

Test Your Knowledge Questionnaire

The Test Your Knowledge Questionnaire is used to determine your readiness to participate in the COVID-19 Consumer Direction Lite program option. The Test Your Knowledge Questionnaire will identify areas that you are knowledgeable and areas that you may need additional training to assure your health, safety, and well-being during the public health emergency. The Test Your Knowledge Questionnaire must be completed prior to your Consumer Direction Lite enrollment telephone call with your selected financial management agency. The waiver participant and the legally responsible person, live-in caregiver or non-live-in close kinship relative must complete a Test Your Knowledge Questionnaire and make it available to the financial management agency during your Consumer Direction Lite program enrollment.

1. What are activities of daily living? Place a check (✓) beside all items that you think are activities of daily living.

☐ Eating

☐ Dressing

☐ Dancing

☐ Bathing
