### Effective: October 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

<a href="https://www.nctracks.nc.gov/content/public/providers/pharmacy.html">https://www.nctracks.nc.gov/content/public/providers/pharmacy.html</a>

More information on the PDL can be found at: https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services

Yellow shade signifies a new product being added as a new to market Non-Preferred product **OR** current coverage is being clarified

Orange shade signifies a significant change to the drug, category, or a clinical recommendation

Pink Shade signifies an Off-Cycle PDL move from Preferred to Non-Preferred or vice versa

Green shade signifies a Brand / Generic switch within the same category

Purple shade signifies a product either no longer covered (rebatable) or no longer available from the manufacturer

ALZHEIMER'S AGENTS	
Preferred	Non-Preferred
donepezil 5mg, 10mg tablet / ODT (generic for Aricept® / ODT)	Aricept® Tablet
Exelon® Patch	donepezil 23mg tablet (generic for Aricept®)
memantine tablet / titration pack (generic for Namenda®)	galantamine ER capsule / solution / tablet (generic for Razadyne® / ER)
rivastigmine capsule (generic for Exelon®)	memantine ER capsule / solution (generic for Namenda® XR / Solution)
	Namenda® Titration Pack / XR Capsule / XR Titration Pack
	Namenda® Tablet
	Namzaric® Capsule / Titration Pack
	rivastigmine (Transdermal) (generic for Exelon® Patch)
	Razadyne <sup>®</sup> ER Capsule / Tablet

### Effective: October 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

### Effective: October 1, 2019

Trial and failure of two Preferred drugs are required. One Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

More information on the PDL can be found at: <a href="https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services">https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services</a>

### Effective: October 1, 2019

Trial and failure of two Preferred drugs are required. One Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

# North Carolina Division of Health Benefits

North Carolina Medicaid and Health Choice Preferred Drug List (PDL)

### Effective: October 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

#### https://www.nctracks.nc.gov/content/public/providers/pharmacy.html More information on the PDL can be found at: https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services Amylin Analogs Requires trial and failure or insufficient response to metformin containing product unless contraindicated or documented adverse event when using either a preferred or non-preferred Amylin Analog Preferred Non-Preferred Symlin® Pen Injector GLP-1 Receptor Agonists and Combinations Requires trial and failure or insufficient response to metformin containing products unless contraindicated or documented adverse event when using either a preferred or a non-preferred GLP-1 Receptor Agonist and Combination Preferred Non-Preferred Continuation of therapy requires documentation that clinical goals have been met Bydureon® Pen / Vial Adlyxin<sup>®</sup> Injection Ozempic® Injection Byetta® Pen Victoza® Pen Soliqua® Injection Trulicity® Pen Xultophy® Injection HYPOGLYCEMICS - ORAL 2nd Generation Sulfonylureas Preferred Non-Preferred Amaryl® Tablet glimepiride tablet (generic for Amaryl®) glipizide tablet / ER tablet (generic for Glucotrol® / XL) Glucotrol® Tablet / XL Tablet glyburide micronized tablet (generic for Micronase®, Glynase®) glyburide tablet (generic for Diabeta®) Glynase® Tablet Alpha-Glucosidase Inhibitors Preferred Non-Preferred carbose tablet (generic for Precose®) miglitol tablet (generic for Glyset®) Glyset<sup>®</sup> Tablet Precose® Tablet Biguanides and Combinations Preferred Non-Preferred glipizide-metformin tablet (generic for Metaglip®) Fortamet® Tablet glyburide-metformin tablet (generic for Gluc Glucophage® Tablet / ER Tablet netformin tablet / ER tablet (generic for Glucophage® / ER) Glumetza® Tablet \*\* requires documentation as to why the beneficiary cannot use preferred long acting metformin product metformin ER tablet (generic for Fortamet®) metformin ER tablet (generic for Glumetza®) Riomet® Solution DPP-IV Inhibitors and Combinations Requires trial and failure or insufficient response to metformin containing products unless contraindicated or documented adverse event when using either a preferred or a non-preferred DPP-IV Inhibitor or Combination Non-Preferred Glyxambi<sup>®</sup> Tablet alogliptin tablet (generic for Nesina®) Janumet® Tablet alogliptin-metformin tablet (generic for Kazano®) Janumet® XR Tablet alogliptin-pioglitazone tablet (generic for Oseni®) Januvia® Tablet Jentadueto® XR Tablet Jentadueto® Tablet Kazano® Tablet Tradjenta® Tablet Kombiglyze<sup>®</sup> XR Tablet Nesina® Tablet Onglyza® Tablet Oseni® Tablet Otern® Tablet Steglujan<sup>®</sup> Tablet Meglitinides Preferred Non-Preferred nateglinide tablet (generic for Starlix® Prandin® Tablet Starlix® Tablet epaglinide tablet (generic for Prandin®) repaglinide-metformin tablet (generic for Prandimet®) Sodium-Glucose Co-Transporter 2 (SGLT2) Inhibitor and Combinations Requires trial and failure or insufficient response to metformin containing products unless contraindicated or documented adverse event when using either a preferred or a non-preferred SGLT2 Inhibitor and Combination

### Effective: October 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

More information on the PDL can be found at: https://medicaid.ncdhhs.c	ov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services

### Effective: October 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

# DIABETIC SUPPLIES

Roche Diagnostics Corporation is N.C. Medicaid's designated preferred manufacturer for glucose meters, diabetic test strips, control solutions, lancets, and lancing devices for Medicaid-primary recipients and Health Choice-primary recipients (dually eligible and third-party recipients are not affected). These products are covered under the Outpatient Pharmacy Program and can be submitted under the pharmacy point-of-sale system with a prescription. Diabetic supplies can also be submitted under Durable Medical Equipment using the NDC and HCPCS code. For questions or assistance regarding diabetic supplies, please call the Division of Health Benefits at 919-527-7659 (DME), 919-527-7654 (Point of Sale Pharmacy) or Roche Diagnostics Corporation at 1-877-906-8969.
