ENSURE YOUR INFORMATION IS CORRECT

The Provider Directory Listing Report, as well as the Provider Affiliation Report, is available to all actively enrolled NC Medicaid and NC Health Choice providers. In combination, these reports allow all providers to confirm the information visible to NC Medicaid beneficiaries as each utilizes the “Medicaid and NC Health Choice Provider and Health Plan Look-up Tool” to find participating provider information.

- Providers may use the NCTracks MCR process, available in the Secure NCTracks Provider Portal, to modify any provider record or service location information as well as individual to organization affiliations.
- If the Provider Affiliation information is incorrect, the affiliated provider or the Office Administrator for the affiliated provider must update the group affiliation.
- Providers unable to find their practice associated with the correct Tailored Plan, should reach out directly to the Tailored Plan to discuss contracting options.

It is important for enrolled providers to act now to thoroughly review their individual and organization provider enrollment record in NCTracks. Take the time now to review your provider records in NCTracks and submit changes as needed using the MCR process.

Not only is ensuring accuracy a requirement in the legal and binding NCDHHS Provider Administrative Participation Agreement, but correct information on the NCTracks provider record will assist beneficiaries with the search for PCPs in the Medicaid and NC Health Choice Provider and Health Plan Look-Up tool.
ASSIST YOUR BENEFICIARIES WITH THE TRANSITION

Ensure beneficiaries who currently receive certain services for a mental health disorder, substance use disorder, I/DD or traumatic brain injury (TBI) know they will be auto-enrolled into a Tailored Plan, if applicable, based on:

- The county that manages the beneficiary’s Medicaid case (administrative county)
- Special population considerations
- A lookback period of 24 months
- If a beneficiary was disenrolled solely because they lost Medicaid or NC Health Choice eligibility for two months or less

Also notify beneficiaries of the Aug. 15, 2022, through Oct. 14, 2022, Choice Period they will have to select a PCP and a tailored care management provider. Beneficiaries who do not select a PCP or a tailored care management provider during this time will be auto-assigned a PCP and tailored care management provider on Oct. 15, 2022.

Beneficiaries will begin receiving health care services from their Tailored Plan on Dec. 1, 2022.
