

Non-Emergency Medical Transportation (NEMT)

What is Non-Emergency Medical Transportation (NEMT)

NEMT covers medically-necessary services, such as doctor appointments, pharmacy, dialysis and counseling appointments. NEMT can include personal vehicles, taxis, vans, mini-buses, mountain area transport and public transportation. Accessible rides are available. Anyone under age 18 must travel with an adult. The caregiver can ride at no cost.

Standard Plan and Tailored Plan Members

Schedule rides to medical and mental health appointments by calling your health plan. Your health plan phone number can be found on the back of your NC Medicaid ID card or at ncmedicaidplans.gov/viewhealthplans. You should ask for a ride at least two days before your appointment. NEMT also offers rides for urgent pickups, like leaving the hospital or going to the pharmacy. Advance notice is not required for urgent pickups.

If you need to change or cancel your transportation appointment, call your health plan as soon as possible. If the transportation does not arrive at the scheduled time, contact your health plan to check the location of the driver or to schedule a new ride. If you have changed health plans, you will need to reschedule the appointment with your new plan.

Complaints

If you have a problem with your ride or driver, contact your health plan to file a complaint. You can also contact the NC Medicaid Ombudsman for help by going to ncmedicaidombudsman.org or call **1-877-201-3750**, 8 a.m. to 5 p.m., Monday through Friday. The call is toll free.
