

(Revised) PUBLIC NOTICE (SPA #22-0026)
Transition of 1915(b)(3) Benefits to 1915(i) Authority

The Department of Health and Human Services, Division of Health Benefits hereby provides notice of its intent to transition from the use of 1915(b)(3) authority to cover a set of critical home and community-based services (HCBS) provided by LME/MCOs to Medicaid beneficiaries with significant behavioral health needs, I/DDs, and TBI to 1915(i) authority. With the transition to managed care authorized under a Section 1115 waiver authority, North Carolina must also transition authorities to maintain coverage of these HCBS for individuals enrolled in managed care.

This amendment will allow NCDHHS to implement a developed strategy for the continuation of these services through the federal 1915(i) State Plan option upon launch of the Tailored Plans. This strategy aims to: (1) ensure that beneficiaries do not experience disruption in their covered services upon the launch of Tailored Plans, and (2) improve the service array offered based on feedback from beneficiaries, advocates, providers, LME/MCOs and other stakeholders.

This amendment will become effective July 1, 2023.

The annual estimated state fiscal impact of this change is:

- a. SFY 2024 \$4,196,149
- b. SFY 2025 \$4,488,474
