Dear Ms. Glaze:

The North Carolina Department of Health and Human Services (“DHHS”) writes to request approval for certain waivers under section 1135 of the Social Security Act (the “Act”) as related to the Novel Coronavirus Disease (“COVID-19”) pandemic. As you know, the Secretary of Health and Human Services (the “Secretary”) invoked his authority under section 1135 on March 13, 2020 (the “Secretary’s 1135 Waiver”) in light of the President’s declaration of a national emergency earlier that day, and the Secretary’s prior declaration of a nationwide health emergency on January 31, 2020. The Secretary has authorized a waiver or modification of certain federal requirements pertaining to Medicare, Medicaid, and the Children’s Health Insurance Program (“CHIP”) as necessary to ensure that:

- “[S]ufficient health care items and services are available to meet the needs” of beneficiaries in these programs; and
- Providers may be reimbursed for, and protected against sanctions in connection with, services furnished in good faith during the emergency, notwithstanding their inability to comply certain program requirements as a result of the emergency situation created by COVID-19.¹

Subsequently, CMS issued a series of blanket waivers beginning on March 13, 2020, followed by periodic updates. It also approved on March 23, 2020 and August 28, 2020, a series of waivers requested by DHHS. DHHS and impacted health care providers and suppliers are currently exercising flexibilities granted in these waivers.

This letter serves to request that CMS approve a certain additional waiver described below.

¹ Waiver or Modification of Requirements Under Section 1135 of the Social Security Act, Public Health Emergency, U.S. Dep’t of Health & Human Services (“HHS”) (Mar. 13, 2020), <https://www.phe.gov/emergency/news/healthactions/section1135/Pages/covid19-13March20.aspx>.
