North Carolina Medicaid Bulletin

An Information Service of the Division of Medical Assistance

Published by EDS, fiscal agent for the North Carolina Medicaid Program

Number 6 June 1997

Attention: All Providers

Holiday observance

The Division of Medical Assistance (DMA) and EDS will be closed on Friday, July 4, 1997, in observance of Independence Day.

EDS

1-800-688-6696 or 919-851-8888

Attention: Durable Medical Equipment Providers

Overutilization of diabetic supplies

Due to an identified problem with overutilization of diabetic supplies, Program Integrity staff are presently conducting reviews of claims paid for items used in the treatment of insulin-dependent diabetics. Reviews will focus on compliance with Medicaid policies and procedures for documenting medical necessity and filing claims for diabetic supplies.

Phyllis Burwell, Program Integrity DMA, 919-733-6681

Attention: Radiology Providers

Correction of September 1996 Medicaid Bulletin article entitled "New Policy: Billing Radiation treatment delivery and management codes"

The September 1996 Bulletin article "New policy: Billing radiation treatment delivery and management codes" contained an incorrect example of how to bill CPT radiation treatment codes (77401-77416).

Providers must bill one detail per date of service with the appropriate number of units for that date of service. <u>Do</u> not bill a span of dates.

EDS 1-800-688-6696 or 919-851-8888

Providers are responsible for informing their billing agency of information in this bulletin.

Attention: All Providers

Medicare vouchers for paper crossovers

When a Medicare/Medicaid claim does not automatically cross over from Medicare, the provider must submit a paper claim to EDS. The provider must attach a Medicare EOMB (voucher) to the claim and submit to EDS, PO BOX 300011, Raleigh, NC 27622. The dates and services on the claim must match exactly to those on the Medicare EOMB. If the claim and voucher do not match, the claim will be denied by EDS. Verifying this information will expedite claims processing and provider reimbursement.

If the recipeint name on the Medicaid claim and Medicare voucher do not match, please forward a copy of the MID card, Medicare card, the claim, and the Medicare voucher to the Claims Analysis Unit at DMA at the address below:

Claims Analysis Unit Division of Medical Assistance P O Box 29529 Raleigh, NC 27626-0529

Note: Do not send claims and vouchers to Claims Analysis for date or charge mismatch.

EDS

1-800-688-6696 or 919-851-8888

Attention: All Providers

Paper submissions

EDS is receiving a large number of duplicate paper claims because providers are not allowing enough time for the original submission to be processed on their Remittance and Status Report (RA). Many providers submitting computer generated paper claims have computer systems which automatically regenerate claims after 10 or 15 days if there has been no activity on an account. Resubmission within this time frame does not allow EDS enough time for processing. Paper claims, free of error or missing information are paid or denied within 30 working days of receipt.

Resubmitting a claim(s) before it has had adequate processing time (every 10 - 20 days) increases the provider's workload, paper and postage costs, and EDS' mail receipts. Allowing at least 30 days for processing of paper claims benefits both the provider and EDS.

EDS

1-800-688-6696 or 919-851-8888

Attention: Dental Providers

Antibiotic or sedative through intramuscular injection

When an antibiotic or sedative is administered through an intramuscular injection, ADA code 09610 (Therapeutic drug injection, by report) should be used. The description for this code is consistent with the American Dental Association's (ADA) Current Dental Terminology (CDT-2). When the code is used, N.C. Medicaid Dental Services guidelines require documentation in the record and on the paper claim, of the drug and dosage. If the claim is billed electronically, documentation in the recipient record is sufficient.

EDS

1-800-688-6696 or 919-851-8888

Attention: Physicians

Therapeutic IV infusion

"IV infusion for therapy administered by physician or under direct supervision of physician up to one hour" (CPT 90780) and "each additional hour up to eight hours" (CPT 90781) is covered by Medicaid when administered in the physician's office for the following:

- Non chemotherapy medications, such as antiemetic analgesics administered by IV infusion either independently or sequentially as supportive management of chemotherapy administration for that day. Use ICD 9 diagnosis code V662 "Convalescence and Palliative care following chemotherapy" on the HCFA-1500 claim form. This is effective with dates of service June 1, 1997.
- Treatment for dehydration. Use ICD 9 diagnosis code 2765 "Volume depletion" on the HCFA-1500 claim form.
- IV infusion for therapeutic drug administration. Use ICD 9 diagnosis code V072 "Prophylactic Immunotherapy".

EDS

1-800-688-6696 or 919-851-8888

Attention: CAP Providers

Changes in services, ownership, addresses, tax ID number

The purpose of this article is to remind providers of the responsibility to promptly communicate changed information to DMA. Please read DMA's instructions, application, and provider agreement carefully to avoid oversights or omissions.

I. Adding or Deleting Services

Prior to adding or deleting a CAP service notify DMA Provider Enrollment at the following address:

DMA Provider Enrollment PO Box 29529 Raleigh, NC 27626-0529 919-733-2130

Changing services requires completion of a DMA CAP Change Form and subsequent acknowledgment by DMA of the deletion or DMA approval to add a service.

The provider must obtain DMA approval to add a service prior to providing the service. Retroactive approval is not granted. Failure to comply with these requirements will result in denial of payment of the services or recoupment of payment in cases where claims were paid in error.

Note: Approval of the agency's qualifications to provide a service does not constitute approval to bill Medicaid.

II. Change Of Ownership (CHOW)

Notify DMA Provider Enrollment within 30 days of a CHOW. The CHOW process requires enrollment of the new owner, assignment of a new provider number and termination of the former owner's provider number.

Failure to notify DMA of a CHOW is a violation of the Medicaid Participation Agreement and justifies termination as a CAP provider. The effective enrollment date of the new owner begins the month in which DMA receives the application from the new owner.

III. Addresses

The DMA provider file lists a site address and a separate mailing address if the provider requests it. To ensure receipt of Medicaid information, i.e. bulletins and remittance and status reports, the provider must send written notification on business letterhead to DMA Provider Enrollment at the address noted above. Include a contact person and telephone number in case Provider Enrollment has questions.

IV. Tax ID Number (Federal Employer Identification Number)

DMA must have proper tax information to ensure correct issuance of 1099 MISC forms each year and that the correct tax information is provided to the IRS. The last page of the Medicaid Remittance and Status (RA) report indicates the provider's tax name and Medicaid number on file. If the tax number changes, refer to the November 1996 North Carolina Medicaid Bulletin and complete the special W-9 form as instructed. Providers may call EDS at 1-800-688-6696 or 919-851-8888 to obtain additional W-9 forms.

DMA Provider Enrollment 919-733-2130

Attention: All Providers

EDS Post Office boxes

EDS established separate post office boxes for different claim types, checks, correspondence, adjustments, etc. to assist in the proper distribution of incoming mail. Submitting paper documents to the appropriate P O box expedites record review and claims processing. It also reduces the delay experienced from misdirected correspondence.

Please post these addresses in a convenient location for easy referral. Please address all correspondence as follows: EDS, the appropriate P O box, Raleigh, NC 27622.

PO Box 30968	HCFA-1500 Claim Forms
PO Box 300001	Pharmacy Claims
PO Box 300002	Drug Rebates
PO Box 300009	Provider Services and/or Adjustments
PO Box 300010	UB-92 Claims
PO Box 300011	Other claim types, order forms, and checks, ECS
PO Box 300012	Sterilization and Hysterectomy Forms
PO Box 31188	Prior Approval Requests

EDS 1-800-688-6696 or 919-851-8888

Attention: Durable Medical Equipment Providers

Changes in diabetic supply codes

Effective with dates of service June 1, 1997, the following codes have been added to the Durable Medical Equipment (DME) Related Supply category of the DME Fee Schedule:

Code	<u>Description</u>	Rate	Limitations
A4258	Spring-powered device for lancet, each	\$16.77	2 per year
W4667	Insulin syringe with needle, sterile, 1cc or smaller, each	.30	200 per month
W4675	Urine test strips for combination ketones and glucose testing, e.g. Keto-Diastix, each	.25	100 per month
W4676	Urine test strips or tablets for ketones, each	.22	100 per month
W4677	Urine test strips or tablets for glucose, each	.16	100 per month

The description of code W4651 has been changed from "blood/urine control strips, each" to "blood glucose test strips, each" on the DME Fee Schedule. The maximum reimbursement rate has been established at \$.68. Monthly limitation of 50 units per month has been established for code W4651.

In order to simplify coding and avoid duplication, codes A4206 "syringe with needle, sterile 1cc" and W4652 "urine test or reagent strips or tablets, each" have been deleted from the DME Fee Schedule and will not be reimbursable effective with dates of service June 1, 1997.

Melody B. Yeargan, P.T., Medical Policy DMA, 919-733-9434

Attention: Optometrists, Opticians, and Ophthalmologists

Prior approval request forms for lenses and frames

Reminder To Eye Care Providers:

The Prior Approval Request form doubles as an order form for lenses and frames. Information must be accurate and legible.

The Prior Approval Unit at EDS has been instructed by the Division of Medical Assistance to return all incomplete Prior Approval requests to the requesting provider.

Please take a few extra minutes to review the form for accuracy of the prescription, materials description, recipient and provider information and legibility. By doing so, the optical materials can be processed in a timely manner.

Examples of unacceptable and/or omitted information

GV.	Illegible or Incorrect Recipient Name	G	Date of Refraction or Date of New Rx
& ✓	Material Missing: (Glass or Plastic)	<i>&</i>	PD's
<i>&</i> ✓	Illegible or Incorrect Recipient Number	GS.	Seg Height

Attention: Home Health Providers, Private Duty Nursing Providers, and Community Alternatives Program (CAP) Case Managers

Changes in diabetic supply codes and maximum reimbursement rate

Effective with dates of service June 1, 1997, the following codes were added to the Intravenous Therapy and Parenteral Supplies category of the Home Health Medical Supply List in Appendix C-3 of the Community Care Manual:

Code	Description	Rate
W4675	Urine test strips for combination ketones and glucose, e.g., Keto-Diastix, each	0.25
W4676	Urine test strips or tablets for ketones, each	0.22
W4677	Urine test strips or tablets for glucose, each	0.16
A4258	Spring-powered device for lancet, each	16.77

Also effective with dates of service June 1, 1997, the following code descriptions in the Intravenous Therapy and Parenteral Supplies category on the Home Health Medical Supply List in Appendix C-3 of the Community Care Manual were changed (note that the maximum rate for W4667 is now \$0.30):

Code	Old description	New description	Rate
W4651	Blood or urine control strips, each	Blood glucose test strips, each	0.68
W4652	Urine test or reagent strips or tablets, each	Urine test strips for multiple elements which may include glucose and/or ketones, each	0.62
W4667	Insulin syringes 1/2 cc and 1 cc	Insulin syringe with needle, sterile, 1 cc or smaller, each	0.30

Attention: All Providers

Fee schedules, reimbursement plans, and Medicaid bulletin subscriptions

Request for paper schedules/plans

To defray the cost of reproducing fee schedules and reimbursement plans released through the Financial Operations Section of the Division of Medical Assistance (DMA), minimal charges are indicated in the listing below. All requests for publications *must be made on the form below and accompanied with a check* made payable to DMA at the following address:

Division of Medical Assistance Financial Operations - Fee Schedules 1985 Umstead Drive P O Box 29529 Raleigh, N. C. 27626-0529

Note: Fax requests will no longer be honored

Do not mail your request for paper schedules to EDS. There is a charge of \$0.20 per page for documents exceeding 10 pages. Requests for all other reimbursement plans or fees with less than 10 pages are charged a flat fee of \$2.00 per fee schedule. These charges are subject to change due to additions/deletions in the documents.

		After Care Surgery Period	\$3.60	
		Ambulatory Surgery Center	4.00

Request for diskette of fee schedules

The diskettes are only available from EDS. Complete the request below and attach a check made payable to EDS, for the total amount due. *A check must accompany this request*. Requests without payments will not be honored.

The **PHYSICIAN FEE SCHEDULE** and the **ANESTHESIA FEE SCHEDULE** are available on diskette. The North Carolina Division of Medical Assistance stipulates that the information provided may be used only for your internal analysis. The actual billed amount on your claims must always contain your regular billed amount and not what the price on the fee schedule is unless the listed price represents what you normally bill another payor or patient. DMA considers the billed amount in their rate setting efforts.

Please complete	e the information below with each request:

Attention: FQHC/Rural Health Clinic Providers (including Health Check)

Seminars

FQHC/Rural Health Clinic provider seminars (including Health Check) will be held in August 1997. The July Medicaid Bulletin will have the registration form for the seminars and a list of site locations. Please list below any topics you would like addressed at the seminars. Mail this information to:

FQHC/Rural Health Clinic Provider Representative EDS P O Box 300009 Raleigh, NC 27622

Attention: Physicians

Chemotherapy administration guidelines

The chemotherapy administration guidelines when administered in a physician's office are:

Drugs

- Charges for the chemotherapy agent will be reimbursed under the appropriate HCPCS code. (Code found on injectable drug list.)
- Charges for the IV fluids will be reimbursed under the appropriate HCPC code with one unit per detail.

Note: Supplies used to start the IV and the administration set are considered "incident to" services and the cost is included in the fee for the office visit. **Do not bill separately.**

Administration

- Chemotherapy administration will be reimbursed under CPT codes 96400-96542. Preparation of the chemotherapy agent (s) is included in the service for the administration of the agent.
- Separate payment for chemotherapy administration by push and by infusion technique are allowed on the same day, however only one push administration will be allowed on the same day.
- CPT code 96545 will remain a non-covered service.
- For chemotherapy administration by infusion technique, up to one hour, use procedure code 96410 or 96422. Only one unit is allowed per date of service.
- For chemotherapy administration by infusion technique, from one to eight hours, use code 96412 or 96423. One unit represents one hour. A maximum of eight units may be billed per date of service.
- For chemotherapy administration more than eight hours, use procedures 96414 or 96425. Only one unit is allowed per date of service.
- Chemotherapy administration codes not specifically noted allow one unit per date of service.
- Therapeutic infusion codes (CPT 90780 and 90781) are considered bundled into the payment for IV chemotherapy infusion. "IV infusion for therapy administered by physician or under direct supervision of physician up to one hour", and CPT 90781 "each additional hour up to 8 hours" is reimbursable when:

Non chemotherapy medication i.e. antiemetics, analgesics etc. are administered by IV infusion either independently or sequentially as supportive management of chemotherapy administration for that day. These codes are not to be used for routine IV infusions. This is effective with dates of service June 1, 1997.

Office Visits

- The provider may bill the appropriate established office visit when there is direct contact between the recipient and the physician.
- The provider may bill CPT 99211 on days when a recipient receives chemotherapy administration but the physician has no face-to-face contact with the recipient. This service is considered "incident to" if it is furnished under the direct personal supervision in the office by one of his employees and the medical records reflect the physician's active participation in the management of the course of treatment.

Updated drug list

The following FDA approved drugs complete the list of injectable drugs currently covered by the North Carolina Medicaid Program when provided in a physician's office for the FDA indications. This revised list will replace the September 1995 drug list and is effective with dates of service June 01, 1997.

Physicians will continue to bill on the HCFA 1500 claim form using the appropriate drug code, and indicate the number of units administered as specified in the listing. The new covered drug codes and dosage changes are identified with an asterisk (*).

	Procedure Codes	Description	Fees
	J1120	Acetazolamide Sodium, up to 500 mg (Diamox)	28.08
*	J0150	Adenosine I.V. (Adenocard I.V.) 6 mg.	22.82
*	W5174	Adenosine (Adenoscan) 90 mg	201.38
	J0170	Adrenalin, Epinephrine, up to 1 ml ampule	.76
*	Q0156	Albumin Infusion 5% per ml	.58
*	Q0157	Albumin Infusion 25% per ml	1.26
