**COMPLETION OF SCHEDULES**

A new Consolidated Health Care Assessment Tax Schedule has been created to provide easier filing of the tax assessment for group homes with no Medicaid Days in FY23. These schedules can be accessed via the DHB Audit Section web site. To complete the schedules, on the Main tab go to Line 1 "PRIMARY HOME" and select the name of the facility from the drop-down list and then complete the C-Census tab. For providers with more than one group home, complete the Main tab for the group home with the Lowest Provider Number and complete the C-Census tab for that home. Select the additional homes on the Facility tab by choosing the name of each home from the drop-down list. Enter the census data for the additional homes on the More Census tab. An originally signed copy of the Certification form for the main group home must be mailed to DHB. Also required is an electronic or hard copy of each facility's Monthly Census summary.

For FY23 cost reports, all providers are required to furnish copies of existing, renewed, or amended facility and day program lease agreements which support any lease expense identified in the cost report. Failure to support lease agreements with proper documentation may result in disallowance of lease expense.

**Sch. G - Revenues** – Beginning with FY20, providers must complete Sch. G to show a computation of their Net Patient Revenues, which is total revenue from all sources less allowable expenses.

**Fire Protection Sprinkler System Schedule** – This schedule will have to be completed by those group homes that have received partial reimbursement for the installation of a fire protection sprinkler system. This schedule can be completed by accessing the DHB Provider Audit Section web site. For further information on reimbursement of fire protection sprinkler systems, please call (919) 527-7160.
