Trial and failure (T/F) of two Preferred drugs are required unless only on Preferred option is listed or a T/F criteria exemption is otherwise indicated.

Not all therapeutic drug classes are included on the PDL. All drugs in the classes not included are considered Preferred. In addition to

T/F criteria, clinical criteria (indicated in RED) may also apply. New to market products typically default to Non-Preferred status until

reviewed by the PDL Panel. These drugs are listed as TO BE REVIEWED. Drugs requiring prior authorization, clinical criteria and prior authorization request forms can be found at:

https://www.nctracks.nc.gov/content/public/providers/pharmacv.html
