Update: OTC COVID-19 Tests for Home Use Pharmacy POS Coverage List of Covered Tests Expanded

Reminder for NC Medicaid-enrolled pharmacy providers: Point-of-sale (POS) billing for FDA-authorized over-the-counter (OTC) COVID-19 tests dispensed for use by NC Medicaid beneficiaries in a home setting remains in effect for NC Medicaid Direct and all five managed care plans.

Coverage of one kit per claim per date of service is allowed up to a maximum of eight tests every rolling 30 days. The eight total tests could be mixed and matched between one-test kit or two-test kits to get a total of eight tests.

Because a [State Standing Order](#) is issued for the OTC COVID-19 test for home use, dispensing may be under State Health Director and Chief Medical Office Dr. Elizabeth Cuervo Tilson's National Provider Identifier (NPI), with or without a prescription issued by an active NC Medicaid enrolled provider. Alternatively, the claim may be submitted using the pharmacy's NPI or the prescriber's NPI if prescribed by a Medicaid-enrolled provider.

Pharmacies must follow the National Council for Prescription Drug Programs (NCPDP) standard and use the National Drug Code (NDC) found on the package. Reimbursement is at an NDC-specific State Maximum Allowable Cost (SMAC). Copayment does not apply.

An updated list of Covered test kits with the SMAC are listed below. Effective dates are for NC Medicaid Direct claims. Please refer to the beneficiary's health plan for effective dates, as date could be different.

Test Name	NDC	#Tests in Kit	Billing Unit	SMAC	Effective Date (NC Medicaid Direct)
Quickvue At-Home COVID-19 Test	14613033972	2	2	\$14.50/test; \$29/kit	1/10/2022
Inteliswab COVID-19 Rapid Test	08337000158	2	2	\$14.50/test; \$29/kit	1/10/2022
IHEALTH COVID-19 AG Rapid Test	56362000589	2	2	\$10.50/test; \$21/kit	1/10/2022
Flowflex COVID-19 AG Home Test	82607066027	2	2	\$12.49/test; \$24.98/kit	1/10/2022
Flowflex COVID-19 AG Home Test	82607066026	1	1	\$14.99/test; \$14.99/kit	1/10/2022
Ellume COVID-19 Home Test	56964000000	2	2	\$18.77/test; \$37.54/kit	1/10/2022
Carestart COVID-19 AG Home Test	50010022431	2	2	\$16.23/test; \$32.46/kit	1/10/2022
Binaxnow COVID-19 AG Self-Test	11877001140	2	2	\$13.83/test; \$27.66/kit	1/10/2022
Pixel COVID-19 Home Collection Kit	00042022224	1	1	\$129.99/test; \$129.99/kit	1/10/2022

Lucira Check-It COVID-19 Test	10055097004	1	1	\$80/test; \$80/kit	1/10/2022
Everlywell COVID-19 Home Collection Kit	51044000842	1	1	\$114/test; \$114/kit	1/10/2022
Genabio COVID 19 Rapid at Home Test	96852095300	2	2	\$12.99/test; \$25.98/Kit	12/15/2022
Genabio COVID 19 Rapid at Home Test	96852025431	1	1	\$12.99/test; \$12.99/Kit	12/15/2022

Oseltamivir Shortage

Certain manufacturers of oseltamivir phosphate capsules and suspension (generic for Tamiflu) have reported shortages of the product. To ensure patient access to this medication, Tamiflu has been shifted from Non-Preferred to Preferred on the Preferred Drug List (PDL), effective Dec. 16, 2022. The generic will remain Preferred, along with Tamiflu, until the shortage is resolved. Additional details on current availability and estimated resupply dates from the ASHP can be found [here](#). The CDC has also issued [guidance](#) for clinicians related to the prioritization of influenza antiviral treatment in the setting of reduced availability of oseltamivir.

Changes to Pharmacy Professional Dispensing Fee (for Covered Outpatient Drugs) and PADP 340B LARC Reimbursement Methodology

The Department of Health and Human Services, Division of Health Benefits, will begin implementing changes pursuant to a Medicaid State Plan Amendment for Professional Dispensing Fee (PDF) and 340B Long-Acting Reversible Contraception (LARC). These changes are pending approval from the Centers for Medicare & Medicaid Services (CMS) with an effective date of 12/1/2022.

The amendment revises the pharmacy reimbursement methodology for professional dispensing fees (PDF) as follows:

- Establishes the PDF at a flat fee of \$10.24 per prescription, as determined by the Cost of Dispensing Study conducted on behalf of the North Carolina Department of Health and Human Services, Division of Health Benefits
- Removes the rule allowing only one PDF per drug, per member, per pharmacy, per month
- Permits PDF payment on emergency dispensations (including the one emergency fill allowed through the lock-in program per year)
- Allows the OMB (Office of Management and Budget) encounter rate to pay for medication-assisted therapy (MAT) for tribal option beneficiaries

This amendment also changes the reimbursement methodology for Long-Acting Reversible Contraception (LARC) acquired through the 340B program and utilized in the PADP. For LARCs acquired and dispensed under the 340B program, reimbursement will be paid at the lesser of actual acquisition cost submitted plus six percent (6%) or 340B ceiling price plus six percent (6%). These new reimbursements will be applicable to all active NC Medicaid Providers.

Preferred Brands with Non-Preferred Generics on the Preferred Drug List (PDL) Current as of Dec. 30, 2022

Brand Name	Generic Name
Actiq 1200 mcg Lozenges	Fentanyl Citrate 1200 mcg Lozenges

As a reminder, if a brand is preferred with a non-preferred generic equivalent, “medically necessary” is NOT needed on the face of the prescription in order for the brand product to be covered.

When a PDL class has a preferred brand with a non-preferred generic, providers requesting prior approval for the non-preferred generic should give a clinical reason why the beneficiary cannot use the brand.

72-Hour Emergency Supply Available for Pharmacy Prior Authorization Drugs

Pharmacy providers are encouraged to use the 72-hour emergency supply allowed for drugs requiring prior approval. **Federal law requires that this emergency supply be available to Medicaid beneficiaries for drugs requiring prior approval** (Social Security Act, Section 1927, [42 U.S.C. 1396r-8\(d\)\(5\)\(B\)](#)). Use of this emergency supply will ensure access to medically necessary medications.

The system will bypass the prior approval requirement if an emergency supply is indicated. **Use a “3” in the Level of Service field (418-DI) to indicate that the transaction is an emergency fill.**

Note: Copayments will apply. There is no limit to the number of times the emergency supply can be used.

Checkwrite Schedule for February 2023
