

# MONEY FOLLOWS THE PERSON QUALITY OF LIFE SURVEY

The Money Follows the Person Quality of Life Survey (QoL) was designed to measure quality of life in seven domains: living situation, choice and control, access to personal care, respect/dignity, community integration/inclusion, overall life satisfaction, and health status. The target population for the survey includes people with disabilities and long-term illnesses who are transitioning from institutionalized care to a care setting in the community. The survey is to be administered to all participants at three points in time—just prior to transition, about 11 months after transition, and about 24 months after transition.

The QoL takes approximately 15 to 20 minutes to complete. A few questions are asked only before or after the transition, although most are asked at all three interviews. The survey is intended to be administered by an interviewer, in person, and in a private setting (e.g., an office in a nursing facility). Depending on the individual circumstances and the abilities of the participant, however, a proxy respondent or an assisted interview may be necessary. A proxy respondent is a person who answers the survey questions on the participant's behalf. In an assisted interview, a third person is present to help the participant answer questions. Though the QoL was not intended for use with individuals under the age of 18, it is up to states to decide if they would prefer to administer the survey to MFP participants who are minors. If the participant is younger than 18, parental consent must be obtained prior to administration. All IRB protocols regarding the participation of minors and approval of a consent/assent form must be followed as well. This survey also has been translated into Spanish.

The development of the QoL survey was funded by the Centers for Medicare and Medicaid Services (CMS) under contract HHSM-500-2005-00025I (0002). The majority of questions are based on the Participant Experience Survey (Version 1.0 of Mental Retardation/Developmental Disabilities 2003, MEDSTAT Group, Inc.), although a few items are drawn from other instruments (ASK ME!, Cash and Counseling, National Core Indicator Survey (NCI), Quality of Life Enjoyment and Satisfaction Questionnaire—Short Form, and the Nursing Home Consumer Assessment of Health Plans Survey (NH CAHPS)).

The survey is free and available for use by the public; no one can use the survey for monetary purposes. Users are expected to include the following citation:

Hello, my name is \_\_\_\_\_\_ and I am from \_\_\_\_\_\_. I'm here to ask for your help with an important study of Medicaid beneficiaries in the state of \_\_\_\_\_\_. The Quality of Life Survey, sponsored by the Centers for Medicare & Medicaid Services (CMS) and the state of \_\_\_\_\_\_, is an essential part of an evaluation of the Money Follows the Person Program, a program designed to help Medicaid beneficiaries transition out of institutional care into the community. I'd like to ask you some questions about your housing, access to care, community involvement, and your health and well-being. Results from the study will help CMS and the state of \_\_\_\_\_\_ evaluate how well its programs are meeting the needs of Medicaid beneficiaries like you.

Before we begin, let me assure you that all information collected will be kept strictly confidential and will not be reported in any way that identifies you personally. Your answers will be combined with the answers of others and reported in such a way that no single individual could ever be identified. Further, the information collected will not be used by anyone to determine your continuing eligibility for Medicaid benefits. We are collecting this information for research purposes only. However, I may be required to report any instances of abuse or neglect that you tell me about to authorities. Your participation is completely voluntary and if we come to any question you prefer not to answer, just tell me and we'll move on to the next one.

If you have any questions, please stop me and ask me. Also, please let me know if you do not understand a question or if you would like me to repeat it.

### **MODULE 1: LIVING SITUATION**

1. I'm going to ask you a few questions about the place you live. About how long have you lived (here/in your home)?
