Insulin Products Added to Unbreakable Package List

Billing inaccurate package sizes creates extra costs and delays for the NC Medicaid and NC Health Choice (NCHC) programs when collecting drug rebates from manufacturers. Providers should bill the quantity that matches the package size for the NDC billed. If a different package size is used for the refill, the prescription must be updated to match the drug dispensed with the drug on the label, as is also required by law.

The NC Medicaid Outpatient Pharmacy Program accepts metric decimal quantities. To assist providers in billing correct quantities, an edit is in place in NCTracks to deny claims billed with inaccurate units for certain medications.

Effective immediately, covered insulin cartridges and pens will be added to the unbreakable package edit list in addition to insulin vials.

The chart below lists the medications that are currently subject to this edit. The list applies to both brand and generic formulations.

Generic Dispensing Fee Rate Adjustments

The first quarter (Jan. 1, 2019 to March 31, 2019) NC Medicaid Generic Dispensing Rate Report for pharmacy providers is available at [NC Medicaid GDR Reports](#). The effective date of the generic dispensing fee adjustments is May 1, 2019.

Additionally, pharmacy claim level detail reports supporting the quarterly GDR calculation are available and will be automatically delivered to the pharmacy provider’s secure NCTracks Message Center Inbox on May 1, 2019.

Upcoming Preferred Drug List (PDL) Panel Public Meeting

The 2019 PDL Panel Public Meeting is scheduled for Wednesday, May 22, 2019, from 10 a.m. – 5 p.m. at The State Library Building located at 109 E. Jones St., Raleigh, N.C. 27601.

Recommended updates to the NC Medicaid and Health Choice Preferred Drug List (PDL) as approved by the NC Pharmacy and Therapeutics (P&T) Committee and the NC Physician Advisory Group (PAG) were posted for the required 45-day public comment period on April 2, 2019. Public comments should be submitted to dma.webmedpolicy@dhhs.nc.gov prior to the end date on Friday, May 17, 2019. The recommended updates to the PDL and the public comments received during the 45-day public comment period will be presented at the PDL Review Panel meeting.

The NC Medicaid and Health Choice PDL Review Panel was established by the NC Department of Health and Human Services (DHHS) to conduct open meetings to review and discuss recommended policies and procedures and updates related to the PDL and to address the public comments that were received during the 45-day public comment period. The administration and review of the North Carolina Medicaid and Health Choice PDL follows the Preferred Drug List Review Panel Guidelines and Procedures.

To register to speak at the meeting, send an email to Medicaid.PDLReviewMeeting@lists.ncmail.net by 12 noon on Tuesday, May 21, 2019. Please include the name of the speaker, the represented organization and the drug name/class you will be speaking on. You may attach any clinical information regarding the drug or the PDL drug class you wish the PDL Review Panel to review beforehand. Presentations are allowed only in the PDL drug classes with recommended updates and should not exceed three minutes.

As a reminder, if a brand is Preferred with a Non-Preferred generic equivalent, “medically necessary” is NOT needed on the face of the prescription in order for the brand product to be covered.

Claims for preferred brands with non-preferred generics will be reimbursed with a generic product dispensing fee. Claims for preferred brands with no generic or preferred brands with preferred generics will be reimbursed with a brand dispensing fee.

When a PDL class has a preferred brand with a non-preferred generic, providers requesting prior approval for the non-preferred generic should give a clinical reason why the beneficiary cannot use the brand.

72-Hour Emergency Supply Available for Pharmacy Prior Authorization Drugs

Pharmacy providers are encouraged to use the 72-hour emergency supply allowed for drugs requiring prior approval. **Federal law requires that this emergency supply be available to Medicaid beneficiaries for drugs requiring prior approval** (Social Security Act, Section 1927, [42 U.S.C. 1396r-8\(d\)\(5\)\(B\)](#)). Use of this emergency supply will ensure access to medically necessary medications.

The system will bypass the prior approval requirement if an emergency supply is indicated. **Use a “3” in the Level of Service field (418-DI) to indicate that the transaction is an emergency fill.**

Note: Copayments will apply and only the drug cost will be reimbursed. There is no limit to the number of times the emergency supply can be used.
