DHHS Silent Period In Effect

• Session Law 2018-249 directs the Department of Health and Human Services to issue a request for proposal (RFP) for Medicaid Managed Care Prepaid Health Plans (PHPs) by August 21, 2018. Therefore, DHHS is in a silent period through the award of the PHP contracts.

• During the silent period, please note that Department employees may not discuss the PHP RFP. However, discussions on other topics may continue to be held as part of the normal course of business. This includes discussions related to issues of interest to DHHS and other health care stakeholders (e.g., the opioid crisis or promoting childhood vaccination), even if those topics may be in some way reflected in the RFP, provided that the discussions do not address the PHP RFP in any way.

• Please direct procurement related inquiries regarding the PHP RFP or Medicaid Managed Care PHPs to Kimberly Kilpatrick, Contract and Compliance Specialist.

Thank you for helping DHHS ensure all respondents have a fair and equitable opportunity to submit a proposal to be part of Medicaid Managed Care in North Carolina.

Comments- Network Adequacy

• Generally positive
  – DHHS staff did an terrific job
    • Managing differing viewpoints
  – Overall collective input of the group was well received

• Concerns
  – Better remote access
  – Listing out ideas versus collaborative decision making

• Suggestions
  – Clarity about final report
Comments- Credentialing

• Generally positive
  – good focus on the critical issues
  – DHHS staff did an excellent job supporting this committee
  – communications were generally good and helpful

• Concerns
  – Improve technology to enable more input from across the state
  – One person participated via call and had no input
  – forward out relevant white papers for committee members to read to the extent the papers themselves are relevant for up-coming discussions.

• Suggestions
  – More notice of meetings.
  – Poll the group to find best time
