NC Medicaid Managed Care: Request to Move to Tailored Plan

What is the process to Request to Move to Tailored Plan?

As part of the transition to the Behavioral Health and Intellectual/Developmental Disabilities (I/DD) Tailored Plan, beneficiaries eligible for a Tailored Plan were enrolled in NC Medicaid Direct and served by a Local Management Entity/Managed Care Organization (LME/MCO).

Tailored Plans offer the same physical health services as Standard Plans and additional services for a serious mental health illness, severe substance use disorder (SUD), I/DD or traumatic brain injury (TBI). Tailored Plans are different from the LME/MCOs as they focus on whole-person health.

Tailored Plans offer services not available in the Standard Plan. Providers and beneficiaries may request to move to a Tailored Plan if they need certain services. This fact sheet explains the Request to Move to Tailored Plan (formerly the “Request to Move to NC Medicaid Direct”) process and how to submit the forms to the NC Medicaid Enrollment Broker.

SERVICE-ASSOCIATED REQUESTS (SAR)

This is an expedited process. SARs are sent to the Tailored Plan within 24 hours and the beneficiary is moved within one business day, retroactive to the date of the request.

A SAR is submitted by the provider with the beneficiary’s consent, requesting specific services only available through a Tailored Plan. This request allows the beneficiary to get services for serious mental illness, severe substance use disorder, I/DD or TBI not available in the Standard Plans.

A SAR is required along with any necessary support documentation, to be submitted. Providers can use the SAR embedded in the “Request to Move to Tailored Plan” form or upload their own SAR.
