ENROLLMENT BROKER NOTICES

A beneficiary's managed care status determines which notice they receive from the Enrollment Broker. Notices include enrollment and health care choice information. All notices are labeled with "NC Medicaid" and instruct beneficiaries to contact the Enrollment Broker with questions.

Beneficiaries may still contact DSS staff with questions. Reviewing the sample notices on the [County Playbook](#) can help address these questions. The format in the sample notices may differ from the actual notices that are mailed to beneficiaries, and titles have been added for your reference (titles will not appear on the actual notices).
