1E-5, Obstetrics

1D-4, Core Services Provided in Federally Qualified Health Centers and Rural Health Clinics 1A-38, Special Services: After Hours

1S-3 Laboratory Services

9, Outpatient Pharmacy

1E-2, Therapeutic and Non-therapeutic Abortions

1-H, Telehealth, Virtual Communications and Remote Patient Monitoring

### 1.0 Description of the Procedure, Product, or Service

Medicaid Family Planning is designed to reduce unintended pregnancies and improve the wellbeing of children and families in North Carolina.

#### 1.1 Definitions

#### 1.1.1 Traditional Medicaid and North Carolina Health Choice (NCHC) Family Planning

Traditional Medicaid and NCHC family planning services include consultation, examination, and treatment prescribed by a physician, nurse midwife, physician assistant, or nurse practitioner, or furnished by or under the physician's supervision, laboratory examinations and tests, FDA-approved family planning supplies and devices to prevent conception.

#### 1.1.2 "Be Smart" Family Planning Medicaid (FP Medicaid)

FP Medicaid serves eligible beneficiaries regardless of age or gender. FP Medicaid provides limited coverage to beneficiaries with MAFDN eligibility. These beneficiaries are only eligible for family planning and family planningrelated services, as described in this policy. Family Planning Medicaid beneficiaries needing non-family planning services shall be referred to their primary care or a safety net provider. Beneficiaries with MAFDN eligibility are not eligible for any other Medicaid program or categories of service.

## 2.0 Eligibility Requirements

#### 2.1 Provisions

#### 2.1.1 General

# (*The term "General" found throughout this policy applies to all Medicaid and NCHC policies*)

- a. An eligible beneficiary shall be enrolled in either:
  - 1. the NC Medicaid Program (Medicaid is NC Medicaid program, unless context clearly indicates otherwise); or
  - 2. the NC Health Choice (*NCHC is NC Health Choice program, unless context clearly indicates otherwise*) Program on the date of service and shall meet the criteria in **Section 3.0 of this policy**.
- b. Provider(s) shall verify each Medicaid or NCHC beneficiary's eligibility each time a service is rendered.
- c. The Medicaid beneficiary may have service restrictions due to their eligibility category that would make them ineligible for this service.
- d. Following is only one of the eligibility and other requirements for participation in the NCHC Program under GS 108A-70.21(a): Children must be between the ages of 6 through 18.

### 2.1.2 Specific

#### a. <u>Medicaid</u>

A traditional Medicaid, FP Medicaid and NCHC beneficiary **may be eligible** for family planning and family planning-related services when the beneficiary meets **ALL** of the following eligibility criteria:

- 1. is a North Carolina resident; is a U.S. citizen or qualified alien;
- 2. is childbearing age;
- 3. is not pregnant, and;
- 4. is not incarcerated.

FP Medicaid shall cover an individual who meets the above criteria and the income eligibility requirements defined in 42 CFR 435.214.

#### b. <u>NCHC</u>

NCHC shall cover a beneficiary who meets the income eligibility requirement as stated in G.S. § 108A-70.21(a) (1) (d).

#### 2.2 Special Provisions

#### 2.2.1 EPSDT Special Provision: Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age

#### a. 42 U.S.C. § 1396d(r) [1905(r) of the Social Security Act]

Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) is a federal Medicaid requirement that requires the state Medicaid agency to cover services, products, or procedures for Medicaid beneficiary under 21 years of age **if** the service is **medically necessary health care** to correct or ameliorate a defect, physical or mental illness, or a condition [health

problem] identified through a screening examination\*\* (includes any evaluation by a physician or other licensed clinician).

This means EPSDT covers most of the medical or remedial care a child needs to improve or maintain his or her health in the best condition possible, compensate for a health problem, prevent it from worsening, or prevent the development of additional health problems.

Medically necessary services will be provided in the most economic mode, as long as the treatment made available is similarly efficacious to the service requested by the beneficiary's physician, therapist, or other licensed practitioner; the determination process does not delay the delivery of the needed service; and the determination does not limit the beneficiary's right to a free choice of providers.

EPSDT does not require the state Medicaid agency to provide any service, product or procedure:

- 1. that is unsafe, ineffective, or experimental or investigational.
- 2. that is not medical in nature or not generally recognized as an accepted method of medical practice or treatment.

Service limitations on scope, amount, duration, frequency, location of service, and other specific criteria described in clinical coverage policies may be exceeded or may not apply as long as the provider's documentation shows that the requested service is medically necessary "to correct or ameliorate a defect, physical or mental illness, or a condition" [health problem]; that is, provider documentation shows how the service, product, or procedure meets all EPSDT criteria, including to correct or improve or maintain the beneficiary's health in the best condition possible, compensate for a health problem, prevent it from worsening, or prevent the development of additional health problems.

#### b. EPSDT and Prior Approval Requirements

- 1. If the service, product, or procedure requires prior approval, the fact that the beneficiary is under 21 years of age does **NOT** eliminate the requirement for prior approval.
- 2. **IMPORTANT ADDITIONAL INFORMATION** about EPSDT and prior approval is found in the *NCTracks Provider Claims and Billing Assistance Guide*, and on the EPSDT provider page. The Web addresses are specified below.

NCTracks Provider Claims and Billing Assistance Guide: https://www.nctracks.nc.gov/content/public/providers/providermanuals.html

EPSDT provider page: https://medicaid.ncdhhs.gov/

#### 2.2.2 EPSDT does not apply to NCHC beneficiaries

# 2.2.3 Health Choice Special Provision for a Health Choice Beneficiary age 6 through 18 years of age

NC Medicaid shall deny the claim for coverage for a NCHC beneficiary who does not meet the criteria within **Section 3.0** of this policy. Only services included under the NCHC State Plan and the NC Medicaid clinical coverage policies, service definitions, or billing codes are covered for a NCHC beneficiary.

#### 2.2.4 Undocumented Aliens

Undocumented aliens are eligible for emergency medical services as found in 42 CFR 440.255(c).

#### 2.2.5 Retroactive Eligibility

Retroactive eligibility applies to FP Medicaid.

## 3.0 When the Procedure, Product, or Service Is Covered

# *Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age.*

#### 3.1 General Criteria Covered

Medicaid and NCHC shall cover procedures, products, and services related to this policy when they are medically necessary, and:

- a. the procedure, product, or service is individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and not in excess of the beneficiary's needs;
- b. the procedure, product, or service can be safely furnished, and no equally effective and more conservative or less costly treatment is available statewide; and
- c. the procedure, product, or service is furnished in a manner not primarily intended for the convenience of the beneficiary, the beneficiary's caretaker, or the provider.

#### 3.1.1 Telehealth Services

As outlined in **Attachment A**, select services within this clinical coverage policy may be provided via telehealth. Services delivered via telehealth must follow the requirements and guidance set forth in Clinical Coverage Policy 1-H: *Telehealth, Virtual Communications, and Remote Patient Monitoring.* 

#### 3.2 Specific Criteria Covered

Beneficiaries eligible for family planning services must be free from coercion or mental pressure and free to choose the method of family planning to be used, Refer to 42 CFR §441.20.

#### 3.2.1 Specific criteria covered by both Medicaid and NCHC

Family planning services consist of consultation, examination, laboratory tests, FDA approved contraceptive methods, supplies, and devices to prevent conception, as described in this policy.

Traditional Medicaid, FP Medicaid and NCHC shall cover the following when the eligibility criteria in **Section 2.0** are met:

- a. The "fitting" of diaphragms;
- b. Birth control pills (up to a 12-month supply);
- c. Intrauterine Devices (IUD's) (Mirena, Paragard, Liletta, Kyleena and Skyla);
- d. Contraceptive injections (Depo-Provera);
- e. Implantable contraceptive devices (Nexplanon);
- f. Contraceptive patch (norelgestromin and ethinyl estradiol transdermal system);
- g. Contraceptive ring (Nuva Ring);
- h. Emergency Contraception (Plan B, One Step and Ella) available from the pharmacist with a prescription;
- i. Screening, early detection and education for STIs, including HIV and Acquired Immune Deficiency Syndrome (AIDS);
- j. Treatment for STIs (refer to Attachment C for specific coverage);
- k. Lab services (refer to Attachment A, C1); and
- 1. Ultrasounds when the intrauterine contraceptive device (IUD) is malpositioned or the strings are missing. Ultrasounds are also covered to locate string-less IUDs. Ultrasounds are not intended for the purpose of routine checking of placement after IUD insertion.

**Note:** The above-named contraceptive methods may not be all inclusive for Traditional Medicaid and NCHC beneficiaries.

#### 3.2.2 Medicaid Additional Criteria Covered

In addition to the **Specific Criteria** covered in **Section 3.2.1**, traditional Medicaid and FP Medicaid shall cover the following Family Planning Services:

- Sterilization procedures for male and female beneficiaries. Refer to Clinical Policy 1E-3, Sterilization Procedures on the NC Medicaid website at <u>https://medicaid.ncdhhs.gov/</u> for requirements related to sterilization procedures; and
- b. Non-emergency medical transportation, as needed, to and from family planning appointments.

#### 3.2.3 NCHC Additional Criteria Covered

None Apply.

#### 3.3 United States Preventive Services Task Force (USPSTF) Recommendations

NC Medicaid encourages screening for the following United States Preventative Services Task Force (USPSTF) recommendations in all Family Planning Medicaid beneficiaries:

- a. Increased blood pressure in adults aged 18 years or older and obtaining measurements outside of the clinical setting for diagnostic confirmation before starting treatment. Beneficiaries with elevated blood pressure should be referred for follow up.
- b. BRCA risk assessment- clinicians assess women with a personal or family history of breast, ovarian, tubal, or peritoneal cancer or who have an ancestry associated with breast cancer susceptibility 1 and 2 (*BRCA1/2*) gene mutations with an appropriate brief familial risk assessment tool. Women with a positive result on the risk assessment tool should be referred for genetic counseling and, if indicated after counseling, genetic testing. Women with Family Planning Medicaid should be referred to their primary care or a safety net provider.
- c. Cervical cancer every 3 years with cervical cytology alone in women aged 21 to 29 years. For women aged 30 to 65 years, the USPSTF recommends screening every 3 years with cervical cytology alone, every 5 years with high-risk human papillomavirus (hrHPV) testing alone, or every 5 years with hrHPV testing in combination with cytology (co-testing). Women with Family Planning Medicaid should be referred to their primary care or a safety net provider for non-family planning services.
- d. Chlamydia in sexually active women age 24 years or younger and in older women who are at increased risk for infection.
- e. Gonorrhea in sexually active women age 24 years or younger and in older women who are at increased risk for infection.
- f. HIV infection in adolescents and adults aged 15 to 65 years. Younger adolescents and older adults who are at increased risk of infection should also be screened.
- g. Screening and referral for preexposure prophylaxis (PrEP) with effective antiretroviral therapy to persons who are at high risk of HIV acquisition.
- h. Intimate partner violence in women of reproductive age and provide or refer women who screen positive to ongoing support services.
- i. Obesity, referring adults with a body mass index of 30 or higher (calculated as weight in kilograms divided by height in meters squared) to intensive, multicomponent behavioral interventions through their primary care or a safety net provider.
- j. Postpartum depression, referring persons who are at increased risk of postpartum depression for counseling interventions through their primary care or a safety net provider.
- k. Sexually transmitted infections counseling referring for intensive behavioral counseling for all sexually active adolescents and for adults who are at increased risk for sexually transmitted infections.
- 1. Syphilis infection in persons who are at increased risk for infection.

### 4.0 When the Procedure, Product, or Service Is Not Covered

*Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age.* 

#### 4.1 General Criteria Not Covered

Medicaid and NCHC shall not cover procedures, products, and services related to this policy when:

- a. the beneficiary does not meet the eligibility requirements listed in Section 2.0;
- b. the beneficiary does not meet the criteria listed in Section 3.0;
- c. the procedure, product, or service duplicates another provider's procedure, product, or service; or
- d. the procedure, product, or service is experimental, investigational, or part of a clinical trial.

#### 4.2 Specific Criteria Not Covered

# 4.2.1 Specific Criteria Not Covered by Traditional Medicaid, FP Medicaid and NCHC

Traditional Medicaid, FP Medicaid and NCHC shall not cover the following:

- a. Infertility services and related procedures;
- b. Reversals of sterilizations;
- c. Diaphragms;
- d. Contraceptives that can be purchased without a prescription or do not require the services of a physician for fitting or insertion; and
- e. Ultrasounds for MAFDN beneficiaries, unless performed to verify that the intrauterine contraceptive device (IUD) is malpositioned or the strings are missing. Ultrasounds are not covered for the purpose of routine checking of placement after IUD insertion.

#### 4.2.2 Medicaid Additional Criteria Not Covered

- a. MAFDN eligible beneficiaries are ONLY eligible for services described in **Subsection 3.2.1**. If a medical condition unrelated to family planning or family planning-related services occur, or the beneficiary has no need for family planning services, the provider shall refer the beneficiary to:
  - 1. the local department of social services;
  - 2. health department;
  - 3. federally qualified health center (community health center);
  - 4. or rural health clinic in their county.

If one of the above primary care providers is not available in the county where the beneficiary resides, they may seek services in nearby or surrounding counties. MAFDN beneficiaries may request services not described in **Subsection 3.2.1**, but they would be responsible for the cost of those services.

- b. In addition to the specific criteria not covered in **Subsection 4.2.1** of this policy, FP Medicaid shall not cover the following:
  - 1. Abortions;
  - 2. Ambulance Services;
  - 3. Hospital Emergency room or emergency department services;
  - 4. Inpatient hospital services;
  - 5. Surgical procedures or hospital services requiring outpatient beneficiary registration other than sterilizations.
  - 6. Treatment for HIV or AIDS;
  - 7. Screening and treatment for Hepatitis B;
  - 8. Treatment for cancer;
  - 9. Removal of IUDs outside of the office setting
  - 10. Services provided to manage or treat medical conditions (Not including STIs):
    - i. Discovered during the screening;
    - ii. Caused by or following a family planning procedure (including urinary tract infections, diabetes, hypertension, breast lumps);
    - iii. Complications of women's health care problems, including heavy bleeding or infertility; and
    - iv. Hysterectomy.
  - 11. Services for beneficiaries who have been sterilized or no longer have a need for family planning services; and
  - 12. Any specialty health care services not related to family planning services (including dental, mammography, cardiology, physical therapy, neurology, radiology, behavior health services).

**Note**: The cost of any service(s) provided in a hospital setting is the responsibility of the beneficiary, except for a beneficiary who has been referred to the hospital for an outpatient sterilization procedure.

**Note**: EPSDT does not apply to 42 CFR §441.253 (a) Sterilization of a mentally competent individual aged 21 or older. Federal financial participation (FFP) is available in expenditures for the sterilization of an individual only if the individual is at least 21 years old at the time consent is obtained.

#### 4.2.3 NCHC Additional Criteria Not Covered

- a. In addition to the specific criteria not covered in **Subsection 4.2.1** of this policy, NCHC **shall not** cover the following:
  - 1. Sterilization procedures.
- NCGS § 108A-70.21(b) "Except as otherwise provided for eligibility, fees, deductibles, copayments, and other cost sharing charges, health benefits coverage provided to children eligible under the Program shall be equivalent to coverage provided for dependents under North Carolina Medicaid Program except for the following:
  - 1. No services for long-term care.
  - 2. No nonemergency medical transportation.

- 3. No EPSDT.
- 4. Dental services shall be provided on a restricted basis in accordance with criteria adopted by the Department to implement this subsection."

## 5.0 Requirements for and Limitations on Coverage

# *Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age.*

#### 5.1 **Prior Approval**

Traditional Medicaid, FP Medicaid and NCHC shall not require prior approval for family planning services.

#### 5.2 **Prior Approval Requirements**

#### 5.2.1 General

None Apply.

5.2.2 Specific

None Apply.

#### 5.3 Additional Limitations or Requirements

FP Medicaid beneficiaries are limited to the following:

- a. FP Medicaid beneficiaries are limited to one annual periodic exam per 365 calendar days. This exam must occur prior to the rendering of any other services covered by the program.
- b. FP Medicaid beneficiaries are limited to a total of six inter-periodic visits per 365 calendar days, after the annual exam.

### 6.0 **Provider(s)** Eligible to Bill for the Procedure, Product, or Service

To be eligible to bill for the procedure, product, or service related to this policy, the provider(s) shall:

- a. meet Medicaid or NCHC qualifications for participation;
- b. have a current and signed Department of Health and Human Services (DHHS) Provider Administrative Participation Agreement; and
- c. bill only for procedures, products, and services that are within the scope of their clinical practice, as defined by the appropriate licensing entity.

**Note:** Provider(s) shall comply with 10A NCAC 22J.0106, regarding when it is acceptable to bill a Medicaid beneficiary for Medicaid services.

### 6.1 Provider Qualifications and Occupational Licensing Entity Regulations None Apply.

#### 6.2 **Provider Certifications**

None Apply.

## 7.0 Additional Requirements

*Note: Refer to Subsection 2.2.1 regarding EPSDT Exception to Policy Limitations for a Medicaid Beneficiary under 21 Years of Age.* 

#### 7.1 Compliance

Provider(s) shall comply with the following in effect at the time the service is rendered:

- a. All applicable agreements, federal, state and local laws and regulations including the Health Insurance Portability and Accountability Act (HIPAA) and record retention requirements; and
- b. All NC Medicaid's clinical (medical) coverage policies, guidelines, policies, provider manuals, implementation updates, and bulletins published by the Centers for Medicare and Medicaid Services (CMS), DHHS, DHHS division(s) or fiscal contractor(s).

## 8.0 Policy Implementation and History

Original Effective Date: January 1, 1974

History:

Date	Section Revised	Change	
10/01/2014	All sections and	New policy documenting current Medicaid FP and	
	attachment(s)	NCHC coverage. Family Planning Waiver (FPW)	
		demonstration project began operation October 1, 2005.	
		Information incorporated throughout this policy referred	
		to as the "Be Smart" program was approved by CMS on	
		June 7, 2013 to convert the FPW project to a State Plan	
		Amendment (SPA) under the Affordable Care Act	
		(ACA) legislation.	
05/01/2015	Attachment A	Added updated CPT codes 87623, 87624, and 87625 to	
		replace CPT code 87621	
05/01/2015	Attachment A	Added Revenue Codes 0301 and 0302	
05/01/2015	Attachment B	Added sections "Billing the Beneficiary" and	
		"Emergency Departments and Emergency Room	
		Services" to further clarify program services and non-	
		covered services	
05/01/2015	Attachment B	Repeat Pap for Insufficient Cells information added	
	Section E (4)		
05/01/2015	Attachment B	Pharmacy –Post operative medications for sterilization	
	Section F	information added	
05/01/2015	Attachment B	Clarified "Miscellaneous Billing Instructions" for	
	Section I	contraceptive methods and devices.	
05/01/2015	Attachment B	Specific billing instruction for Private Providers added	
	Section J (5)		
05/01/2015	Attachment B	Specific billing instructions for FQHCs and RHCs	
	Section K (8)	added	
05/01/2015	Attachment B	Specific billing instructions to LHDs added	
	Section L (6)		
05/01/2015	Attachment B	Specific billing instructions to Outpatient Hospitals	
	Section M (6)	added	
05/01/2015	Attachment B	Specific billing instructions to Outpatient only	
	Section N (6)	Pharmacies added	
05/01/2015	Attachment C	Added "Be Smart" Family Planning Program Billing	
		Codes	
05/01/2015	Attachment D	Added "Be Smart" STI Medications	
05/01/2015	Attachment E	Added Postoperative Sterilization Medications list	
05/01/2015	Attachment F	Added Primary Care "Safety Net" Providers	
08/01/2015	Attachment D	Added additional medications to the list of "Be Smart"	
00112012		STI Medications to reflect current provider practice	
10/01/2015	All Sections and	Updated policy template language and added ICD-10	
10/01/2012	Attachments	codes to comply with federally mandated 10/1/2015	
		implementation where applicable.	
	1	implementation where applicable.	

Date	Section Revised	Change		
11/15/2015	Attachment C	Changed, "Providers must include the ICD-10-CM Diagnosis 042 as the secondary diagnosis on the appropriate claim," to "Providers must include the ICD-		
		<b>10-CM Diagnosis B20</b> as the secondary diagnosis on the appropriate claim." This amendment is clarification of information from ICD-10 transition.		
02/01/2016	Attachments A	Consolidated "Be Smart" comprehensive list of ICD-10- CM diagnosis codes from Attachment B with the list in Attachment A.		
02/01/2016	Attachments B	Deleted "Be Smart" comprehensive list of ICD-10-CM diagnosis codes in Attachment B.		
02/10/2015	Attachment A	Corrected code Z00.89 to Z01.89		
04/01/2016	Attachments A	Added Z11.4 to list of MAFDN ICD-10-CM diagnosis codes.		
04/01/2016	Attachments A	Added J7297 and J7298 to list of MAFDN HCPCS		
		codes, already in NCTracks for MAFDN, but omitted		
		from the Family Planning Services policy. Deleted code J7302.		
04/01/2016	Attachment C	Replaced diagnosis code B20 with diagnosis code Z11.4		
04/01/2016	Attachment C	Added J7297 and J7298 to list of codes for IUDs. Deleted code J7302 from this list.		
04/01/2016	Attachment C	Added J7297 and J7298 to list of codes for Family		
		Planning Supplies and Devices. Deleted duplicate code J7301 and deleted code J7302 from this list.		
04/21/2016	Attachment A	Removed Revenue Code "RC0302" which was inadvertently left in during revision process		
11/1/18	All Sections and	Replaced Medicaid FP and "Be Smart" with FP		
	Attachments	Medicaid. Replaced regular Medicaid with traditional		
		Medicaid. Removed claim submission instructions.		
		Removed Revenue Code and ICD-10 PCS Procedure		
		code lists. "Should" changed to "shall."		
11/1/18	Section 1.0	Clarified the description and removed statute 42 U.S.C. 1396d(a)(4)(C).		
11/1/18	Subsection 1.1.1	Clarified language. Removed, "Family Planning (Medicaid FP)."		
11/1/18	Subsection 1.1.2	Clarified the language defining "Be Smart" Family Planning Medicaid.		
11/1/18	Subsection 2.1.2	Clarified the eligibility criteria. Removed, "not sterilized," per CMS guidance. Removed unnecessary language.		
11/1/18	Subsection 2.2.4	Updated 10A NCAC 21B.0302 and replaced with 10A NCAC 23E.0102. Clarified language.		
11/1/18	Subsection 2.2.5	Removed Presumptive Eligibility related information.		
11/1/18	Subsection 3.2	Clarified language.		

Date	Section Revised	Change		
11/1/18	Subsection 3.2.1	Clarified language. Liletta was added to section 3.2.1 but was already covered device. Updated Plan B to Plan B One Step. Updated Attachment A to C. Added ultrasounds as a covered service for MAFDN beneficiaries.		
11/1/18	Subsection 3.2.2	Clarified language and removed unnecessary language.		
11/1/18	Subsection 4.2.1	Clarified language. Ultrasounds are covered for MAFDN beneficiaries if there is concern that the IUD is malpositioned.		
11/1/18	Subsection 4.2.2	Clarified language regarding referral for services not covered by FP Medicaid. Clarified language.		
11/1/18	Subsection 4.2.3	Clarified language.		
11/1/18	Subsection 5.1, 5.2.1 and 5.2.2	Clarified language.		
11/1/18	Subsection 5.3, 5.4 and 5.5	Clarified language regarding limitations and removed unnecessary language.		
11/1/18	Section 6.0	Removed unnecessary language. Clarified language regarding billing a Medicaid beneficiary.		
11/1/18	Subsection 7.1	Removed unnecessary language.		
11/1/18	Attachment A	<ul> <li>(B1) Clarified language. Added diagnosis codes T83.32XA, Z00.01, Z01.411, Z01.419, Z30.015, Z30.016, Z30.017, Z30.44, Z30.45, Z30.46, Z31.69, Z32.01, Z32.02, N76.0, N76.1, N76.2, N76.3. Removed diagnosis codes T83.32XD, T83.32XS. Removed ICD- 10 PCS Code list. Clarified that providers and beneficiaries should refer to Clinical Policy 1E-3 Sterilization Procedures guidance on sterilization procedures. NCHC beneficiaries are not eligible for sterilization procedures." (C) HCPCS Q0111 removed from this section, as it is a duplicate procedure of CPT 87210. Removed unnecessary language. (C1) Clarified language and clarified that providers and beneficiaries should refer to Clinical Policy 1E-3 Sterilization Procedures guidance on sterilization procedures. NCHC</li> <li>beneficiaries are not eligible for sterilization procedures. (C1) Clarified language and clarified that providers and beneficiaries should refer to Clinical Policy 1E-3 Sterilization procedures. (D)Removed unnecessary language. (F) (G) (H) Clarified language. (C) Added CPT codes 36415, 87660, 76830, 76856, 76857, 87480, 87510.</li> </ul>		

Date	Section Revised	Change	
11/1/18	Attachment B	Clarified language, removed unnecessary and repetitiv language throughout attachment B. Included information regarding when an annual exam is require for beneficiaries that are transitioning between Medica programs to FP Medicaid. Included clarifying information on billing for office visits and services that include an office visit component. Clarified that providers and beneficiaries should refer to Clinical Policy 1A-38, Special Services: After Hours. Clarified information for beneficiaries who have been permanently sterilized or no longer have need for fami planning services. (D)Added information related to venipuncture. (F) Added Bacterial vaginosis and relate CPT codes. (I) Added information related to ultrasounds.	
11/1/18	Attachment C	Language in Attachment C was clarified, repetitive language was removed, and the relevant information was moved to appropriate subsections of the policy.	
11/1/18	Attachment D	Clarified language and updated medication list. Added gentamicin 240mg IM for the treatment of gonorrhea, added medication for the treatment of Bacterial vaginosis.	
11/1/18	Attachment E	Clarified language and updated medication list.	
11/1/18	Attachment F	The list of Safety Net providers removed from policy.	
01/01/2019	Section 3.2.1 (f)	Removed Ortho Evra and added norelgestromin and ethinyl estradiol transdermal system	
01/01/2019	Attachment A	(B1) Added diagnosis A63.0. (C1) Removed CPT codes 58340, 58565 and 74740	
03/15/2019	Table of Contents	Added, "To all beneficiaries enrolled in a Prepaid Health Plan (PHP): for questions about benefits and services available on or after November 1, 2019, please contact your PHP."	
03/15/2019	All Sections and Attachments	Updated policy template language.	
12/01/2020	Related Coverage Policies Section	Added 1E-5 Obstetrics, 1E-2, Therapeutic and Non- therapeutic Abortions, and 1-H, Telehealth, Virtual Communications and Remote Patient Monitoring	
12/01/2020	Section 1.1.2	Added referral of beneficiary to primary care or a safety net provider for non-family planning services.	
12/01/2020	Section 2.1.2	Changed plural nouns for "individuals" and "beneficiaries" to singular nouns here and throughout policy.	

Date	Section Revised	ed Change	
12/01/2020	Section 2.2.4	Removed NC Administrative Code 10A NCAC 23E.0102 - repealed in June 2019.	
12/01/2020	Added Subsection 3.1.1	As outlined in Attachment A, select services within this clinical coverage policy may be provided via telehealth. Services delivered via telehealth must follow the requirements and guidance set forth in Clinical Coverage Policy 1-H: Telehealth, Virtual Patient Communications, and Remote Patient Monitoring.	
12/01/2020	Section 3.2.1	Added references to Attachments for specific covered criteria. Added that ultrasounds are covered to locate string less IUDs. Added Kyleena IUD for coverage. Removed repetitive language. Clarified coverage for Emergency Contraception when "available from the pharmacist with or without a prescription."	
12/01/2020	Section 3.3	Added section with United States Preventive Services Task Force (USPSTF) Recommendations.	
12/01/2020	Section 4.2.1	Added reference back to covered services section 3.2.1h to further clarify coverage for emergency contraception.	
12/01/2020	Section 4.2.2	Hepatitis B screening and treatment added as non- covered services. Also added "surgical procedures or hospital services requiring outpatient beneficiary registration other than sterilization" as a noncovered item. Clarified removal of IUDs outside of the office setting as a noncovered service. Reformatted into lists for readability.	
12/01/2020	Section 5.4	Removed this section as was duplicate to section 6.0	
12/01/2020	Sections 5.5	Removed this section as was exact duplication of Sections 6.1.	
12/01/2020	Sections 5.6	Removed this section as was exact duplication of Section 6.2.	
12/01/2020	Section 6.0	Moved NC Administrative Code 10A NCAC 22J.0106 reference for Medicaid Billing from Section 5.4 to Section 6.0.	

Date	Section Revised	Change	
12/01/2020	Attachment A, Letter B1	Added ICD-10-CM diagnosis codes N41.0, N45.1- N45.3, Z72.51-Z72.53 and Z86.19 for coverage related to NAAT testing for Trichomonas Vaginalis. Added ICD-10-CM diagnosis codes A49.3, N72, N73.0, N73.1, and N73.9, R36.0, R36.9 and Z86.19 for NAAT diagnostic testing for Mycoplasma Genitalium. Added ICD-10-CM diagnosis codes Z72.51-Z72.53, and Z72.89 for use with general STI screening. Added clarifying language to reference to sterilization procedures under table in this section. Added ICD-10- CM diagnosis codes B86 and N89.8 for scabies diagnosis and amine vaginitis screening.	
12/01/2020	Attachment A, Letter C	Added Reference to Attachment B, Letter J for FQHC and RHC Family Planning billing instructions.	
12/01/2020	Attachment A, Letter C1	Removed end dated CPT procedure codes 71010 and 88154. Removed incorrectly entered CPT code 78657 and added correct CPT code 76857. Added new covered CPT codes 58661, 87661, 87563, and 80053. Added new covered HCPCS J7296 to HCPCS code table. Added HIV screening code 87806 that was omitted from policy previously as a covered MAFDN covered service. Also added CPT code 82120 for amines screening for vaginitis and 87220 for KOH test for the diagnosis of scabies to CPT code table. Removed repetitive instruction under table C1 regarding sterilization procedures. Added table for CPT Codes Eligible for Telehealth Services with <b>Note:</b> Telehealth eligible services may be provided to established patients by the eligible providers listed within this policy. Added MAFDN approved Revenue Codes back to policy.	
12/01/2020	Attachment A, Letter D	Added the following language for telehealth services: Telehealth Claims: Modifier GT must be appended to the CPT or HCPCS code to indicate that a service has been provided via interactive audio-visual communication. This modifier is not appropriate for virtual patient communications or remote patient monitoring.	

Date	Section Revised	Change	
12/01/2020	Attachment A, Letter F	<ul> <li>Added instruction for Outpatient Place of Service, that "the only surgical procedure or hospital services allowed requiring outpatient beneficiary registration is sterilization". Also added clarification to specified POS "Office." Added FQHC and RHC place of services.</li> <li>Added the following language for telehealth services: "Telehealth claims should be filed with the provider's usual place of service code(s) and not place of service 02 (Telehealth)."</li> </ul>	
12/01/2020	Attachment A, Letter L	Added Comprehensive Metabolic Panel (CMP) for coverage with guidelines.	
12/01/2020	Attachment B, Letter A	Changed "FP Medicaid Program" to "FP Medicaid" for policy consistency in this section and throughout policy attachments. Formatted with lists for readability.	
12/01/2020	Attachment B, Letter B	Reformatted into lists for readability. Added the following language requirement for Inter- Periodic visits: Each in-person or telehealth encounter will count as one of a beneficiary's allotted six inter-periodic visits, per 365 days.	
12/01/2020	Attachment B, Letter C	Clarified billing language related to after-office hours services.	
12/01/2020	Attachment B, Letter D	Removed end dated pap test CPT procedure code 88154. Removed pap test as a requirement only at time of annual exam and clarified that can be offered at time of annual exam or during an inter-periodic visit. Added Comprehensive Metabolic Panel (CMP) for coverage with guidelines.	

Date	Section Revised	Change	
12/01/2020	Attachment B, Letter F	Created new section for Trichomonas Vaginalis and added coverage for NAAT screening code 87661. Clarified Bacterial Vaginosis (Gardnerella) and Candida screening section. Removed CPT 87660 from this section as this was added to the newly created Trichomonas section. Added coverage for new CPT code 87563 for diagnostic Mycoplasma Genitalium testing. Added referral guidelines for interventions in HIV by prophylactic prescription meds through the Ready, Set PrEP program. Added CPT code 82120 for coverage of amines for vaginitis screening. Added CPT code 87220 for coverage of diagnosis for scabies.	
12/01/2020	Attachment B, Letter H	Removed "Ortho Evra" from contraceptive patch. Removed unnecessary wording. Removed "Nuva" and added "vaginal contraceptive" to cover other vaginal rings covered under MAFDN.	
		Added Kyleena IUD for coverage.	
12/01/2020	Attachment B, Letter I	Added clarification that no waiting period exists for IUD placement when ultrasound confirms IUD has been expelled. Removed repetitive language.	
12/01/2020	Attachment B, Letter J	Added section for FQHC and RHC "Be Smart" Family Planning billing instructions.	
12/01/2020	Attachment, B Letter K	Letter J. Miscellaneous Billing Instructions became Letter K.	
12/01/2020	Attachment C	Added coverage for Moxifloxacin, 400mg to Approved         FP Medicaid STI Medications list.	
12/01/2020	Attachment C- Addendum to 11/1/2018 Entry	Remainder of Attachment C was combined with Attachment B to form Attachment B: FP Medicaid (MAFDN eligible) Billing Requirements.	
12/01/2020	Attachment D	Specified pharmacy program as "Outpatient" pharmacy drug program.	

Date	Section Revised	Change	
12/01/2020	Attachment D- Addendum to 11/1/2018 Entry	Attachment D became Attachment C: Approved FP Medicaid STI Medications List	
12/01/2020	Attachment E- Addendum to 11/1/2018 Entry	Attachment E became Attachment D: Postoperative Sterilization Medication List.	
12/01/2020	Attachment F- Addendum to 11/1/2018 Entry	Attachment F was removed all together from the policy.	
12/01/2020	Added beginning of Policy	Added the language "This clinical coverage policy has an effective date of November 15, 2020; however, until the end of the public health emergency, the temporary coverage and reimbursement flexibilities enabled by NC Medicaid through a series of COVID-19 Special Medicaid Bulletins will remain in effect."	
05/01/2021	Section 3.2.1 (h)	Removed wording "or without."	
05/01/2021	Section 4.2.1 (d)	Removed wording "(for emergency contraception see section 3.2.1 h)."	
05/01/2021	Section 3.2.1 (b)	Added "(up to a 12-month supply)" to covered birth control pills.	
05/01/2021	Attachment B, Letter E	Changed allowance of birth control pills for beneficiaries from a three-month supply to a twelve- month supply, dispensed by a pharmacy.	
05/01/2021	Attachment B, Letter H	Changed allowance of birth control pills for beneficiaries from a 3-month supply to a 12-month supply, dispensed by a pharmacy.	
05/01/2021	Section 3.3 (j.)	Added a comma after "Postpartum depression".	
05/01/2021	Attachment A, Letter F	Made grammar corrections to include punctuation and changing the word "an" to "a" in front of "FP."	
05/01/2021	Attachment B, Letter A	Made grammar corrections changing the word "an" to "a" in front of "MPW."	
05/01/2021		Policy Posted 05/06/21 with an amended date of 05/01/2021	

## **Attachment A: Claims-Related Information**

Provider(s) shall comply with the, *NCTracks Provider Claims and Billing Assistance Guide*, Medicaid bulletins, fee schedules, NC Medicaid's clinical coverage policies and any other relevant documents for specific coverage and reimbursement for Medicaid and NCHC:

#### A. Claim Type

Professional (CMS-1500/837P transaction)

Institutional (UB-04/837I transaction)

Unless directed otherwise, Institutional Claims must be billed according to the National Uniform Billing Guidelines. All claims must comply with National Coding Guidelines.

# **B.** International Classification of Diseases and Related Health Problems, Tenth Revisions, Clinical Modification (ICD-10-CM) and Procedural Coding System (PCS)

Provider(s) shall report the ICD-10-CM and Procedural Coding System (PCS) to the highest level of specificity that supports medical necessity. Provider(s) shall use the current ICD-10 edition and any subsequent editions in effect at the time of service. Provider(s) shall refer to the applicable edition for code description, as it is no longer documented in the policy.

Male and female beneficiaries with FP Medicaid (MAFDN) are eligible for sterilization procedures. Refer to NC Medicaid Clinical Coverage\_Policy <u>1E-3</u>, <u>Sterilization Procedures</u> for CPT codes, ICD-10 procedure codes and diagnosis codes related to sterilization procedures. NCHC beneficiaries are not eligible for sterilization procedures.

#### C. Code(s)

Provider(s) shall report the most specific billing code that accurately and completely describes the procedure, product or service provided. Provider(s) shall use the Current Procedural Terminology (CPT), Health Care Procedure Coding System (HCPCS), and UB-04 Data Specifications Manual (for a complete listing of valid revenue codes) and any subsequent editions in effect at the time of service. Provider(s) shall refer to the applicable edition for the code description, as it is no longer documented in the policy.

If no such specific CPT or HCPCS code exists, then the provider(s) shall report the procedure, product or service using the appropriate unlisted procedure or service code

Refer to **Attachment B, Letter J** of this policy for information on FQHC and RHC billing of "Be Smart" FP Medicaid services. Additional information is located in clinical coverage policy 1D-4, "*Core Services Provided in Federally Qualified Health Centers and Rural Health Clinics*" on NC Medicaid's website at https://medicaid.ncdhhs.gov/.

#### **Unlisted Procedure or Service**

**CPT:** The provider(s) shall refer to and comply with the Instructions for Use of the CPT Codebook, Unlisted Procedure or Service, and Special Report as documented in the current CPT in effect at the time of service.

**HCPCS:** The provider(s) shall refer to and comply with the Instructions for Use of HCPCS National Level II codes, Unlisted Procedure or Service and Special Report as documented in the current HCPCS edition in effect at the time of service.

**Revenue**: Institutional provider(s) billing on a UB claim, shall bill one of the following revenue codes (RC). When billing revenue codes for a MAFDN beneficiary, a procedure code is required on the line item. If no procedure code is found on the line item or the procedure code is not covered under the Family Planning Services, the line item will be denied.

Revenue Code(s)				
RC0250	RC0278	RC0312	RC0371	
RC0251	RC0279	RC0314	RC0372	
RC0252	RC0300	RC0319	RC0379

RC0255	RC0305	RC0324	RC0499	
RC0258	RC0306	RC0329	RC0510	
RC0259	RC0307	RC0360	RC0519	
RC0270	RC0309	RC0361	RC0730	
RC0271	RC0310	RC0369	RC0739	
RC0272	RC0311	RC0370		

#### **D.** Modifiers

Provider(s) shall follow applicable modifier guidelines.

Non-Telehealth Claims:

Family planning services must be billed with the appropriate code using the FP modifier.

All providers, except ambulatory surgical centers, must append modifier FP to the procedure code for family planning services.

N.C. Medicaid **requires** the UD modifier to be billed on the CMS-1500/837P and the UB04/837I claims forms, with applicable HCPCS code and National Drug Code (NDCs) to properly identify 340B drugs. All non-340B drugs are billed using the associated HCPCS and NDC pair without the UD modifier.

Telehealth Claims:

Modifier GT must be appended to the CPT or HCPCS code to indicate that a service has been provided via interactive audio-visual communication. This modifier is not appropriate for virtual patient communications or remote patient monitoring.

Family planning services must be billed with the appropriate code using the FP modifier. All providers, except ambulatory surgical centers, must append modifier FP to the procedure code for family planning services. N.C. Medicaid **requires** the UD modifier to be billed on the CMS-1500/837P and the UB04/837I claims forms, with applicable HCPCS code and National Drug Code (NDCs) to properly identify 340B drugs. All non-340B drugs are billed using the associated HCPCS and NDC pair without the UD modifier.

#### E. Billing Units

The provider(s) shall report the appropriate code(s) used which determines the billing unit(s).

#### F. Place of Service

Non-Telehealth Claims:

- 1. Inpatient hospitals (not applicable for a FP Medicaid beneficiary)
- 2. Outpatient hospital For a FP Medicaid beneficiary, the only surgical procedure or service allowed requiring outpatient beneficiary registration is sterilization.
- 3. Office- (utilizing offices within places of service 11(Office), 19 (Off Campus-Outpatient) or 22 (On Campus- Outpatient)
- 4. Ambulatory Surgical Centers (applicable for a FP Medicaid beneficiary for a sterilization procedure only)
- 5. Federally Qualified Health Center (FQHC)
- 6. Rural Health Clinic (RHC)

Telehealth Claims:

Telehealth claims should be filed with the provider's usual place of service code(s) and not place of service 02 (Telehealth).

#### G. Co-payments

For Medicaid refer to Medicaid State Plan: https://medicaid.ncdhhs.gov/get-involved/nc-health-choice-state-plan

For NCHC refer to NCHC State Plan: <u>https://medicaid.ncdhhs.gov/get-involved/nc-health-choice-state-plan</u>.

#### H. Reimbursement

Provider(s) shall bill their usual and customary charges. For a schedule of rates, refer to: https://medicaid.ncdhhs.gov/

## Attachment B: FP Medicaid (MAFDN-eligible) Billing Requirements:

#### A. Annual Exam

A comprehensive annual examination must be performed for a FP Medicaid beneficiary prior to the rendering of any other family planning and family planning-related services. If emergent or urgent contraceptive services are needed, a beneficiary is allowed limited office visits prior to their annual examination.

A beneficiary who has received a comprehensive annual or physical exam under Medicaid within 365 calendar days prior to transitioning to FP Medicaid has met the annual exam requirement for FP Medicaid and is not required to receive another comprehensive annual exam.

It is the expectation that a beneficiary with Medicaid for Pregnant Women (MPW) coverage shall receive a postpartum exam by the last day of the month in which the 60th postpartum day occurs. A MPW beneficiary who received her postpartum exam within 365 calendar days prior to enrolling in FP Medicaid shall not be required to receive another comprehensive annual exam to begin receiving services under FP Medicaid.

If the beneficiary has not received an annual exam within 365 calendar days under Medicaid or MPW, they are required to receive a comprehensive annual exam under FP Medicaid **prior** to receiving any family planning and family planning-related services.

The Annual Examination Date (AED), containing a valid month, day and year, is required to be documented on **all claims**, with the exception of:

- a. pregnancy tests; and
- b. prescriptions for FDA approved and Medicaid covered contraceptive devices and supplies, postoperative medications for sterilization procedures; and additional sterilization services such as anesthesia, x-rays, electrocardiogram and surgical pathology when provided with a sterilization procedure.

Annual Examination Codes		
99383	99393	
99384	99394	
99385	99395	
99386	99396	
99387	99397	

#### One (1) annual examination is allowed per 365 calendar days

If during an annual exam, the beneficiary requests:

- a. an IUD insertion (CPT procedure code 58300);
- b. an IUD removal (CPT procedure code 58301);
- c. insertion, non-biodegradable drug delivery implant (CPT procedure code 11981);
- d. removal, non-biodegradable drug delivery implant (CPT procedure code 11982);
- e. removal with reinsertion, non-biodegradable drug delivery implant (CPT procedure code 11983);
- f. diaphragm or cervical cap fitting with instructions (CPT procedure code 57170); or

g. or during the annual visit the beneficiary decides to switch from birth control pills to an IUD.

The provider may bill for the annual exam and the applicable CPT procedure code 58300, 58301, 57170, 11981, 11982 or 11983. An appropriate modifier must be submitted with the annual exam procedure code, indicating that the service rendered was a **separately identifiable service provided by the same provider on the same day of service**. The provider's documentation must support that the service rendered was a separately identifiable service provided by the same provider on the same day of service.

If the only reason that the beneficiary is seen in the office is to request the following:

- a. an IUD insertion, an IUD removal);
- b. insertion, non-biodegradable drug delivery implant removal;
- c. non-biodegradable drug delivery implant removal with reinsertion;
- d. non-biodegradable drug delivery implant; or
- e. diaphragm or cervical cap fitting with instructions.

The providers shall not bill a separate inter-periodic office visit. An office visit component is contained in the reimbursement for CPT procedure codes 58300, 58301, 57170, 11981, 11982 and 11983. However, if during the same visit, services are rendered for a separately identifiable service provided by the same provider on the same day of service, the provider may bill for the inter-periodic visit and CPT procedure code 58300, 58301, 57170, 11981, 11982 or 11983. The providers documentation must support that the service rendered was a separately identifiable service.

#### **B.** Inter-Periodic Visits

Six (6) inter-periodic visits are allowed per 365 calendar days. Each in-person or telehealth encounter will count as one of a beneficiary's allotted six inter-periodic visits, per 365 days. The purpose of inter-periodic visits is:

- a. to evaluate the beneficiary's contraceptive needs,
- b. to renew or change the contraceptive prescription,
- c. STI screening and treatment,
- d. HIV screening; and
- e. to provide additional opportunities for counseling as follow-up to the annual exam.

Inter-Periodic Visit

99202	99212	
99203	99213	
99204	99214	
99205	99215	

#### C. Office "Special Services: After Hours" Visits

Refer to Clinical Coverage Policy *1A-38, Special Services: After Hours*, for guidelines related to Office "after hours" visits on the NC Medicaid website at <u>https://medicaid.ncdhhs.gov/</u>.

When billing after-office hours services, providers are required to report an office visit CPT code along with an after-office hours CPT code (99211+99050=1 visit). An FP modifier must be appended to both the office visit code and the office "after hours" code.

Office "after hours" codes are not allowed when the service is provided in a hospital emergency room or department (Refer to Sub section 4.2.2 (b) of this policy).

Office After-Hours Visit
99050
99051
99053

#### **D.** Laboratory Tests

The following laboratory tests are **only allowable for FP Medicaid when performed "in conjunction with" or pursuant to an annual examination**. For the purpose of FP Medicaid "in conjunction with" has been defined as the day of the annual exam or 30 calendar days after the annual exam.

- a. Urinalysis; and
- b. blood count.

Providers are allowed one urinalysis and one blood count procedure code per 365 calendar days in conjunction with an annual examination.

81025	
84702	
84703	

Providers are allowed to bill one Comprehensive Metabolic Panel every six months in conjunction with an annual exam or one of the six (6) inter-periodic visits as indicated prior to prescribing oral contraceptives or for HIV prophylactic medications.

Comprehensive Metabolic Panel	
80053	

**Note**: Providers billing for a venipuncture should follow guidelines outlined in Clinical Policy *IS-3 Laboratory Services*. Medicaid and NCHC shall allow venipuncture specimen collection to the provider who extracted the specimen only when it is sent to an independent laboratory for testing and no testing is done in the office.

#### E. Pharmacy

For a complete list of approved antibiotics and pain medications for FP Medicaid beneficiaries, refer to **Attachment C**.

- 1. FDA approved, and Medicaid-covered pharmaceutical supplies and devices, consisting of oral contraceptive pills, intrauterine devices, implantable contraceptive devices, contraceptive patch, contraceptive ring, emergency contraception and contraceptive injections are covered under FP Medicaid if provided for family planning purposes. The AED is not required on claims for approved contraceptive supplies and devices.
- 2. There is a six (6) prescription limit per month with no override capability for FP Medicaid prescriptions. Providers shall not distribute "brand medically necessary" dispense as written (DAW1) drugs, if a generic is available. All claims must be submitted via Point of Sale (POS) and must have the approved ICD-10-CM diagnosis code.

- 3. Birth control pills can be dispensed through a pharmacy. A beneficiary can receive up to a twelve-month supply of birth control pills. FDA approved contraceptive supplies and devices may also be obtained through a pharmacy for FP Medicaid.
- 4. All approved antibiotic treatment and pain medications must have the appropriate ICD-10-CM diagnosis written on the prescription.

17000	87071	
54050	93000	
56501	93010	
87070	96372	

#### F. HIV Screening and STI Screening and Treatment

Provider(s) are allowed to bill for a total of any combination of six HIV and STI screenings per 365 calendar days. Screenings for HIV and STI can be performed during the annual examination or any of the six inter-periodic visits allowed under the program, after an annual exam has been performed.

#### **HIV Screening**

FP Medicaid allows screening for HIV during the annual examination or during the six inter-periodic visits allowed under the FP Medicaid program. Providers are required to report an appropriate **ICD-10-CM Diagnosis** *for HIV screening* as the secondary diagnosis on the claim.

A beneficiary who meets enrollment requirements for the Ready, Set, PrEP (Pre-Exposure Prophylaxis) program can be referred to participating drug stores or the LHD for interventions in HIV by prophylactic prescription medication.

87391	87806	

#### STI Screening, Diagnostic Testing and Treatment

The FP Medicaid allows STI screenings during the annual examination or during the six interperiodic visits. Providers are required to report an appropriate ICD-10-CM Diagnosis for STI screening as the secondary diagnosis on the claim.

FP Medicaid allows a total of six courses of STI antibiotic treatments from the approved list identified in this policy per 365 calendar days. All approved antibiotics must have the appropriate ICD-10-CM on the prescription. All prescriptions for STI treatment must be filled on the same day. This day is not required to be the same day as the Annual Exam Date (AED). The AED is not required on STI prescriptions.

#### Mycoplasma Genitalium Diagnostic Testing

FP Medicaid allows Mycoplasma Genitalium diagnostic testing for diagnoses of urethritis, cervicitis, and Pelvic Inflammatory Disease (PID) during the annual exam or during the six inter-periodic screenings allowed per 365 days. Providers are required to report an appropriate ICD-10-CM Diagnosis code on the claim.

Mycoplasma Genitalium	
87563	

#### G. Sterilization

Male and female beneficiaries with FP Medicaid are eligible for sterilization procedures. Refer to Clinical Policy *1E-3*, *Sterilization Procedures* on the NC Medicaid website at <u>https://medicaid.ncdhhs.gov/</u> for requirements related to sterilization procedures. Once a beneficiary with FP Medicaid has had a permanent sterilization procedure and the necessary post-surgical follow-up has occurred, the beneficiary is no longer eligible for FP Medicaid program services. If the beneficiary has no need for family planning services, but requires further medical care, the provider shall refer the beneficiary to the local department of social services, health department, federally qualified health center (community health center), or rural health clinic in their county. If one of the above primary care providers is not available in the county where the beneficiary resides, they may seek services in nearby or surrounding counties.

NCHC shall **not cover** sterilization procedures.

#### H. Contraceptive Services, Supplies and Devices

Medicaid covered oral contraceptive pills, intrauterine devices, implantable contraceptive devices, contraceptive patch, contraceptive ring, emergency contraception and contraceptive injections are covered under the FP Medicaid program **if provided for family planning purposes**.

There is no co-payment for beneficiaries in the Family Planning program for Medicaid-covered contraceptive supplies and devices.

All eligible drugs for Family Planning have a family planning indicator on the drug file (including birth control pills, Depo-Provera, contraceptive patch, vaginal contraceptive ring). The dispensing fee is based on traditional Medicaid rules. **There is a six-prescription limit per month with no override capability.** Providers shall not distribute "brand medically necessary" (DAW1 (dispense as written)) drugs, if a generic is available. All claims must be submitted via Point of Sale (POS) and must have the approved ICD-10-CM code.

Post-operative medications are covered for sterilization procedures. All approved post-operative medications must have the appropriate **ICD-10-CM Diagnosis for sterilization** on the prescription.

The AED is not required on FP Medicaid program prescriptions.

#### **Emergency Contraceptives**

Emergency contraceptives are a covered service. The appropriate office visit code may be billed separately.

#### **Birth Control Pills**

Birth control pills may be dispensed through a pharmacy. A beneficiary may receive up to a 12-month supply.

<b>Birth Control Pills provided</b>
by a
Local Health Department
S4993

#### **Diaphragm Fitting**

A FP Medicaid beneficiary can choose a diaphragm as a birth control method.

A provider shall fit the beneficiary and bill using the appropriate CPT code for diaphragm fitting. However, FP Medicaid **does not cover the actual diaphragm device**.

Diaphragm Fitting	
57170	

#### **Injectable Drugs**

Depo-Provera contraceptive injection is a covered service. Use the diagnosis code for contraceptive management.

Injectable Drugs	
J1050	

#### **Intrauterine Devices (IUDs)**

When billing for IUD insertion, CPT code 58300 is used. The CPT code for removal of IUD is 58301.

п	
	IUDs
ſ	J7296
	J7297
	J7298
	J7300
	J7301

#### **Implantable Devices**

FP Medicaid covers Nexplanon implantable contraceptive device.

Implantable Devices	
J7307	

#### Norplant Removal

FP Medicaid covers only the removal of Norplant.

#### I. Ultrasounds

During the annual exam or inter-periodic visit, if the intrauterine contraceptive device (IUD) is malpositioned or the strings are missing, providers may check IUD placement by performing an ultrasound. Health record documentation must indicate the reason that the ultrasound was performed. Ultrasounds are not intended for the purpose of routine checking of placement after IUD insertion. If it is confirmed by ultrasound that an IUD has been expelled, providers may reinsert a replacement IUD without any waiting period.

If it is determined that additional medical care is necessary due to an IUD complication, the provider shall refer the MAFDN eligible beneficiary to the local department of social services, health department, federally qualified health center (community health center), or rural health clinic in their county. If one of the above primary care providers is not available in the county where the beneficiary resides, they may seek services in nearby or surrounding counties.

#### J. FQHC and RHC Billing Instructions for "Be Smart" Family Planning Medicaid Beneficiaries

- a. All FQHC/RHC providers must bill using the non-core taxonomy qualifier.
- b. All FQHC/RHC providers must bill using the UD modifier when billing for 340b purchased drugs.
- c. The core service code T1015 is not allowed with "Be Smart" Family Planning program services. Evaluation and Management and Preventive Service CPT codes as specified in this policy should be billed.
- d. All FQHC's and RHC's must adhere to all applicable North Carolina Medicaid policies and procedures for the "Be Smart" Family Planning program.

**Note:** Family Planning services other than those provided to "Be Smart" (MAFDN) beneficiaries or specifically listed as non-core are billed as core service.

#### K. Miscellaneous Instructions

- a. If a provider discovers that a beneficiary is pregnant or does not have family planning needs, the provider shall refer the beneficiary to the local Department of Social Services (DSS) to determine eligibility that may be available to the beneficiary.
- b. Provider(s) shall include the AED on all claims for an annual examination and laboratory procedures, with the exception of the pregnancy test.
- c. An ICD-10-CM diagnosis related to family planning services must be the primary diagnosis on the claim forms.

## **Attachment C: Approved FP Medicaid STI Medications List**

Medications for the FP Medicaid program are only provided by a prescription through the pharmacy drug program. However, birth control pills can be provided in a Local Health Department. All prescriptions for STI medications must document the appropriate ICD-10-CM code.

For additional information regarding Sexually Transmitted Diseases (STDs), refer to the Center for Disease Control and Prevention website at https://www.cdc.gov/std/.
