What is NC Medicaid Managed Care?

NC Medicaid Managed Care helps you get the most out of your Medicaid benefits. Instead of one Medicaid program there are many health plans to choose from.

All health plans are required to have the same Medicaid services, such as office visits, blood tests and X-rays. Health plans may also offer added services such as programs to help you quit smoking, eat healthier and have a healthy pregnancy. Health plans work with different doctors and health care providers. Each plan has its own network of qualified doctors and health care providers. To keep your doctor, clinic or other provider, find out which plans they work with. Then choose one of those plans.

What is NC Medicaid Direct?

Some people will be in NC Medicaid Direct because it provides services that meet specific needs. For example, it provides the same services currently covered for developmental disability, mental illness, traumatic brain injury and substance use disorder. To learn more about NC Medicaid Direct, call **1-888-245-0179**.

Is Medicaid eligibility changing?

No. Medicaid eligibility rules are not changing. If you have questions about your eligibility, contact your local Department of Social Services (DSS) office. Find contact information at ncdhhs.gov/localdss.

What is a primary care provider (PCP)?

Your PCP is your family doctor, clinic or health care provider. Your PCP will help you with your health care needs. They will also coordinate your care with other health providers.

What is a health plan?

A health plan is a group of doctors, hospitals and other providers. They work together to give you the health care you need.

Do I have to choose a health plan?

It depends. Most people in NC Medicaid must choose a health plan. Some people can choose to stay in NC Medicaid Direct. They will not need to choose a plan.

To find out if you must enroll, go to [Who must enroll in NC Medicaid Managed Care?](https://ncmedicaidplans.gov/learn/who-must-enroll-nc-medicaid-managed-care) at ncmedicaidplans.gov/learn/who-must-enroll-nc-medicaid-managed-care. Will I lose any services when I enroll?

What is the deadline to enroll?

The deadline for all counties to enroll is December 13, 2019.

What happens after I enroll?

After you enroll, your health plan will mail you information and new Medicaid card. You will use this Medicaid card to get health care services.

Health plan coverage for all counties will be available starting February 1, 2020.

Until your start date, get care and services the way you do now.

Can I change my health plan after I enroll?

Yes. In the first 90 days, you can change your health plan for any reason. After that, unless you have a special reason, you cannot change your health plan until your Medicaid recertification date. Reasons are listed on the Health Plan Change Request form. For a copy of the form, go to [Member resources](https://ncmedicaidplans.gov/member-resources) at ncmedicaidplans.gov/member-resources.

Why can I only visit certain doctors?

Your health plan works with a provider network. A network is a group of doctors, hospitals and other health care providers who have an agreement with a health plan to give members medical care. Each health plan has a network of doctors for regular visits and specialists when you need certain services, like physical therapy.

What if I have a scheduled visit with a doctor who is not in my health plan's network?

Call your health plan. For contact information, go to ncmedicaidplans.gov/choose/compareplans. You can also ask the doctor to join your health plan's network.

What if I have a chronic health condition, standing appointments or an upcoming surgery/procedure?

If you have standing appointments, contact your chosen health plan to ask if they will still be covered. Call your health plan at the number on your Medicaid card. You can also view contact information for the health plans at ncmedicaidplans.gov/choose/compareplans.

How do I choose a health plan?

Choose a plan your primary care provider (PCP) is in. Use these questions to help you choose the best plan for you:

- Do you want to keep your current doctor or clinic? Or do you want a new one?
- Does the health plan have the doctors, hospitals and specialists you use? To find out, go to ncmedicaidplans.gov or use the free NC Medicaid Managed Care mobile app.
