**Many Residents of 27 NC Counties  
Can Soon Apply for Help Buying Food  
After Hurricane Florence**

## Many Residents of 27 NC Counties Can Soon Apply for Help Buying Food After Hurricane Florence

As early as Friday, residents in 27 counties impacted by Hurricane Florence can apply for help buying food through the Disaster Supplemental Nutrition Assistance Program, or “D-SNAP,” Governor Roy Cooper announced today. The North Carolina Department of Health and Human Services received federal authority to implement the program from the U.S. Department of Agriculture.

This help will be available in 27 counties: Bladen, Beaufort, Brunswick, Carteret, Columbus, Craven, Cumberland, Duplin, Harnett, Hoke, Hyde, Johnston, Jones, Lee, Lenoir, Moore, New Hanover, Onslow, Pamlico, Pender, Pitt, Richmond, Robeson, Sampson, Scotland, Wayne, and Wilson.

“For North Carolinians working to get back on their feet after Hurricane Florence, help feeding their families will make a tremendous difference,” Gov. Cooper said. “I urge anyone who lives in hard-hit areas and needs this help to apply as soon as they can.”

“We want to do everything we can to help families recover from Hurricane Florence,” said DHHS Secretary Mandy Cohen, M.D. “This program will help people who have suffered losses buy food for their families as they begin the long process of rebuilding their lives.”

Eligible households will receive a one-time benefit on a special debit card (called an EBT card) to help buy food. The amount will depend on household size, but a family of one would receive \$192, a family of four would receive \$640 and larger families would receive more.

To be eligible, a person must:

- Live in one of the counties listed above.
- Have suffered losses/damages related to Hurricane Florence, such as damage to property, loss of income or food loss.
- Have proof of identity and proof of residency (if available).
- Have income and resources below certain levels.
- Not currently be receiving help buying food through the Food and Nutrition Services (FNS) program. People receiving FNS can also get extra help buying food, but do not need to fill out a D-SNAP application. They can get more information about how to get the extra help [here](#).

Residents of the 27 counties who want to apply must do so in person from Friday, Sept. 28 through Saturday, Oct. 6, with the exception of Sunday, Sept. 30, when all application sites will be closed. Most application sites will be the Department of Social Services in each county. As application sites are finalized, DHHS will post information on locations and hours of the sites in each county [on its website](#). People can also dial 2-1-1 for information on application sites in their county.

While residents are encouraged to apply in the county they live in, they can also apply in person in any of the 27 counties, regardless of which of the 27 counties they reside. They are also

encouraged to complete their application ahead of time and bring it with them by downloading the form in English [HERE](#) or in Spanish [HERE](#).

People who may have a disability or are physically unable to go in person to apply for help can complete [this form](#) and send an authorized representative in their place.

Wait times should be anticipated at application sites due to the volume of people expected to apply. County officials will do everything they can to process applications as quickly as possible.
