Effective: September 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

More information on the PDL can be found at: https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services

Yellow shade signifies a new product being added as a new to market Non-Preferred product **OR** current coverage is being clarified

Orange shade signifies a significant change to the drug, category, or a clinical recommendation

Pink Shade signifies an Off-Cycle PDL move from Preferred to Non-Preferred or vice versa

Green shade signifies a Brand / Generic switch within the same category

ered (rebatable) or no longer available from the manufacturer

Effective: September 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs rec https://www.nctracks.nc.gov	/content/public/providers/pharmacy.html

Effective: September 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

More information on the PDL can be found at: https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services Mavyret Tablet (8 weeks of therapy) Epclusa® Tablet Harvoni[®] Tablet All genotypes with compensated cirrhosis (Child Pugh-A) ledipasvir-sofosbuvir tablet (generic for Harvoni® Tablet) Mavyret[™] Tablet (12 weeks of therapy) Sovaldi® Tablet Technivie [™] Dose Pack (for genotype 4) All genotypes previously treated with an HCV regimen containing an NS5A inhibitor or genotype 1a or 3 infection and have previously been treated with an HCV regimen containing sofosbuvir without an NS5A Viekira[™] Pak / XR Tablet VIEKIRA XR TABLET IS OBSOLETE inhibitor Vosevi³ Zepatier® Tablet All genotypes with decompensated cirrhosis sofobuvir-velpatasvir tablet (generic for Epclusa® Tablet) Antivirals (Herpes Treatments) Preferred Non-Preferred cyclovir capsule / tablet / suspension (generic for Zovirax®) Sitavig® Buccal Tablet amciclovir tablet (generic for Famvir®) Valtrex[®] Caplet Zovirax® Capsule / Tablet / Suspension valacyclovir tablet (generic for Valtrex®) Antivirals (Influenza) Preferred Non-Preferred mantadine tablet (generic for Symmetrel®) rimantadine tablet (generic for Flumadine®) eltamivir phosphate capsule / susp Relenza® Diskhaler Xofluza[™] Tablet Antibiotics Inhaled Preferred Non-Preferred Kitabis [™] Pak (tobramycin inhalation solution) Arikayce® Vial Bethkis[®] (tobramycin inhalation solution) Cayston[®] Solution tobramycin solution / pak Tobi[™] Podhaler [™] / Solution BEHAVIORAL HEALTH ANTIDEPRESSANTS Preferred Non-Preferred Aplenzin[®] Tablet bupropion tablet / SR tablet / XL tablet (generic for Wellbutrin® Tablet / SR / XL) desvenlafaxine ER tablet (generic for Pristiq®) Trintellix® Tablet fuloxetine capsule (generic for Cymbalta®) desvenlafaxine ER tablet (generic for Khedezla®) maprotiline tablet (generic for Ludiomil®) mirtazapine ODT / tablet (generic for Remeron®) Effexor® XR Capsule phenelzine tablet (generic for Nardil®) Emsam® Patch Fetzima® Capsule / Titration Pak tranylcypromine tablet (generic for Parnate®) trazodone tablet (generic for Desyrel®) Forfivo® XL Tablet venlafaxine tablet / ER capsules (generic for Effexor®, Effexor® XR) Khedezla® Tablet Marplan® Tablet Nardil® Tablet nefazodone tablet (generic for Serzone®) Pristiq[®] ER Tablet Remeron[®] Soltab[™] / Tablet Savella® Tablet / Titration Pack venlafaxine ER tablet Viibryd[®] Starter Pack / Tablet Wellbutrin® SR / XL Table Selective Serotonin Reuptake Inhibitor (SSRI) Preferred Non-Preferred talopram solution / tablet (generic for Celexa®) Brisdelle® Capsule scitalopram tablet (generic for Lexapro®) Celexa® Tablet fluoxetine capsule / solution (generic for Prozac[®]) escitalopram solution (generic for Lexapro Solution) fluvoxamine tablet (generic for Luvox®) fluoxetine tablet (generic for Prozac®) - Exemption for children < 12 years of ag fluoxetine DR capsules (generic for Prozac® Weekly) paroxetine tablet (generic for Paxil®) fluvoxamine ER capsule (generic for Luvox CR®) sertraline concentrated solution / tablet (generic for Zoloft®) Lexapro®-Solution / Tablet SOLUTION IS OBSOLETE paroxetine capsule (generic for Brisdelle® Capsule) paroxetine CR tablet (generic for Paxil CR®) Paxil[®] Suspension / Tablet / CR Tablet Pexeva® Tablet Prozac® Pulvule / Weekly Capsule Sarafem® Tablet

Effective: September 1, 2019

Trial and failure of two Preferred drugs are required nless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at: https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

More information on the PDL can be found at: https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services

Effective: September 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

Effective: September 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

Effective: September 1, 2019

Trial and failure of two Preferred drugs are required unless only one Preferred option is listed or is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to trial and failure criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until reviewed by the PDL Panel. These drugs are listed as NOT REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

https://www.nctracks.nc.gov/content/public/providers/pharmacy.html

More information on the PDL can be found at: https://medicaid.ncdhhs.gov/providers/programs-services/prescription-drugs/outpatient-pharmacy-services

DIABETIC SUPPLIES

Roche Diagnostics Corporation is N.C. Medicaid's designated preferred manufacturer for glucose meters, diabetic test strips, control solutions, lancets, and lancing devices for Medicaid-primary recipients and Health Choice-primary recipients (dually eligible and third-party recipients are not affected). These products are covered under the Outpatient Pharmacy Program and can be submitted under the pharmacy point-of-sale system with a prescription. Diabetic supplies can also be submitted under Durable Medical Equipment using the NDC and HCPCS code. For questions or assistance regarding diabetic supplies, please call the Division of Health Benefits at 919-527-7659 (DME), 919-527-7654 (Point of Sale Pharmacy) or Roche Diagnostics Corporation at 1-877-906-8969.
