MFP Frequently Asked Questions (*)

Participant Benefits

Demonstration Services: For more specific details please refer to the Operational Protocol on pages 29-33.

- **Start-Up Funds (Transition Year Stability Resources/TYSR and Staff and Clinical Capacity Building/SCCB)**
  1. Will “Start-Up funds” (TYSR/SCCB) still be available? 
     Yes. For any transition between now and through 2019 the beneficiary will be able to access up to $3,000 in TYSR/SCCB Start-Up funds.
  2. Will the qualifying items for TYSR/SCCB change or be expanded? 
     No. Qualifying items will not change.

- **Supplemental Environmental Support Service (a.k.a. “over-and-above”)**
  3. Will there be exceptions made to the “over-and-above” service? 
     No. Over-and-above demonstration services will not change.

- **Pre-Transition Case Management**
  4. Will there be changes made to the pre-transition case management demonstration services process? 
     No. Pre-Transition Case Management demonstration services will not change.

- **Transition Coordination Services**
  5. Will there be changes made to the transition coordination services? 
     No. Transition Coordination demonstration services will not change.

Housing

6. Will MFP applicants still get priority access to Targeted and Key housing? 
   Yes. There are currently three specific populations that receive priority access to Targeted and Key housing units. These are: Transition to Community Living Initiative (TCLI) participants, MFP beneficiaries, and the homeless population. MFP will continue to be a priority population for access to Targeted and Key Housing programs.

7. Will there be a clarification as to who becomes first/second/third in the list of priority slots? 
   The priority in Targeted and Key Housing units will remain the same. MFP participants are 2nd in the list for priority access to Targeted and Key units behind the TCLI participants. Apartment units that are fully accessible are based on need instead of waiting list.
Waivers and State Plan: Community Alternatives Plan for Disabled Adults (CAP-DA), Innovations, and Program of All Inclusive Care for the Elderly (PACE)

8. Will MFP applicants still get priority access to CAP, Innovations, and PACE? Yes. In order for MFP applicants to transition to the community, the beneficiary will have priority access to an Innovations wavier, CAP-DA waiver, or PACE services.

9. Will there be any additional priority slots allocated for MFP Participants? No. At this time MFP will keep the same number of available slots.

10. When will the new Innovations Waiver year start? The Innovations Waiver amendment is currently in the comments period. The new waiver year will start once the approval process is completed.

Participant Eligibility and Application Process

11. Will the MFP application process change? No. The application process will not change. An application will still need to be submitted to the MFP office which will be reviewed for eligibility.

12. Will the MFP application form change? Yes. The application form will be updated. An updated application will be available in November 2018. The current application will continue to be accepted for any applicant who applies between November 1 and December 31, 2018, however, we request that any new applications be on the updated form. Any applications received after January 1, 2019 must be on the updated application form.

13. Will the eligibility criteria change? No. The eligibility criteria for the program will not change. If CMS makes any changes to the program, MFP will notify our partners of any eligibility criteria changes.

14. Will the “qualifying facility” requirements change (e.g., Alternative Family Living arrangements/AFL, Adult Care Homes/ACH)? No. The qualifying facilities will not change. For specifics regarding what is considered a “qualifying facility” please see the Operational Protocol on pages 12-13.

15. Will the “qualifying residence” requirements change? No. The qualifying residences will not change. For specifics regarding what is considered a “qualifying residence” please see the Operational Protocol on page 13.
16. Will there be a change in the number of days a beneficiary is required to stay in a facility before becoming eligible for MFP?
No. The number of days a beneficiary is required to stay in a facility before becoming eligible for the program will not change. If CMS makes any changes to the program, MFP will notify our partners.

**Operations**

17. Will MFP still be in existence after December 31, 2018?
Yes. MFP will still be in existence and will continue to support transition coordination activity in NC until the services are incorporated into the Waivers or State Plan Services, or the services are incorporated into the broader Medicaid Managed Care programs.

18. Is MFP changing the name of the program?
Yes. Currently we’re using “MFP 2.0” as our placeholder name. A RFP will be released in fall 2018 to identify a communications and marketing vendor. The selected vendor will review our current branding and make recommendations for a new name, based on feedback from our stakeholders. The new name should be announced in 2019.

19. Will the MFP Roundtable meetings continue?
Yes. The MFP Roundtable meetings will continue. The MFP Roundtable continues to be a vital part of the transitions process with collaborative communications, studies in successful transitions, and improving the service delivery system for NC citizens with disabilities.

20. Will MFP continue to offer professional development opportunities?
Yes. MFP will continue to offer a range of professional development opportunities, including the NC Community Transitions Institute. As North Carolina Medicaid transformation continues, professional development opportunities provided by MFP will be offered to ensure that consistent training is made available to all professional involved in the transitions process.

21. Will the MDS hotline still be utilized?
Yes. The MDS hotline (1-866-271-4894) will still be utilized.

22. Will MFP continue to fund the Local Contact Agency (LCA) function?
No. NC Medicaid is evaluating an efficient, streamlined method to meet the needs of individuals needing or utilizing LTSS.

23. Who will be funding MDS and LCA functions?
Medicaid through the work of the LTSS unit will fund the LCA function and the MDS hotline will be managed by the Medicaid LTSS unit.

24. Who will be performing the transition coordination function?
MFP will continue to partner with our contracted entities to perform the transition coordination function.

25. Will transition coordination functions be folded into waiver revisions?
   The MFP Demonstration Project was intended to be a time limited program. The functions of the MFP Project were to be demonstrated to be effective and cost-saving. After more than 1,000 transitions using MFP, the services have proven to be cost saving to the Medicaid program. MFP has worked closely with DHHS leadership and waiver managers to incorporate services and supports developed under MFP into the Innovations waiver, CAP-DA waiver, and PACE services. For the next several years, MFP will continue to provide transition coordination services until they are incorporated into the Waivers or State Plan Services, or into the broader Medicaid Managed Care services.
