Re: Revised DMA 5002/5003

Dear County Director of Social Services:

The DMA-5002, Medicaid or Special Assistance Approval Notice, and the DMA-5003, Medicaid or NC Health Choice Approval Notice, have been revised to allow for inclusion of the recipient's Medicaid Identification number (see attachments below). There was limited space on the forms for these additional lines, but caseworkers should be able to include Medicaid Identification numbers (MIDs) for each approved individual named on the forms. Providers can use the MID to verify eligibility. This will allow recipients to access services before receiving their Medicaid card.

Spanish translations of both forms are in process. We will notify you by terminal message when the Spanish versions are posted to the online website.

Sincerely,

Craigan L. Gray, MD, MBA, JD

The hearing can be postponed, for good reasons, for as much as 10 calendar days. Then, if you think the decision in the local hearing is wrong, call or write your caseworker WITHIN 15 DAYS to ask for a second hearing. The second hearing is before a state hearing official.

If you are requesting a hearing about disability, call or write your caseworker to ask for a hearing. There is no local hearing. A state hearing officer holds the disability hearing.
