NC Medicaid Managed Care
Community Partners: NC Medicaid’s Transition to Managed Care “After Launch”

July 8, 2021
Welcome

Debra Farrington
Chief of Staff, NC Medicaid
North Carolina’s Vision
For NC Medicaid Managed Care

“To improve the health of North Carolinians through an innovative, whole-person centered, and well-coordinated system of care that addresses both the medical and non-medical drivers of health.”
Opportunity for Innovation

NCDHHS leveraged the move to managed care to build an innovative health care delivery system that puts the health of beneficiaries at the forefront.

Features of the program include:

• Establishing a payment structure that rewards better health outcomes
• Integrating physical and behavioral health
• Investing in non-medical interventions aimed at reducing costs and improving the health of Medicaid beneficiaries.
Day 1 Priorities for Managed Care

Individuals get the care they need, and providers get paid.

Additional day 1 priorities include:

• A member’s prescription will be filled by the pharmacist
• Members know their chosen or assigned health plan
• Members have timely access to information and are directed to the right resource
• Health plans have sufficient networks to ensure member choice
• A provider enrolled in Medicaid prior to the launch of NC Medicaid Managed Care will still be enrolled
• Calls made to call centers are answered promptly
Managed Care Enrollment

• Approximately 1.6 million Medicaid beneficiaries enrolled in Standard Plans

• Beneficiaries chose from five Health Plans
  • AmeriHealth Caritas
  • Healthy Blue
  • United HealthCare Community Plan
  • WellCare
  • Carolina Complete Health:
    • Serving regions 3, 4, and 5

• Eastern Band of Cherokee Indians (EBCI) Tribal Option
  • Manages health care for North Carolina’s approximate 4,000 Tribal Medicaid beneficiaries primarily in Cherokee, Graham, Haywood, Jackson, and Swain counties

All health care options, all regions went live on July 1, 2021
Concerns Identified and Steps to Resolve

- Early PCP assignments
- Member ID Cards
- Revised process for prior authorizations for first 60 days after launch
Changing Health Plans & Primary Care Providers

• Members can change their health plan for any reason during the 90-day choice period by calling the Enrollment Broker at 833-870-5500 (TTY: 833-870-5588) or by going to the enrollment website at ncmedicaidplans.gov.
  • The 90-day choice period ends Sept. 30, 2021.

• Members can change their primary care provider (PCP) within 30 days of PCP assignment. After that, members can change their PCP once each year.
  • To change their PCP more than once a year, members must have a special (good cause) reason. For example, if a PCP moves to a different location that is no longer convenient or if a PCP no longer provides the services they need.
  • To change your PCP, contact your health plan directly.
