Re: Non-Emergency Medical Transportation (NEMT) Provider Enrollment

Dear County Director of Social Services:

A letter dated March 2, 2016, was sent out to the County Directors of Social Services (DSS) informing them about Non-Emergency Medical Transportation (NEMT) and provider enrollment requirements. NEMT vendors must enroll as a Medicaid provider and bill for transportation services through NCTracks. The planned implementation date is August 1, 2016. NEMT vendors may begin the provider enrollment process on or after May 1, 2016.

Provider training on the enrollment process is scheduled to begin April 18, 2016. A flyer with information on dates and times for training was sent to county transportation coordinators, NEMT workgroup members, DOT, and the Directors' Association on April 11, 2016. The flyer is attached for your information. For additional information and questions, vendors can call the number listed on the flyer. For enrollment FAQs, vendors can also visit the NCTracks website at https://www.nctracks.nc.gov/content/public/providers/faq-main-page/faqs-for-providerenrollment.html.

In addition to vendors enrolling as Medicaid providers, the County DSS will be responsible for entering trip information, including amount to be paid so that NEMT claims will pay correctly. To prepare for this process, it is advised that the transportation coordinators and/or caseworkers begin creating a Medical Transportation Product Delivery Case (PDC) in P2/6 for existing transportation beneficiaries. A Medical Transportation PDC cannot be created if the beneficiary only has an integrated case in P7. However, NC FAST has researched and the vast majority of beneficiaries have an integrated case in P 2/6. In the upcoming weeks, NC FAST will provide a series of trainings on this process. At this time, NC FAST is researching the Transportation Coordinator role to determine if changes are needed to allow creation of the NEMT PDC.

Additional information will be forthcoming. If you have any questions, you may contact DMA Policy Coordinator, Ena Lightbourne, at 919-855-4004 or via email at ena.lightbourne@dhhs.nc.gov.

Sincerely,

Dave Richard
