imbalance and ensure adequate energy, protein, and nutrients for normal growth and development among affected individuals. The metabolic team at the specialized treatment facility caring for affected individual will prescribe a dietary regimen often requiring the use of specialized formulas. Continual monitoring of nutrient intake, laboratory values, and the individual’s growth are needed for evaluation of the adequacy of the prescribed diet.

3. IEM disorders are complex and affect neurological, physical, and nutritional status. The dietary regimen is crucial to the health and survival of an affected individual. Ineffective management of the disease state may result in toxicity to certain organs, brain damage, developmental impairment and central, peripheral nervous system disorders as well as death. Most of the dietary regimens for IEM require the use of special formula. It is recommended that BH I/DD Tailored Plan cover the full cost of therapeutic diets prescribed by the metabolic team. Monitoring of the compliance of the restricted diet and follow up on the growth and development status of all individuals with IEM should be part of the individualized Care Plan.

4. Once a client is established with a specialized treatment facility a nutrition Care Plan is developed and products prescribed. The current system of product coverage is four pronged:
   a. Clients with health insurance coverage fill their prescription through pharmacies or Durable Medical Equipment (DME) Centers. Certificate of Medical Necessity/Prior Approval Form (triplicate NC Medicaid form), Prescription and Oral Nutrition Product Request Form (NC Medicaid form) are required.
   b. Clients with Medicaid or Health Choice coverage are served by Innovation Health Center (IHC). Certificate of Medical Necessity/Prior Approval Form (triplicate NC Medicaid form), Prescription and Oral Nutrition Product Request Form (NC Medicaid form) as well as completed IHC Metabolic Order Form are sent by the specialized treatment facility to IHC for ordering. Orders are shipped from the manufacturer to the main office of the local WIC agency for pick-up by the client/family. Medicaid is billed for the cost of the product.
   c. Clients participating in WIC are served through the Nutrition Services Branch (NSB). Prescriptions and completed NSB Metabolic Order Forms are sent by the specialized treatment facility to NSB for ordering. Orders are shipped from the manufacturer to the main office of the local WIC agency for pick-up by the client/family. WIC funds are used to pay the metabolic product invoices.
   d. Clients with no other means of access to prescribed metabolic formulas (as determined by the specialized treatment center) are served through a State program. Prescriptions and completed NSB Metabolic Order Forms are sent by the specialized treatment facility to NSB for ordering.
Orders are shipped from the manufacturer to the main office of the local WIC agency for pick-up by the client/family. State funds are used to pay the metabolic product invoices.

5. The BH I/DD Tailored Plan will need to establish working relationships with each product provision entity or other entity to provide coverage of the prescribed metabolic formulas.

6. Members with IEM will require tracking while enrolled with a BH I/DD Tailored Plan. If a member with IEM does not appear on a BH I/DD Tailored Plan monthly enrollment roster, the BH I/DD Tailored Plan must follow up with the Department, to confirm disenrollment, and specialized treatment facility to assure that the member has ongoing coverage with another provider. The IEM client requires life-long intervention and treatment and must have the added safety net of the prior BH I/DD Tailored Plan confirming coverage after leaving their plan.

First Revised and Restated Attachment M. 10. Reserved
First Revised and Restated Attachment M. 11. Tribal Payment Policy

1) Background

This Tribal Payment Policy outlines the expectations of the Department regarding payment for covered services to Indian Health Care Providers (IHCP) by a BH I/DD Tailored Plan.

Indian Health Care Provider (IHCP) refers to a “health care program operated by the Indian Health Service (IHS) or by an Indian Tribe, Tribal Organization, or Urban Indian Organization (otherwise known as an I/T/U) as defined in section 4 of the Indian Health Care Improvement Act (25 U.S.C. 1603). Providers operated by state recognized tribes are not considered IHCPs.

In the event there are Tribal entities that are not IHS providers but are eligible to enroll as a Medicaid provider as an atypical health provider, the Office of the Chief of the Eastern Band of the Cherokee (EBCI) shall provide a “Tribal Provider Attestation.” This “Tribal Provider Attestation” letter from the EBCI Chief’s office shall be submitted to NC DHHS as part of the NC DHHS centralized credentialing process. The information about tribal providers will be shared with BH I/DD Tailored Plans through DHB’s existing process.

2) Scope

This Policy applies to BH I/DD Tailored Plans and covers payment for covered services provided by IHCPs and other Tribal providers. This Policy shall apply to all IHCPs/Tribal providers regardless of the provider’s contracting status.

3) Policy Statement

The BH I/DD Tailored Plan shall implement:

a) Claim Submission
   i) Cherokee Indian Hospital (CIHA) will bill for inpatient and outpatient services and will be paid for these services in accordance with current NC Medicaid requirements.
   ii) Other Indian Health Service (IHS)/Tribal/Urban (I/T/U) providers/Tribal providers will submit claims utilizing formats currently utilized when billing NC Tracks in fee for service.

b) Payment
   i) Eligible Tribal Providers will receive the All-Inclusive Rate (AIR), also referred to as the OMB rate, for applicable AIR services rendered at CIHA and using the CIHA Billing NPI. This rate is established annually, published annually in October and effective in January. The BH I/DD Tailored Plan shall honor the rate and schedule for implementation. Providers who have other fee schedules or settlement processes with BH I/DD Tailored Plan shall continue to follow those arrangements.
ii) To promote same day access and reduce barriers or burdens to a member such as transportation or taking time off from work, providers receiving the AIR rate may receive encounters per day (single day of service) such as but not limited to follows:

1. Medical
2. Dental;
3. Behavioral; and,
4. One (1) other such as optical

5. The BH I/DD Tailored Plan shall reimburse I/T/U pharmacies for pharmacy claims based on the rate and payment logic set forth in the North Carolina Medicaid State Plan (a maximum of two (2) pharmacy AIR per patient per day):

   a) High-cost drugs are excluded and are paid based on DHBs outpatient pharmacy ‘lesser of logic’
   b) If more than 2 drugs are filled, additional drugs beyond the 2 will be paid at $0 and should be used by the Tailored Plan for medication reconciliation.

iii) Tribal entity claims will not add up to the AIR rate since the AIR rate is established for all federally recognized Tribes. NC Medicaid adopted the AIR (also known as the OMB rate) as the rate to be used for the reimbursement of services provided by CIHA.

iv) BH I/DD Tailored Plan shall comply with BH I/DD Tailored Plan Contract Section V.D.4.h., Indian Health Care Provider (IHCP) Payments

   1. In accordance with 42 C.F.R. § 438.14(c) and consistent with 42 C.F.R. § 438.14(b), the BH I/DD Tailored Plan shall reimburse IHCPs as follows:

      a) Those that are not enrolled as an FQHC, regardless of whether they participate in the BH I/DD Tailored Plan’s network:

         i) The applicable encounter rate published annually in the Federal Register by the Indian Health Service; or

         ii) The Medicaid Fee-for-Service rate for services that do not have an applicable encounter rate.

      b) Those that are enrolled as FQHCs, but do not participate in the BH I/DD Tailored Plan’s network, an amount equal to the amount the BH I/DD Tailored Plan would pay a network FQHC that is not an IHCP.

   2. The BH I/DD Tailored Plan shall not reduce payments owed to the Indian Health Service, an Indian Tribe, Tribal Organization, or Urban Indian Organization, or a health care IHCP through cost sharing or other similar charges levied on the Tribal member.

v) BH I/DD Tailored Plan shall comply with BH I/DD Tailored Plan Contract Section V.F.1., Engagement with Federally Recognized Tribes with regard to providing and maintaining a point of contact for IHCP billing issues to the Department.

   1. The BH I/DD Tailored Plan shall comply with the IHCP payment requirements and the IHCP contracting requirements as defined in the Contract.
c) Prompt Pay

i) BH I/DD Tailored Plan shall comply with BH I/DD Tailored Plan Contract Section V.H.1.d., Prompt Payment Standards.

(1) The BH I/DD Tailored Plan shall promptly pay Clean Claims, regardless of provider contracting status. The BH I/DD Tailored Plan shall reimburse medical and pharmacy providers in a timely and accurate manner when a clean medical or pharmacy claim is received.

(a) Medical Claims

(i) The BH I/DD Tailored Plan shall, within eighteen (18) calendar days of receiving a Medical claim, notify the provider whether the claim is Clean, or Pend the claim and request from the provider all additional information needed to timely process the claim.

(ii) The BH I/DD Tailored Plan shall pay or deny a Clean Medical Claim at lesser of thirty (30) calendar days of receipt of the claim or the first scheduled provider reimbursement cycle following adjudication.

(iii) A Medical Pended Claim shall be paid or denied within thirty (30) calendar days of receipt of the requested additional information.

(b) Pharmacy Claims

(i) The BH I/DD Tailored Plan shall within fourteen (14) calendar days of receiving a Pharmacy Claim pay or deny a Clean Pharmacy Claim or pend the claim and request from the provider all additional information needed to timely process the claim.

(ii) A Pharmacy Pended Claim shall be paid or denied within fourteen (14) calendar days of receipt of the requested additional information.

(c) A Medical Pended Claim shall be paid or denied within thirty (30) calendar days of receipt of the requested additional information.

(d) If the requested additional information on a Medical or Pharmacy Pended Claim is not submitted within ninety (90) calendar days of the notice requesting the required additional information, the BH I/DD Tailored Plan may deny the claim in accordance with N.C. Gen. Stat. § 58-3-225(d).

(2) The BH I/DD Tailored Plan shall reprocess medical and pharmacy claims in a timely and accurate manner as described in this Section (including interest and penalties if applicable).

(3) Pursuant to N.C. Gen. Stat. § 58-3-225(f), the BH I/DD Tailored Plan may require that claims be submitted within one hundred eighty (180) calendar days after the date of the provision of care to the Member by the health care provider and, in the case of health care provider facility claims, within one hundred eighty (180) calendar days after the date of the Member's discharge from the facility. However, the BH I/DD Tailored Plan may not limit the time in which claims may be submitted to fewer than one hundred eighty (180) calendar days. Unless otherwise agreed to by the BH I/DD Tailored Plan and the provider, failure to submit a claim within the time required does not invalidate or reduce any claim if it was not reasonably possible for the provider to file the claim within that time, provided that the claim is submitted as soon as reasonably possible and in no event, except in the absence of legal capacity of the provider, later than one (1) year from the time submittal of the claim is otherwise required.
(4) **Interest and Penalties**

(a) The BH I/DD Tailored Plan shall pay interest on late payments to the Provider at the annual percentage rate of eighteen percent (18%) beginning on the first day following the date that the claim should have been paid as specified in the Contract.

(b) In addition to the interest on late payments required by this Section, the BH I/DD Tailored Plan shall pay the provider a penalty equal to one percent (1%) of the claim for each calendar day following the date that the claim should have been paid as specified in the Contract.

(c) The BH I/DD Tailored Plan shall not be subject to interest or penalty payments under circumstances specified in N.C. Gen. Stat. § 58-3-225(k).

(5) The BH I/DD Tailored Plan shall maintain written or electronic records of its activities under this Section in accordance with N.C. Gen. Stat. § 58-3-225(i).

(6) For purposes of actions which must be taken by a BH I/DD Tailored Plan as found in BH I/DD Tailored Plan Contract Section V.H.1.d., Prompt Pay Standards, if the referenced calendar day falls on a weekend or a holiday, the first business day following that day will be considered the date the required action must be taken.

d) **Other Payment Sources**

i) Due to the change in payer hierarchy, the BH I/DD Tailored Plan will allow for timely payment for Tribal providers without delaying payments due to coordination of benefits. Medicare and Medicaid are payers of first resort for Tribal members and providers. Tribal and IHS funds are payers of last resort.

ii) Tribal self-funded insurance is not a billable source for the Eastern Band of Cherokee Indians (EBCI), and therefore, BH I/DD Tailored Plan shall not attempt to coordinate benefits with that plan.

e) **Sovereignty**

i) No contractual relationship shall deny or alter tribal sovereignty.

First Revised and Restated Attachment N. Addendum for Division of State Operated Healthcare Facilities

1. Background

The Division of State Operated Healthcare Facilities (DSOHF) operates state-owned healthcare facilities that treat adults and children with mental illness, SUDs and I/DDs. DSOHF facilities serve a distinct patient population and operate within a distinct regulatory and operational framework. The BH I/DD Tailored Plan shall execute a single standardized contract with DSOHF for all levels and types of services provided or offered by the state-owned facilities operated by DSOHF, using a contract template developed by the Department that covers all facilities and encompasses the required regulations.

2. Scope

The provisions of this Addendum address the requirements related to admissions, authorization of services, event reporting, grievances and appeals pertaining to services provided by DSOHF facilities that must be included and reflected in the contract between the BH I/DD Tailored Plan and DSOHF facilities.

3. Admissions.

When admitting a member or recipient to a DSOHF facility, the BH I/DD Tailored Plan must comply with applicable laws, program requirements, and applicable policies and protocols established by the Department for the facility as set forth below:

   a. Psychiatric Hospitals and Alcohol and Drug Abuse Treatment Centers (ADATCs):
      i. The community provider (e.g., BH community provider or hospital/emergency department) shall complete and submit a Regional Referral Form available on the Department’s website or initiate referral via the North Carolina BH Crisis Referral System (“BH-CRSys”) as defined in Section III.A. Definitions to the DSOHF facility.
      ii. The BH I/DD Tailored Plan must review the admission based on review of the information provided in the Regional Referral Form or BH-CRSys.
      iii. In cases where the member or recipient presents directly to a psychiatric hospital or ADATC for admission, the BH I/DD Tailored Plan shall comply with applicable provisions of EMTALA and other applicable laws (Section 1867(a) of the Social Security Act) related to promoting efficient and timely coordination of appropriate maintenance and post-stabilization care provided to an individual who is determined to be stable by a medical screening examination.
      iv. The BH I/DD Tailored Plan shall ensure that a BH I/DD Tailored Plan-employed utilization management staff member is available twenty-four (24) hours a day, three hundred sixty-five (365) days a year for discussions with the DSOHF facility's staff regarding admissions, prior to the issuance of the referral and throughout the admission;
      v. For members or recipients subject to involuntary commitment proceedings, the BH I/DD Tailored Plan must provide information or a representative who can assist the district court in determining if the member requires continued services. If the BH I/DD Tailored Plan elects to send a representative to appear in court, the representative may be a community provider or other designated provider (e.g., contracted BH provider, hospital or emergency department representative) as determined by the BH I/DD Tailored Plan.

---

1 DSOHF also serves individuals with neuro-medical needs in specialized treatment centers that are carved out of Medicaid Managed Care and therefore not included in the BH I/DD Tailored Plan contract.

vi. For members who have multiple disorders and medical fragility or have multiple disorders and deafness, the BH I/DD Tailored Plan shall be designated by the Department to determine whether members have a high level of disability that alternative care is inappropriate, consistent with N.C.G.S. 122C-261(e)(4).

vii. In determining whether members are eligible for referral and/or authorization for admission to a State psychiatric hospital, the BH I/DD Tailored Plan must utilize and complete the I/DD diversion process and tools established and approved by the Department for this purpose in order to determine that any less restrictive and less costly options in the community have been exhausted.

b. State Developmental Centers:
   i. The BH I/DD Tailored Plan must exhaust all options for community care and supports before it refers a member or recipient to a State Developmental Center.
   ii. When a BH I/DD Tailored Plan refers a member or recipient to a State Developmental Center, the BH I/DD Tailored Plan must submit an application packet, inclusive of a letter of endorsement, to the State Developmental Center Admission/Discharge Coordinator;
   iii. The BH I/DD Tailored Plan must comply with the DSOHF admission criteria and protocols; and
   iv. The BH I/DD Tailored Plan must ensure timely execution of the Memorandum of Agreement (MOA) with the member’s or recipient’s guardian regarding the member’s discharge plan.

4. Authorization

The BH I/DD Tailored Plan must authorize benefits provided by DSOHF facilities in accordance with the relevant Medicaid and State-funded clinical coverage policies as detailed in Section V.B.2.i.(v) Utilization Management and Section V.C.2.a.vii. Utilization Management, respectively, as well as the specific requirements listed below.

a. General Requirements for State Psychiatric Hospitals and ADATCs:
   i. Emergency Services:
      A. The BH I/DD Tailored Plan must cover emergency medical services provided by the DSOHF facility without regard to prior authorization.
      B. The BH I/DD Tailored Plan cannot refuse to cover emergency services based upon the DSOHF facility failing to notify the member’s or recipient’s PCP or BH I/DD Tailored Plan of the individual’s screening and treatment following presentation for emergency services.
      C. For members or recipients who present directly to the psychiatric hospital or ADATC as an emergency commitment or as a self-referral, the DSOHF facility shall submit a completed Electronic Authorization Request (EAR) to the BH I/DD Tailored Plan the next business day following an admission to request admission authorization.
      D. Upon receipt of the EAR, the BH I/DD Tailored Plan must authorize and cover ongoing emergency medical services in accordance with applicable clinical coverage policies and consistent with the prudent layperson standard, as defined in EMTALA (Section 1867(a) of the Social Security Act).
   ii. Inpatient Services:

---

3 The MOA is a formal agreement made between the State Developmental Center, legally responsible person/guardian, and the BH I/DD Tailored Plan identifying the responsibilities of all parties in supporting the individual to return to their home or community setting within the identified length of admission as specified in the MOA.
A. The BH I/DD Tailored Plan must issue a decision to approve or deny the inpatient service within seventy-two (72) hours after it receives the request for services, provided that the deadline may be extended for one additional business day if: (i) the individual or DSOHF facility requests the extension; and (ii) the BH I/DD Tailored Plan justifies to the DSOHF facility a need for additional information and how the extension is in the member’s or recipient’s interest.

B. The BH I/DD Tailored Plan must authorize an admission authorization for a minimum of ten (10) days for inpatient psychiatric services and for a minimum of seven (7) days for ADATC services.

C. Following initial admission authorization, the BH I/DD Tailored Plan must review and evaluate for possible re-authorization at an interval of every fifteen (15) days for inpatient psychiatric and every seven (7) days for ADATC services.

D. To request re-authorization, the psychiatric hospital or ADATC shall submit the electronic re-authorization for continued stay request to the BH I/DD Tailored Plan prior to the expiration of the prior authorization no later than the last covered day of the existing authorization, or the previous business day if the last covered day occurs on a weekend or holiday.

E. The BH I/DD Tailored Plan must issue an authorization decision and notify the psychiatric hospital or ADATC within seventy-two (72) hours after receipt of the re-authorization request.

b. Requirements for Assessment and Stabilization
   i. The BH I/DD Tailored Plan shall be responsible for payment to the psychiatric hospital or ADATC for assessment and stabilization of members or recipients who are admitted and treated pursuant to the involuntary commitment statutes in Chapter 122C of the North Carolina General Statutes, or who present at the facility directly for emergency medical services and are admitted for stabilization subject to requirements of EMTALA (Section 1867(a) of the Social Security Act).
   ii. The BH I/DD Tailored Plan must identify an appropriate discharge plan for all such members or recipients beginning at admission.

c. Requirements for State Developmental Centers:
   i. Initial authorization:
      A. Prior to admission to a State Developmental Center, the BH I/DD Tailored Plan shall complete the ICF-IID level of care determination form (Level of Care Form) including obtaining the physician signature and send a copy to the facility’s reimbursement office to complete the authorization to bill Medicaid.
      B. If authorization is not received from the BH I/DD Tailored Plan by the time of admission to a State Developmental Center, the BH I/DD Tailored Plan shall promptly provide retrospective authorization after:
         o The State Developmental Center sends the EAR to the BH I/DD Tailored Plan; and
         o The State Developmental Center receives the Level of Care Form from the BH I/DD Tailored Plan, completes it and submits it to the BH I/DD Tailored Plan
   ii. Re-authorization:
      A. To reauthorize services in a State Developmental Center, the facility must send a completed Level of Care Form, Person Centered Plan (PCP) if it has been updated since the previous authorization, and psychological evaluation to the BH I/DD Tailored Plan prior to the expiration of the initial authorization.
      B. Upon receipt of the required documentation, the BH I/DD Tailored Plan must approve or deny the request in accordance with the standard timeframes for service authorization requests. Authorization shall be for at least 180 days from the date of the physician signature on the Level of Care Form.
iii. Facility-based respite services for members enrolled in the Innovations waiver:

This Agreement is made effective upon the date of execution of Contract #30-2022-007-DHB-#, by and between the North Carolina Department of Health and Human Services, Division of Health Benefits (“Department”) and TP Entity Name (“Contractor”). The Department and Contractor may be collectively referred to as the “Parties.”

I. BACKGROUND

The Center for Medicare & Medicaid Services (CMS) National Correct Coding Initiative (NCCI) promotes national correct coding methodologies and is intended to reduce improper coding that may result in inappropriate payments of Medicare Part B claims and Medicaid claims. In 2010, Section 6507 of the Patient Protection and Affordable Care Act amended Section 1903(r) of the Social Security Act and required CMS to notify state Medicaid agencies of the NCCI Methodologies used in the Medicare Part B program that were compatible with Medicaid. As of October 2010, state Medicaid agencies have been required to incorporate the Compatible Medicaid NCCI Methodologies in their systems for processing applicable Medicaid Fee-for-Service (FFS) claims which are submitted with, and reimbursed on the basis of, Healthcare Common Procedure Coding System (HCPCS) codes and Current Procedural Terminology (CPT) codes from the following types of providers: (1) practitioners and ambulatory surgical centers; (2) services provided to outpatients in hospitals (including services rendered in emergency rooms, observation units, laboratories, and radiology departments, and other diagnostic and therapeutic services); and (3) providers of durable and home medical equipment.

The implementation of the NCCI Edits is mandatory for all Medicaid FFS programs, but the application of the Compatible Medicaid NCCI Methodologies to FFS claims processed by managed care organizations within states’ Medicaid managed care programs is optional. In accordance with federal law, the Department has implemented the Compatible Medicaid NCCI Methodologies into its FFS program, NC Medicaid Direct, and has opted to use the Compatible Medicaid NCCI Methodologies its Medicaid Managed Care program and share the Non-public State Medicaid NCCI Edit Files, provided by CMS to the Department, with the Prepaid Health Plans (PHPs) for processing claims that are paid by the PHPs on a FFS basis.

II. PURPOSE

This Agreement sets forth the terms and conditions under which the Department will share with Contractor the Non-public State Medicaid NCCI Edit Files posted by CMS on a quarterly basis to the secure Regional Information Sharing Systems (RISSNET) portal that is only accessible to state Medicaid agencies. The Agreement further specifies Contractor’s obligations for use and disclosure of the Non-public State Medicaid NCCI Edit Files once provided to Contractor by the Department.

III. DEFINITIONS

1. COMPATIBLE MEDICAID NCCI METHODOLOGIES. The six NCCI Methodologies used in the Medicare Part B program and determined by CMS as compatible methodologies for claims filed in Medicaid: (1) a methodology with procedure-to-procedure edits for practitioner and ambulatory surgical center services; (2) a methodology with procedure-to-procedure edits for outpatient services in hospitals (including emergency department, observation, and hospital laboratory services); (3) a methodology with procedure-to-procedure edits for durable medical equipment; (4) a methodology with medically unlikely edits for practitioner and ambulatory surgical center services; (5) a methodology with medically unlikely edits for outpatient services in hospitals; and (6) a methodology with medically unlikely edits for durable
medical equipment. Although the Medicare methodologies are compatible for Medicaid, the actual edits used are not identical between programs.

2. **CONTRACTED PARTIES.** Any contractor or subcontractor (including Commercial Off-the-Shelf (COTS) software vendors) which assist Contractor with implementation of claims processing or encounter data, and who must use the Non-public Medicaid NCCI Edit Files for processing purposes.

3. **NATIONAL CORRECT CODING INITIATIVE (NCCI).** The CMS-developed coding policies based on coding conventions defined in the American Medical Association’s Current Procedural Terminology Manual and national and local policies and edits to promote correct coding and control improper coding that may lead to inappropriate payment of claims under Medicaid.

4. **NCCI EDITS.** Edits applied to services performed by the same provider for the same beneficiary on the same date of service. They consist of two types of edits: (1) NCCI edits, or procedure-to-procedure edits that define pairs of HCPCS/CPT codes that should not be reported together for a variety of reasons; and (2) MUEs, or units-of service edits that define for each HCPCS/CPT code the number of units of service beyond which the reported number of units of service is unlikely to be correct.

5. **NCCI METHODOLOGIES.** NCCI methodologies have four components: (1) a set of edits; (2) definitions of types of claims subject to the edits; (3) a set of claims adjudication rules for applying the edits; and (4) a set of rules for addressing provider/supplier appeals of denied payments for services based on the edits.

6. **NON-PUBLIC MEDICAID NCCI EDIT FILES.** The quarterly Medicaid NCCI edit files that are not accessible by the general public and are only made available to state Medicaid agencies by CMS and posted by CMS on the secure RISSNET portal.

### IV. AGREEMENT

The Parties agree to the following provisions of this Agreement:

1. **USE AND DISCLOSURE**
   a. The Department will share the Non-public Medicaid NCCI Edit Files received from CMS with Contractor when available, but no later than ten (10) Calendar Days after the files have been made available by CMS.
   b. Contractor is required to incorporate the Non-public Medicaid NCCI Edit Files into its claims payment systems for processing Medicaid claims that the Contractor pays on an FFS basis. The NCCI editing should occur prior to current procedure code review and any other editing by the Contractor’s claims payment systems.
   c. Contractor agrees to use any non-public information from the Non-public Medicaid NCCI Edit Files only for business purposes directly related to the implementation of the Compatible Medicaid NCCI Methodologies in the State of North Carolina.
   d.    e. Contractor may share the Non-public Medicaid NCCI Edit Files with a Contracted Party assisting with the implementation of the State’s Medicaid NCCI program in the processing of claims or encounter data, only after execution of the appropriate confidentiality agreements that include the same restrictions on use and disclosure as contained herein. Such agreements with any Contracted Party shall be provided to the Department upon request.
2. **RESTRICTIONS ON USE AND DISCLOSURE**
   
   a. Except as permitted by this Agreement, Contractor shall not disclose, publish, or share with any party, not involved in the implementation of the Compatible Medicaid NCCI Methodologies covered by this Agreement, the Non-public Medicaid NCCI Edit Files.
   
   b. Contractor shall not publish or otherwise share new, revised, or deleted edits contained in the Non-public Medicaid NCCI Edits Files with individuals, medical societies, or any other entities, unless it is a Contracted Party, prior to the posting of the Medicaid NCCI Edits on the Medicaid NCCI webpage (https://www.medicaid.gov/medicaid/program-integrity/national-correct-coding-initiative-medicaid/index.html).

Only the Department shall have the discretion to release additional information for selected individual edits or limited ranges of edits from the files posted on the secure RISSNET portal.
   
   e. Contractor shall not use the Non-public Medicaid NCCI Edit Files for any non-Medicaid purpose, at any time.

3. **REPORTING.** Contractor shall report in writing to the Department any unauthorized access, uses, or disclosures of the Non-public Medicaid NCCI Edit Files by Contractor, or by its Contracted Party, within twenty-four (24) hours after it becomes aware of the unauthorized access, use, or disclosure. Notice shall be provided to the Department Contract Administrators in accordance with the terms and conditions of Section III.B.11. Contract Administrators of the Contract which are incorporated herein by reference. In addition, Contractor shall reasonably cooperate with the Department to mitigate the damage or harm of any such incidents of unauthorized access, use, or disclosure of the Non-public Medicaid NCCI Edit Files.

4. **GENERAL TERMS AND CONDITIONS.**
   
   a. This Agreement amends and is part of the Contract.
   
   b. Except as provided in this Agreement, all terms and conditions of the Contract shall remain in force and shall apply to this Agreement as if set forth fully herein.
   
   c. The Department may impose remedial actions, intermediate sanctions, liquidated damages and/or terminate the Contract in accordance with the terms and conditions of Section III.B.45. Termination and Section V. Contract Performance of the Contract, which are incorporated herein by reference, for violations of this Agreement.
5. TERM AND TERMINATION:

a. Term. This Agreement shall be effective as of the effective date stated above and shall terminate when the Contract expires or terminates, whichever occurs first.

b. Termination Without Cause. The Department may terminate this Agreement without cause by providing thirty (30) Calendar Days written notice of the termination to Contractor.

c. Termination for Cause. Any use of the Non-public Medicaid NCCI Edit Files, except as contemplated under this Agreement or approved in writing by the Department, shall be a violation of the Agreement and any such violation shall be considered a material breach of the Agreement. A material breach of this Agreement by Contractor shall be considered sufficient basis for the Department to terminate this Agreement for cause. Upon the Department’s knowledge of a material breach by Contractor, the Department may, at its discretion:
   i. Provide an opportunity for Contractor to cure the breach or end the violation, and terminate this Agreement if Contractor does not cure the breach or end the violation within the time specified by the Department; or

She is homeless in rural North Carolina and estranged from her family, who is out of state, due to her psychotic and substance use disorders. She is her own guardian and has not been willing to participate in applying for Medicaid. She had a job at a local retail store a few years ago, but lost it after relapsing on alcohol and stopping her antipsychotic medication. During her an emergency room visit yesterday for a sprained ankle after an alcohol related fall, she also tested positive for COVID-19 but was asymptomatic and was released to a local shelter with a quarantine bed. Response

Use Case Scenario C

C. Jimmy, age 23, is about to be released from the State Psychiatric Hospital (SPH), where he has been treated for the last eighteen (18) months for schizophrenia. He also has a history of cannabis abuse and a criminal background due to prior convictions for breaking and entering. Prior to going to the State Psychiatric Hospital, Jimmy had been receiving outpatient therapy and medication management services but rarely attended therapy, and only attended about 50% of his scheduled medication management appointments due to a mix of access issues and paranoia related to his care providers.

Jimmy used to live with his parents and younger sister. He is not welcome back to live there due to his cannabis use and criminal history. His parents are supportive and engaged and have attended several treatment team meetings and visited regularly. They have said that they do want him to be within a 30 minute drive so they
can continue to support him. Jimmy has no history of living independently. He did have a driver’s license, but it lapsed while he was in the State Psychiatric Hospital. He doesn’t have a car any longer.

Jimmy has his high school diploma and took some welding courses at the local community college, but he was unable to complete the certificate program. He has a limited work history, having past entry level positions in fast food and hasn’t been able to maintain any job for longer than three (3) months. His last job fired him for “insubordination.” Jimmy does mention that he would like to try to finish his welding certificate and work either in construction or on 18 wheelers, but he’s worried with his mental illness, substance use history, and criminal justice involvement that it is pointless. He is stable and ready to be discharged and will need assistance to reinstate his benefits (including Medicaid) and access supports for stabilization in the community.

The Applicant must describe how it would address Jimmy’s situation. The Applicant shall address the following programs and services in its response:

a. Behavioral health services; including State-funded services;
b. In-Reach, Transition supports (including supportive housing) and care management;
c. Employment;
d. Benefits counseling;
e. Transportation; and
f. Primary care.

Use Case Scenario D

D. Edward is a 16-year-old male with Prader Willi Syndrome and mild intellectual disability who has also been diagnosed with autism spectrum disorder, obsessive-compulsive disorder, unspecified anxiety, obesity and type-2 diabetes. He lives with his mother and three (3) siblings and rarely sees his father who frequently works construction jobs out of state. Mom has relied on the support of their faith community and the school system. She has also successfully gotten Medicaid for Edward. Mom has tried to keep Edward on a highly regulated diet and plan of blood sugar checks through the years, enlisting the help of the nurse at his school to assist with this plan, but this has gotten more difficult as Edward grew into adolescence.

As Edward has gotten older, his obsessive food seeking behaviors have worsened and he has become increasingly aggressive when he does not have open access to food. He has also wanted to do more self-care and, with the assistance of his Mom and the school nurse, has had shown moderate success with skill building. After recently being started on Risperdal by his PCP to help with his behavior, Edward began to gain more weight and his most recent HgbA1C was 10.
Due to recent aggression (hitting) toward his mother and his youngest sibling (3 yo) at home, Mom had to call 911 and Edward was taken to his local Emergency Room where he has been for seven (7) days, with poor control of aggression in this unfamiliar and overly-stimulating environment. Mom is seeking residential care or ICF-IID placement as she feels Edward cannot be safe at home currently. After trying over a dozen facilities, the local hospital and his Tailored Care Manager have been unable to find a location that can accommodate Edward’s unique needs.

The Applicant must address how it would address Edward’s situation. The Applicant shall address the following programs and services in its response:

a. Care Management;
b. Unmet health related resource needs;
c. Diabetes self-management education;
d. Family support and resiliency;
e. Primary care and specialty healthcare services, including specialty I/DD and mental health services for children (including EPSDT considerations);
f. Innovations Waiver/Wait-List referral;
g. Community Inclusion, including diversion; and
h. Network management and contracting.

**Use Case Scenario E**

**E.** Kyle, a 35-month-old was referred to local Children’s Developmental Service Agency (CDSA) at 17 months by his pediatrician, Dr. Smith, due to failure to thrive associated with cardiac anomalies, encephalitis, and seizures. He is currently diagnosed with autism spectrum disorder and cerebral palsy, with significant spasticity. The history of seizure activity has resolved, and Kyle no longer takes medication. His heart function has stabilized. In addition to Dr. Smith, Kyle is also followed by neurology. Kyle had been hospitalized on and off for the first 14 months of his life due to seizures, numerous viral infections and significant nutritional issues. Kyle had an NG tube from 6 months of age until he was successfully weaned from it by 20 months. He is a picky eater who is orally hypersensitive but has been able to maintain height and weight in the 25-30th percentile for his age.

Kyle’s mom reports that CDSA services has helped Kyle make significant gains while supporting the families’ capacity to care for him. As Kyle approaches 3 years-old, his mom is really interested in preschool placement where Kyle can receive special education services.

The most recent report from the early intervention occupational therapist included home observation and discussion with Kyle’s mom states:
“Kyle was able to hold and drink from a spouted cup, but arm movements remain unsteady and he often
splashes or knocks over the cup when setting it down. He can finger feed a variety of small, soft foods. He is
beginning to effectively use a spoon. He continues to have choking responses to rough, hard or chewy
textures. His mother reports she continues to feed baby food to maintain nutrition, while having Kyle
practice using his spoon to feed himself at least half the meal. Mom has a list of foods she is gradually
introducing in small bites to increase Kyle’s ability to accept the foods the family typically eats.

Kyle has strong preferences and insists on choosing his clothes each day. Kyle can assist with dressing, but
due to significant challenges in moving his arms and legs he is unable to undress or dress independently.

Kyle has functional receptive language skills and routinely follows 2-3 step directions. Kyle uses 2-3-word
phrases and can expresses his wishes and dislikes with both words and gestures. Kyle tantrums 1-3 times
daily when he is unable to communicate his desires.

When other children visit, Kyle wants to play, but verbally and motorically has difficulty engaging. He needs a
lot of adult facilitation and direction to imitate what the other children are doing. He has a wheelchair but
spends much play time out of it. When put in a standing position, he can hold a couch or chair and stand 1-2
minutes on his own. He is just beginning to try a sideways step.”

The Applicant must describe how it would address Kyle’s situation. The Applicant shall address the following
programs and services in its response:

a. Behavioral Health/I/DD Services (including Research based- behavioral health treatment (RB-BHT)
and consideration of EPSDT);
b. Primary care and specialty health care;
c. Nutrition services;
d. Occupational therapy services;
e. Speech and language services;
f. Care management;
g. Person-center planning; and
h. Family support.
